KLAUBER'S, "The Store of Quality." We Give and Redeem Purple Stamps.

CORN OUTLAWED.

Confiscated Corn to Be Carried to Columbia for Destruction.

Columbia, April 26.—Col. E. J. Watson, commissioner of agriculture, stated to-day that he had directed the confiscation of a thousand bushels of rotten corn that had been shipped into this State from the Middle West. Col. Watson stated that this is the worst corn so far confiscated by his department.

Of this amount about 750 bushels were seized in Charleston and the remaining portion in towns along the coast. This will be shipped to Columbia for destruction. The corn was given a thorough test in the laboratories of the agricultural department and was found to be in a terrible condition, 60 per cent. being rotten. Col. Watson expects to make several seizures of corn meal about Monday.

In talking of these seizures Commissioner Watson stated that if buyers would allow his department to inspect the corn before such large shipments are made it would save much loss. He says he hates to confiscate such large quantities of grain, but that when the Western dealers ship bad material into this State it is not right for the merchants to put it out upon the people. The tests will be made by the agricultural department free of charge and the commissioner asks buyers to buy subject to inspection by the agricultural department.

Good Voice Saves His Life.

Sharon, Pa., April 25.—A remarkable baritone voice has saved Vekka Ankrovitch from the hangman's noose, for the board of pardons has recommended to Gov. Tener that he commute the death sentence of the murderer to life imprisonment. When the condemned man was told the news he cried for joy and exclaimed "Thank God."

Then he broke forth into a hymn with such expression that tears were brought to the eyes of Sheriff Martin Grain.

The prisoner's wonderful voice caused many to work in his behalf, including scores of prominent women. Often, unknown to the prisoner, music-lovers visitors were allowed to stand in the jail corridor and listen while Ankrovitch sang one melody after another.

NEW MILEAGE PLAN.

Books Will be Good Only on Road Selling Them.

On and after the first of May the interchangeable mileage books sold by the various railroads of this section, at the rate of two cents per mile, will be good so far as this State is concerned, for only Interstate journeys. That is to say, the inter-changeable book may be used only in passing from South Carolina into another State, or in passing through South Carolina from one State to another. Even then the mileage will not be pulled on trains.

Such is the decision of South Carolina railroad companies in respect to the act of the general assembly of 1912, which requires all railroads in this State, selling mileage books, to receive the coupons on trains, instead of having them exchanged for tickets at the station. This act takes effect on May 1, 1912. To travel within the State of South Carolina on a mileage book at the two-cent rate, travellers must, after the first day of May, purchase a separate mileage book for every railroad over which he travels. For instance, a journey from Charleston to Greenville, on mileage books, would require three separate books, should the traveller elect to go over the Atlantic Coast Line, to Columbia, and thence by Laurens.

Waits Seven Years to File a Suit.

Atlanta, Ga., April 25.—Seven years ago, John W. Nash, then a newsboy of fourteen, stepped from behind "Blind Station" at the Peril street crossing on the South Decatur car line into the path of a speeding trolley and was horribly mangled.

As a result of the accident young Nash lost his left leg.

Since that time Nash, who had made a meagre living selling newspapers in the streets of Atlanta, has waited patiently until he reached his majority to ask the courts for damages from the Georgia Railway and Electric Company.

To-day through his attorneys, young Nash brought suit in superior court for \$30,000, naming the Georgia Railway and Electric Company as defendant.

An election is to be held in Barnwell on Wednesday, May 8th, on the question of issuing bonds to the amount of \$22,000 for the purpose of establishing water works and electric lights.

MINISTER RECOVERS.

Rev. E. A. McDowell, of Darhardt, Awarded Verdict for \$1,000.

Greenville, April 26.—The celebrated case of Hettie Richardson et al. against the Greenville, Spartanburg & Anderson Railway company, a suit for damages in sum of \$35,000 growing out of an automobile-electric car collision at Belton in 1909, in which the Rev. J. H. Richardson and M. J. Cobb, their wives and the Rev. E. A. McDowell and Mrs. Richardson sustained injuries, ended in the United States district court this morning.

Mrs. Hettie Richardson, as administratrix, will be awarded a verdict of \$2,500. This was known as case No. 1. In the case of Mrs. Richardson, for herself, which was known as case No. 2, the railway company was awarded a verdict.

The Rev. E. A. McDowell, of Ehrhardt, Bamberg county, was awarded a verdict for \$1,000. This was the third case. In the fourth case, that of Mrs. J. H. Cobb and W. H. Cobb, as administrators of J. H. Cobb, the verdict was in favor of the defendant corporation.

The case went through three terms of the federal court, twice resulting in a mistrial. The jury this time deliberated for 15 hours.

KILLED BY AUTOMOBILE.

Girl Escapes One Car to Meet Death Under Another.

Starke, Fla., April 25.—Grace Dubose, a 13-year-old girl, was run over and almost instantly killed by an automobile here this afternoon.

She was crossing the street and jumped to one side to escape one car and ran directly in front of another, which struck and fatally injured her, although the driver had thrown on his emergency brake and done all in his power to stop the car.

Whiskey Raid in Greenville.

Greenville, April 25.—Local officers made a big seizure of beer and whiskey yesterday from the Park Driving club, a resort which flourishes just beyond the union passenger station. In all there were seized eight barrels of beer and a wagon load of whiskey in pints. The stuff was hauled through town to the sheriff's office in an open wagon and attracted no little attention.

PLEADS GUILTY TO CHARGE.

Supt. of Orr Mills Fined \$10 for Allowing Children to Work.

Anderson, April 26.—In Magistrate Wilson's court to-day John A. Lyon, superintendent of the Orr cotton mills of this city, entered a plea of guilty to the charge of violating certain sections of the act regulating the employment of children in the factories, and was sentenced to pay a fine of \$10, the minimum fine provided for in such cases.

The charges against Superintendent Lyon were preferred by W. S. Bonner, State factory inspector working under Commissioner Watson. The allegation was that on the 19th of April Superintendent Lyon permitted four children under age to work in the Orr mills.

On the 19th when Inspector Bonner inspected these mills Superintendent Lyon admitted that the children were under age, but explained that he was working them only temporarily. An epidemic of measles existed in the mill village at that time, and Superintendent Lyon found it necessary to press into service the children in question at the spinning frames to avoid closing down machinery in other departments of the mills. As a matter of fact these children were the mill's only help on the afternoon of the 19th and the morning of the 20th.

Magistrate Wilson imposed the minimum fine, \$10, which was paid.

SUICIDE OF RURAL CARRIER.

Mortified Over Losing Part of Mail, Ends His Life.

Lawrenceville, Ga., April 25.—Word came to Lawrenceville about 10 o'clock Tuesday morning that Elder Cole, a rural mail carrier, of Liburn, Ga., had committed suicide by shooting himself with a pistol. It is reported that the carrier while on his trip Monday lost a considerable portion of his mail, which was picked up and returned to him or the postoffice Tuesday morning just before he was to go out on his daily trip.

He was so mortified at the occurrence, it is said, he stepped into an adjoining room, placed the pistol to his head, and fired, death ensuing almost instantly. Mr. Cole, had, previous to his entrance into the government service been a school teacher and was popular in his community.

TILLMAN TAKES STAND.

Will Keep "Hands Off" in the Gubernatorial Fight.

Washington, April 26.—Senator Tillman, of South Carolina, will be "hands off" in the Palmetto State gubernatorial election this year, according to a statement issued by him here to-day. For some time there has been considerable speculation as to whether he would support Judge Ira B. Jones, who left the supreme court bench to oppose Cole L. Blease, now governor, for another term, or would support the governor. Some have said that he was for Jones while others have maintained that he would stand by Blease. All doubt, however, was set at rest when the senator issued the following signed statement:

"My attention has been called to a statement by the newspapers and rumors in some parts of South Carolina, that I have said I would support Gov. Blease for re-election. There are also rumors and statements that I am going to vote for Judge Jones.

"I want to say once for all that I announced early last fall that I would be 'hands off' in the coming fight for governor, and I take this occasion to repeat that statement and to assure the people of South Carolina that if I should see any reason to change my attitude of impartiality between the two candidates, I will announce it over my own signature.

"I beg them to give no heed to any statements, reports, rumors or assertions coming from any source contrary to the above. It is none of my business. The people are perfectly competent to decide what man they want for governor, and I shall leave it to them."

SHOOTING FOLLOWS PLAY.

Chester Butler, Negro Boy, Dangerously Wounds "Brother" Pope.

Aiken, April 25.—Chester Butler, a 15-year-old negro boy, shot and dangerously wounded another negro boy about his age, "Brother" Pope, on A. W. Reynolds's place, five miles from Aiken, Monday. The weapon used was a 22 calibre rifle, the ball entering Pope's right side. Physicians say that he is likely to die from the wound. Butler has been arrested and is now in jail. The negroes had been wrestling and Butler, angered because Pope had thrown him to the ground, it is alleged, jumped up, secured the rifle, and fired.

THE "ONE-HOSS SHAY"
of grandmother's day was a clumsy vehicle, but, almost unbreakable. Our carriages have no weak spots either, but they are models of modern elegance in design and as luxurious as they are safe for my Lady Dainty's ride. It's up to the man to provide a strong, good-looking carriage for his sweetheart or wife. Our repository is full of just such carriages. Let us furnish the rig for your next pleasure or shopping trip.
