

The Bamberg Herald

Thursday, May 22, 1913

SHORT LOCALS.

Brief Items of Interest Throughout the Town and County.

Work on the remodeling of the residence of W. A. Klauber was begun this week. This will be a handsome home when completed.

Fish fries at the river are the most frequent happenings for Bamberg folks. Hardly a day passes but what there is one of these delightful gatherings down there.

The builders of the railroad from Ehrhardt to Bamberg are now making final arrangements for the steel rail, and in a short time the work of track laying will begin. It is hoped to have the road ready for traffic by the opening of the fall season.

We return thanks to Miss Gladys Wilson Johns for an invitation to attend the thirty-fourth annual commencement of Breneau College-Conservatory at Gainesville, Ga., May 23rd to 27th. Miss Johns is a member of the graduating class with the degree of A. B.

Next Monday, May 26th, is the date of the next count in The Herald's contest, at which time \$10 in gold will be given to the contestant making the greatest gain since the last count. Work is what counts, young ladies, and you will have to work if you want to win this special prize, as the votes are piling up rapidly.

We are indebted to our young friend, Harry E. Copeland, for an invitation to attend the fifty-seventh annual commencement exercises of Newberry college, to be held June 8th to 11th. Mr. Copeland and Mr. E. W. Rentz, both of the Ehrhardt section of this county, are members of the graduating class, with the degree of A. B.

It is said that the petitions circulated in this county asking for an election on the question of dispensary or no dispensary have been numerous signed in some sections. Whether enough signatures have been obtained to make the election a certainty is not yet known. These petitions must be in the hands of the county supervisor by the first of June, and if the election is held it will be in August.

Mr. Jones A. Williams has bought the lot next to the residence of Mrs. J. H. Armstrong, and is making preparations to erect a modern ginney thereon. This is the lot on which is situated the swimming pool and fish pond, built there several years ago by the late H. J. Brabham. The lot contains a number of pine trees, as well as ornamental shade trees and shrubbery, and these are being removed to make way for the ginney.

Mr. C. W. Rentz and Dr. O. D. Faust are at work on an old-time fiddlers' convention, to be held in the Carlisle School auditorium the first part of July. Circular letters announcing the convention have been sent out, and it is proposed to make the occasion a big thing for Bamberg. These fiddlers' conventions are held elsewhere, and are great successes, and we feel sure Messrs. Rentz and Faust will make the one to be held here a most enjoyable occasion.

Policeman J. W. Jennings is right on the job when it comes to cleaning up the town. The mayor and the city officials are taking renewed interest in having the entire city put in a sanitary condition and kept so and Mr. Jennings is paying special attention to giving the town a thorough cleaning. Now let's have some rigid ordinances about putting trash and paper in the streets or scattering it on one's premises, and let them be enforced. This will materially lessen the job of cleaning up.

The Herald does not mind booming any public enterprise, but we most seriously object to publishing a lot of free notices for any organization and then have them carry the work there is any money in elsewhere. We have been subjected to a good deal of this sort of treatment in times past, and must state kindly but positively that we will not do so any more. Don't bring us all your free work and then forget all about us when you have something that must be paid for.

The remodeling of the stores of G. A. Ducker & Brother and G. Moye Dickinson have been completed, and A. P. Beard has moved back into the store of Mr. Dickinson, the same one he had been occupying before the remodeling. W. A. Klauber, who had been occupying the larger store of Mr. Dickinson, will move back into it this week. He is now occupying the Hoffman store, next to the post office. A new concrete sidewalk has been built in front of all three stores, and the improvements add materially to the appearance of that side of the street.

DIRECTORY OF TRINITY METHODIST CHURCH.

Preaching every Sunday morning at 11 o'clock.

Preaching every Sunday evening at 7:30 o'clock.

Sunday-school every Sunday afternoon at 4 o'clock.

Mid-week prayer-meeting every Wednesday evening at 7:30 o'clock.

Epworth League every Tuesday evening at 7:30 o'clock.

Everybody is cordially invited to attend these services.

W. H. HODGES, Pastor,
Railroad Avenue,
Bamberg, S. C.

Children's day program was not carried out as expected last Sunday afternoon at the Methodist church on account of protracted services was postponed until next Sunday, May 25, at 4 o'clock p. m.

The Home Mission society held a short meeting after the preaching service Tuesday afternoon. The report of delegate to district meeting was unavoidably postponed till the meeting of the Foreign society two weeks hence.

The State Foreign Missionary society in its annual session re-elected most of its officers. A new editor for the Advocate column was chosen, Mrs. A. E. Wait.

A new thing has come to pass, something that has never been known before in the history of the world. The government of a heathen nation has called on its christian subjects to set apart a day of special prayer for the nation. The command went forth that the government officials meet with the Christians and join in the service. All over Asia and America thousands of hearts went up to God for China in her hour of need.

Last Sunday, May 18th, was set apart as a day of prayer that the Lord of the harvest would thrust forth laborers into his harvest fields. Other far-reaching influence and power of prayer! How slow Christians are to recognize it! The all-power and all-wisdom of the holy God is laid down at our feet. "All is yours." Only claim it. "Ask and ye shall receive."

What does Bamberg need today? Only one thing. That one thing is that those who know God humble themselves before him in prayer asking that the power of the Holy Spirit may come upon the people. When that good day comes all our troubles will be healed. You say we can't have a revival in Bamberg? I am so glad we can't, because if it were to come from anywhere but above it would not be what we need. But God can and when we are ready He will do it.

Doctors Enjoy Fish Fry.

The members of the Medical Society of Bamberg county gave a fish fry at the club house on the banks of the Edisto River last Wednesday. A large number of the physicians of the county were in attendance, as well as many prominent business men of Bamberg.

Dr. A. E. Baker, the distinguished surgeon of Charleston, was the guest of honor. It was his first experience at one of these famous Edisto fish fries, and it was a novelty to him. He enjoyed it immensely and expressed a desire to be present at another soon.

After partaking of a hearty meal of stewed fish, fried fish and red horse bread, speeches were made by Drs. Baker, Sibert and Black and Col. J. R. Owens.

Dr. Brown and Col. Owens were awarded belts for being the champion fish eaters, having outdistanced Dr. J. B. Black, who has been considered the champion heretofore. Dr. J. J. Cleckley was the master of ceremonies, and he did his part handsomely.

The day was delightfully spent by the doctors, all of whom agreed that the time of parting came far too soon.

Report Favorably on Woods.

Washington, May 19.—A favorable report was made to the Senate today by the judiciary committee on the President's nomination of Justice C. A. Woods, of the South Carolina Supreme Court, to succeed Senator Nathan Goff on the 4th judicial circuit bench. The committee found nothing worthy of its attention in the charges made by John T. Duncan, of Columbia, against Judge Woods, and there is no doubt of the latter's confirmation.

The hot, dry weather continues, and the farmers are complaining of poor stands of cotton and unfavorable conditions generally. But it was dry this way two years ago, when the largest cotton crop in the history of the county was made.

Mrs. Brooker Entertains.

Last Friday morning, the 16th, Mrs. C. J. S. Brooker was at home to a number of her friends in honor of Miss Lallah Wyman, of Aiken, who was visiting in the city. The handsome and spacious rooms of the Mayflower Inn were decorated with roses and other cut flowers. Mrs. Brooker was assisted in receiving by Mrs. J. R. Owens.

Rook was played, and during the progress of the game a wine course was served. At the conclusion of the game a salad and sweet course was served. Miss Wyman received the first prize as the guest of honor, and Mrs. Elise Walker received the consolation prize. All present seemed to thoroughly enjoy themselves and thought the morning passed all too quickly.

School Picnic.

Olar, May 20.—One of the most enjoyable events of the season was a delightful picnic on last Friday, May 16th, in the pretty grove at the hospitable home of Mr. and Mrs. G. E. Kearse. Although this was a school affair—White Point school having just closed and receiving this honor—it was a real pleasure of the entire community.

At an early hour a goodly number of bright faces appeared on the grounds, and such intermingling of happy smiles and cheering words of the old and young were inspiring, and should prove an uplift spiritually as well as socially.

We had with us an old friend, whose noble example of so cheerfully and beautifully bearing affliction, should cause deep thought and give encouragement to any despondent nature.

After a few hours came a very important part of the day when a perfect feast of substantial, dainties and ices was so generously served and heartily partaken.

The afternoon seemed to take wings, so rapidly did time fly, and the much-appreciated old style banjo music and many innocent games of ancient and modern custom were sadly interrupted by the unwelcomed hour of departure.

To our popular and efficient teacher, Miss Mary Mace, of Marion, much praise is due. We have appreciated her efforts and regret having to lose her. May she spend a happy vacation and we hope to again enjoy the sunshine of her presence.

AMICUS.

Commencement Exercises.

Commencement exercises of the Bamberg graded and high school:

Sunday at the Baptist church at 11 a. m., baccalaureate sermon by the Rev. John H. Graves, Latta, S. C. Music by high school chorus, assisted by Rentz's orchestra.

Monday evening at the graded school auditorium at 8:15 p. m., graduating address by Rev. Emmet Gribben, Grace Episcopal church, Charleston, S. C. Music by high school chorus, assisted by pupils of the music department.

The public is cordially invited.

McMillan to Rock Hill.

Mr. H. W. McMillan, for the past several years in charge of the Southern Railway's local freight agency, has been moved to Rock Hill. This comes as a distinct promotion for Mr. McMillan and is one that his services in Aiken merited. Mr. McMillan's successor is Mr. J. T. Payne, of Denmark, S. C.—Aiken Journal and Review.

KILLS TWO AND SHOTS SELF.

Negro Bootblack Does Deadly Work With Pistol.

Fort Worth, Tex., May 15.—Tommy Lee, a negro bootblack, today shot and killed Patrolman Ogiltrie, a veteran of the local police force; Walter Moore, a negro, and shot and severely wounded David Colton and Harold Murdock and an unknown negro. He then crawled into a sewer, while pursued by a mob of 2,000 people and shot himself. He will die.

The trouble started when Lee fired upon an unknown negro with whom he had quarrelled. This shot excited him and he ran to a negro pool hall and killed Moore. The policeman was shot and killed when he attempted to arrest Lee. He ran through the streets firing at those who tried to stop him, when Murdock and Colton were shot and injured.

Base Ball Game.

A most interesting game of base ball took place at Rhoad's Park in this city Tuesday afternoon of this week between the teams of Carlisle School and Holly Hill. The Carlisle boys have not suffered a single defeat on their own grounds this season, but they came perilously near losing the game Tuesday to the Holly Hill boys, as this was one of the strongest teams they have been up against. It took ten innings to decide the contest, and Carlisle was finally the victor by a score of seven to six. This will probably wind up the season for Carlisle, as commencement soon takes place.

Who Wants \$10 in Gold.

The next count in The Herald's piano contest will be made Monday afternoon, May 26th, when \$10 in gold will be awarded to the contestant who has made the most progress since the last count.

A little energy displayed between now and the 26th may land a new contestant ahead. Work for it, and remember every vote counts for the piano and the auxiliary prizes.

Any contestant has a good chance to win the instrument, as no matter what her standing was at the last count, a few thousand votes will put her at the head of the list. Some consistent work getting new subscriptions for The Herald and soliciting her friends to save for her the merchants coupons is the way to get results, and results is what every contestant is after in this contest.

Remember, also, that the special bonuses will still be in effect. Here they are:

For every 7 new one year subscriptions 10,000 extra bonus votes, making a total of 14,200 votes.

For every 7 one year renewal subscriptions 8,000 extra bonus votes, making a total of 11,500.

One five year paid up subscription and two yearly paid up subscriptions we will credit the candidate with the 10,000 bonus votes, or any combination of paid up new, or renewal subscriptions, for more than one year, totaling seven subscriptions, will entitle the candidate to the 10,000 bonus vote.

Five, ten and twenty year subscriptions are in themselves a bonus and cannot be counted in the group of seven at more than the value of five, ten or twenty single subscriptions.

For every 40 merchants' coupons brought to this office and counted by the publisher or his assistants, a bonus of 1,000 extra votes will be given, a total of 2,000 in all.

These coupons may be collected from any and all merchants who are in the contest.

Peoples Drug Co.,
J. A. Murdaugh,
J. D. Copeland,
W. D. Rhoad,
A. Rice,
Mrs. A. McB. Speaks & Co.,
C. R. Brabham's Sons,
The Millinery Store,
Rentz & Felder,
The Bamberg Pharmacy,
E. A. Hooton's Ladies Store.

It is a big thing to receive a piano for a little work and it behooves any girl in the neighborhood to make a try for the prizes.

The piano is still within reach of anyone who will spend a little time in soliciting new subscriptions to The Herald and having their friends deal at the coupon stores.

SHERIFF DOZIER KILLS NEGRO.

Claimed Joe Gainey Drew Gun on Officer Who Went to Arrest Him.

Marion, May 18.—Sheriff J. McRoy Dozier, of this county, killed a negro, Joe Gainey, at Pee-Dee Junction this morning about 9 o'clock while attempting to place him under arrest. Sheriff Dozier went over to Pee Dee this morning in response to a telegram from a citizen of that place, who reported to the sheriff that the negro Gainey had severely beaten his wife last night.

On reaching the negro's house in the negro quarters of the large saw mill the sheriff found that Gainey was not at home, but while standing on the porch of the house talking to the woman who had been beaten up, he saw Gainey approaching.

On Gainey's reaching the porch sheriff Dozier asked him what the trouble was and the negro said that he simply could not live with her. He seemed in good humor, but on stepping up on the porch the sheriff saw him reach for his gun. On his guard, Mr. Dozier met the onslaught of the negro who caught the sheriff by the left arm. The two fell together and rolled about the floor.

It is not known who fired the first shot, but in a few moments Sheriff Dozier, it is said, realized that his life was in imminent danger and he fired two shots at the negro, both taking effect, one in the side of the forehead and the other in the abdomen. The negro fired at close range at the sheriff, the bullet passing through the front of his coat and scorching the skin of his chest. It was a very close call and Mr. Dozier's friends here are rejoicing over his escape.

The pistol which the negro used is a terrible weapon, being a long rangy forty-four calibre. The sheriff reached his home at 10.30 o'clock, leaving the body of the negro where it fell. Pee-Dee Junction is considered a lawless community so far as the negro element is concerned, and the officers of the law have always had trouble there. Sheriff Dozier has only been in office a few months, but he has proven himself on all occasions to be a fearless and efficient officer.

Everybody should begin to talk up the fiddlers' convention, for it can be made a great thing for Bamberg.

Comparative Digestibility of Food

Made with different Baking Powders

From a Series of Elaborate Chemical Tests:

An equal quantity of bread (biscuit) was made with each of three different kinds of baking powder—cream of tartar, phosphate, and alum—and submitted separately to the action of the digestive fluid, each for the same length of time.

The relative percentage of the food digested is shown as follows:

Bread made with Royal Cream of Tartar Powder:

100 Per Cent. Digested

Bread made with phosphate powder:

68 1/4 Per Cent. Digested

Bread made with alum powder:

67 3/4 Per Cent. Digested

These tests, which are absolutely reliable and unprejudiced, make plain a fact of great importance to everyone: Food raised with Royal, a cream of tartar Baking Powder, is shown to be entirely digestible, while the alum and phosphate powders are found to largely retard the digestion of the food made from them.

Undigested food is not only wasted food, but it is the source of very many bodily ailments.

Clear Pond School Closing.

Ehrhardt, May 20.—Within a few miles of this town there is a spring of clear water covering an area of about fifty square acres. It has neither inlet nor outlet, and its waters teem with fish. Its shores are bordered, not by a morass, as usually maintains, but by beautiful shade trees that grow in the glistening sand. This spring is known all over this county as Clear Pond, and during the summer months is the scene of many an outing for the people of the surrounding towns, and here the country folk do often gather for fish fries and picnics.

Near far from the shores of this beautiful lake is a public school building, known as the Clear Pond school house. It is a model of its kind, being perhaps the best country school house in the county. It was the privilege of the writer to attend the closing exercises of this school which occurred last Saturday afternoon, and to witness the execution of a splendid commencement program. There were motion songs, dialogues, recitations, declamations, music, and one essay. The children showed splendid training, reflecting much credit upon their excellent teacher, Miss Emily Eichelberger.

There was one graduate in the grammar school, Miss Mamie Morris, who read a well prepared essay.

The medal for the best attendance was won by little Ruth Morris, who had not missed a day during the entire session. This medal was delivered by the Rev. E. A. McDowell, with a few appropriate remarks. The Clear Pond string band furnished music for the occasion, and added greatly to its enjoyment. At the close of the exercises, the patrons and friends in attendance were invited to the grove, where they were gratuitously served with ice cream and cake.

Miss Eichelberger has accomplished a splendid work in this community, and we hope to see her back at the beginning of the next session.

The building, its equipment, and the excellent work being done reflect credit upon the trustees and patrons of this school.

New Postoffice Building.

At last a lease proposition for a new post office building has been put in such shape that it is confidently believed it will be accepted by the government, and it is hoped that before many months Bamberg will have as fine post office building and equipment as any town its size anywhere. The specifications call for 260 lock boxes of the latest pattern, and it is proposed to have these combination boxes. All call boxes will be done away with, and there will be sufficient windows in the new equipment to transact the business of the office with dispatch. Now there is often a congestion at the post office during rush hours because there are not enough windows to serve the public promptly.

Miss Bessie Davis Surrenders.

Edgefield, May 20.—Miss Bessie Davis, who is held for the killing of Price Ripley, surrendered yesterday and is now in jail. She declares that the killing was purely accidental and that there was no enmity between her and the deceased; on the contrary, that they were engaged and were to have been married in two weeks.

She has employed counsel and will apply for bail at once.

SPECIAL NOTICES.

Advertisements Under This Head 25c. For 25 Words or Less.

Go to J. A. Hunter's hardware store to get your hardware.

For Sale.—Twenty-five share of oil mill stock. JONES A. WILLIAMS, Bamberg, S. C.

For Sale.—A few Duroc Jersey pigs. \$5.00 each. J. M. GRIMES, Bamberg, S. C.

THE BAMBERG PHARMACY DESERVES PRAISE.

The Bamberg Pharmacy deserves praise from Bamberg people for introducing here the simple buckthorn, bark and glycerine mixture, known as Adler-i-ka. This simple German remedy first became famous by curing appendicitis and it has now been discovered that JUST A SINGLE DOSE relieves sour stomach, gas on the stomach and constipation INSTANTLY. It's quick action is a big surprise to people.

No. Six-Sixty-Six

This is a prescription prepared especially for MALARIA or CHILLS & FEVER. Five or six doses will break any case, and if taken then as a tonic the Fever will not return. It acts on the liver better than Calomel and does not gripe or sicken. 25c
