

# Hooton's Ladies Store and Millinery Parlor NOW IS THE TIME AND HOOTON'S THE PLACE

At this season of the year at most places the stocks are so badly broken that you can scarcely find what you want. At Hooton's you will always find the stock full and complete at all seasons. We do not expect to sell you, or show you things now that we were showing a month ago, for they are not here, but if you want the very latest in Millinery, Suits and Dress Accessories for girls and ladies, come and let us show you and convince you that we do not let the stock run down in any of the departments, but show the newest to be had at all times

## Millinery Department

This department is filled with all the newest and latest to be had. We have received from one to three shipments a week since the season opened, and new goods continue to arrive every other day. As fast as anything is out our representatives send them in, therefore if you don't find what you want after visiting the surrounding towns and cities, don't be discouraged, but come to Hooton's Millinery Department, and if Miss Rutledge cannot show you something to please you, we had rather not have the business, for satisfied customers are what we want. If you are not out, join the crowd. If its a Hat of any kind, Hooton has it. Come and look is all we ask. We shall expect you and your daughters

## Dry Goods and Suit Department

Have you been, if not come and see what is new in Suits, Coats, and Dress Goods. We are showing the most complete line of Suits and Coats to be seen outside of the large cities. If you wish to save time, trouble and money, come and let us fit you in a Suit or Coat. The only difference in our Suits and Coats and those shown in the cities is the price. We have very few Suits that we were showing early, but nearly every one is a new material and a new style. We want you to see what we have before you buy, so you will see what you are losing by not shopping at Hooton's. We have the goods, the prices, and most of the customers, but we want you on our list of satisfied customers. We have many new things in Silks and Dress Goods which we invite you to come and see. If we cannot suit you we do not want your business, but we think we will suit you. We appreciate you sending your friends, but we want you to come also

The bank statements published this week show that there is considerable money on deposit in the banks of this county.

### FATAL AUTOMOBILE ACCIDENT.

#### Wagon Tongue Pierces Radiator and Skull of Driver.

Macon, Ga., Oct. 24.—Ivy Starbuck, 30 years old, farmer, merchant and owner of a garage at Perry, was instantly killed to-night when he drove his automobile head-on into a wagon occupied by three negroes, just outside the city limits of Macon. The wagon tongue pierced the radiator of the automobile and penetrated the skull of Starbuck, so that he was killed in his seat.

J. O. Watson, 15 years old, a son of the deputy sheriff of Houston county, riding with Starbuck, was badly injured, as were the three negroes, all of whom were taken to the Macon hospital.

Starbuck and the Watson youth were on their way to the State Fair to take-in to-night's performance of a circus at the time of the accident. There is a sharp bend in the road at the point where the accident occurred, and they did not see the mule team driven by the negroes until it was too late to stop the car.

Coroner Young found the automobile and wagon demolished. The mules have not yet been found, having been cut loose from the wagon by the crash.

#### Charleston Man Injured.

Columbia, October 29.—C. Smith, of Charleston, had his leg broken today when the motorcycle he was riding collided with an auto truck and threw him to the ground. As he was being carried to the hospital he said that his wife had warned him not come here and ride in the motorcycle races, fearing he would be injured. He expressed regret that he would never walk again after his injury, while being carried to the infirmary. C. Smith is said to live at No. 5 Liberty street.

The man who is growing field peas and can save them for seed is fortunate. The indications are that they will be scarce and high-priced next summer. The pea crop is too valuable to be allowed to go to waste.—Progressive Farmer.

Where potatoes have not been harvested, they should be gotten in at once. Handle carefully and be sure to carefully sort out all bruised or cut ones and put them in some place to feed to hogs or to be disposed of in some other way before they rot.—Progressive Farmer.

### MAILS MOVING UNDER GUARD.

#### No Delay Says New York Postmaster. Status of Strike.

New York, October 28.—Guarded by policemen and Federal secret service men, the United States mails to-night were being moved about the city on normal schedules that had been interrupted for nearly twenty-four hours by 12½ striking mail truck drivers.

Postmaster Morgan said there was no delay in transportation between postoffices and railway and steamship terminals. Strikers and sympathizers to-day attacked several trucks. In Eighth avenue they set fire to a truck, but the driver and the policemen on the truck put out the flames.

Among those arrested was Patrick Johnson, who said he was vice president of the local branch of the Chauffeurs' Union that is conducting the strike. Johnson and other prisoners were held by a United States commissioner on a charge of interfering with the transportation of the mails.

Officers of the Postal Transfer Service Company, which has the contract to carry mails, said to-night that the men's demands, including union recognition, would not be granted.

### MOTORCYCLIST LOSES LEG.

#### Ben Heyward, Jr., Suffers Frightful Accident in Columbia.

Columbia, Oct. 29.—While making a preliminary try-out of his motorcycle on the race track grounds this afternoon, Ben Heyward, Jr., of Rion, ran into the scrapper, tore off his right knee cap, mashed up his arm and bruised himself severely. His leg was said to have been left hanging only by a thread, and was amputated when he was taken to a local hospital. His condition is critical.

### Many Workers Killed in 1912.

New York, Oct. 25.—Last year 2,035,000 builders, masons, carpenters, ironworkers, bricklayers and other trades men were killed or injured in pursuing their trades. In money this means a loss to the industrial world of the great sum of \$250,000,000. Statistics show that a workman is killed every fifteen minutes of the day and every sixteen seconds ticked off the clock a mechanic is maimed, many times so severely that his use to his work is at an end.

### THREE CHARGED WITH ARSON.

#### Storekeeper, Clerk and Wife Lodged in Lancaster Jail.

Lancaster, October 28.—Fire last night, which originated in J. E. Walters & Co.'s store on Factory Hill, destroyed the store, a barn across the street belonging to Henry Plyler and one dwelling of the Lancaster Cotton Mills. The fire was outside the limits and had it not been for the valiant work of a bucket brigade a number of tenant houses would have been destroyed.

Investigation as to the origin of the fire by the local police officials disclosed, it is alleged, that the building had been set on fire by Hugh Taylor, a clerk in the store of Walters & Co. Taylor was immediately arrested and, according to the authorities, made a full confession to-day, stating, it is further alleged, that Walters offered him \$25 to burn it and that Walters had fired a trash barrel Saturday night with the intention of setting the store on fire, but that he (Taylor) went back and put it out.

Late this afternoon Walters and his wife were lodged in jail, charged as accessories. Walters had \$1,500 insurance on his stock, which was a total loss. The buildings were insured for about half their value, it is said.

### Charged With Taking \$55,000.

New York, October 29.—John C. Schildnecht, the twenty-year-old former cashier for the Washburn-Crosby Flour Company, was arrested to-day, charged with having diverted \$55,000 of the funds of the firm to his own use. He will be arraigned on the charge to-morrow. Schildnecht, according to the story he told operatives for a detective agency, who detained him at a Brooklyn boarding house last night, recently returned as a stowaway from South America, where he fled when the story of his speculations became public.

### The Cotton Market.

Cotton is selling in Bamberg today (Thursday) for 13¼ cents the pound. Receipts for the season are 8,550 bales.

Mr. J. F. Kilgus told us a few days ago that the reports received by him of the scholarship standing of his son, Charlie, at the Citadel this year were very good. Charlie is a bright boy and we expect to see him graduate there with honor.

## THE RIGHT KIND

Are those that you want, and that is what we have. Our Horses and Mules were bought to do any and all kinds of work, so if you need one, come to our stables, we can please you. We also have a large line of Buggies, Harness, Lap Robes, Whips, Etc., at prices that will please you. We sell on terms to suit the purchaser.....

## JONES BROS.
