MILLINERY DEPARTMENT

This department is crowded with many new things, the very things you will need for commencement Sunday, and the evening exercises of such an occasion. We have every shape that is even considered new, in medium and large, and we have the trimmings that will give these shapes just the appearance you will want them to have. Among the many new things we are showing in this department, which have arrived since you were here last you will find:

- Mid-Summer Shapes, in any wanted quality. Something different from the early shapes.
- Mid-Summer Frames—With just a little different turn to those you have seen. Have your summer hat made on one of these.
- Panamas—These we have in large, medium and small. If it's a Panama, see our line.
- Milans—These we have in the new medium and large shapes, just a little larger than those we were showing early.
- Hemps and Chips—These we have in all that is considered new at this time, so come and let us show you the new things.
- Chiffons, Malines and Nets—In all the wanted shades, for any purpose.
- Ribbons—We have at this time the largest and most complete assortment we have ever shown, in plain and fancy, satin and taffeta. If you need ribbon for any purpose come to see us.
- Girdles—If you prefer one ready to wear, we have them. Come let us show you.

We want your business, we need your business, and if goods, service and price count for anything, we intend to have your business.

Tomato Blight.

Blight attacks the leaves and tender shoots of the plant. Use Bordeaux mixture as a spray, making the first application when plants are six to eight inches high, as a preventive. It is also good for tomato rot. Add arsenate of lead, 1 pound to 50 gallons of water, mixed with spray for killing the worms.

Bordeaux mixture for each spraying: Copper sulphate ("blue-stone"), 1 pound; quick lime, 1 pound; water, 10 gallons. Put 5 gallons of water in a wooden tub, tie the blue-stone in a coarse sack and hang in water. It will dissolve more quickly in hot water. Do not use a metal vessel. Mix lime thoroughly in the other 5 gallons of water. Have lime solution in one vessel and the blue-stone in another; have ready a third tub into which pour the two solutions, stirring constantly. Always stir before using and to be of value, spraying must be done thoroughly.

MRS. B. W. FAUST,
Agt. Home Dem. Work.

To Prove She Could.

Astounded Mother—Why, Tottie, you never told me you had invited so many children to this party!

Small Hostess—That's cause you said that I could never keep a secret.—Life.

Second Division Union.

The union meeting of the Second division met with the Baptist church at Olar on Saturday, April 29. The appointee, Rev. D. T. Tedder, preached the introductory sermon, after which the delegates were enrolled.

The first topic—"Is it a proper thing for churches to make their meeting places and services attractive and how can it be done?"—was opened by Rev. W. L. Hays, followed by Rev. D. T. Tedder.

The second topic—"Are our churches and pastors careful to study the times in which we live, and do we strive to serve our Lord according to present needs and demands?"—was opened by Dr. J. R. McCormack, followed by Rev. D. T. Tedder, Bros. S. B. Black and J. L. Proveaux.

The union then adjourned for dinner, which was plentiful, well prepared and gracefully served.

After the union had reassembled there was a prayer and song service led by Bro. J. M. Grubbs and Miss Lillie Proveaux.

The third topic—"The qualifications and duties of deacons"—was opened by Bro. J. M. Grubbs, followed by Bro. W. H. Hutto and Rev. W. L. Hays.

The fourth topic—"What should be the attitude of a church toward a member who does not give of his means to the Lord's cause nor attend church?"—was opened by Rev. D. T. Tedder, followed by Rev. W. L. Hays.

The committee on services for Sunday then reported, followed by prayer and song service at 11 o'clock, conducted by Bro. J. O. Sanders and Miss Effie McCormack. Missionary sermon at 11:30 by Rev. W. L. Hays. Committee on time and place reported next meeting to be at Denmark Baptist church.

Collections Saturday and Sunday were for home missions, amounting to \$9.42.

Reasons for Strictness.

"No," exclaimed the eloquent orator at the meeting of the Society for the Suppression of Other People's Foolish Habits, "no, indeed; at my establishment we will not employ a man who smokes at his work."

As the hum of approval went round, a curious person in the rear of the hall arose and inquired: "May I ask what kind of business you follow, sir?"

"Well," was the slightly embarrassed reply, "I'm in a gunpowder magazine."

SYNOPSIS

On Windward island Palidori intrigues Mrs. Golden into an appearance of evil, which causes Golden to capture and torment the Italian by branding his face and crushing his hand. Palidori opens the dyke gates and in the general rush to escape the flood kidnaps Golden's six-year-old daughter, Margory. Twelve years later in New York a Masked One calling himself "the Hammer of God" rescues an eighteen-year-old girl from the cadet Casavanti, to whom Jules Legar has delivered her, and takes her to the home of Enoch Golden, millionaire, whence she is captured by Legar. Legar and Stein are discovered by Manly, Golden's secretary, setting fire to Golden's buildings, but escape. Margory's mother fruitlessly implores Enoch Golden to find their daughter. The Masked One again takes Margory away from Legar.
