Cook Selling Whiskey.
 Saturday afternoon a negro cook on the Seaboard Air Line railway was arrested at Denmark charged with selling whiskey. He was tried by the town authorities of Denmark and sentenced to serve sixty days on the gang. At the expiration of his sentence, he will be tried in the circuit court on the same charge. It is alleged that the negro, who was a cook in a dining car on the Seaboard, would sell whiskey at stations when the train stopped; and his business came to be so well known that a crowd of negroes would congregate at stations to await the arrival of the train to "get theirs."

Doubtful Case.
 The Judge's 5-year-old son, John, had been naughty when his parents were having company and had been reprimanded. That night when his mother went up to hear John say his prayers, she suggested that he ask God to teach his parents how to bring him up properly.
 John was quite penitent and prayed humbly: "Please, God, teach mother how to make me a good boy." He paused for a moment, then added very thoughtfully, "And, father, too, if you can do anything with him."—Washington Times.

His Case.
 "You look sad, old man."
 "Um."
 "I know it's depressing to have your wife go away."
 "She ain't going."—Life.

CARLISLE SCHOOL REMEMBERED

Gift From Mrs. Adelle J. Brabham is Announced.
 Headmaster Guilds, of Carlisle school states that he received on Monday a check from Mrs. Adelle J. Brabham, of Allendale, for \$100.00 to be used in helping to defray the expense of remodeling and furnishing the H. J. Brabham hall. Mrs. Brabham is well known in Bamberg, having lived here during the life of her late husband, Mr. H. J. Brabham. Mr. Brabham was for years a member of the board of control of the Carlisle school and one of the truest and best friends the school had. The board of control named the building which has just been remodeled in his honor.
 The amount Mrs. Brabham has contributed will very probably be used in furnishing the lobby at Brabham hall. Two mantels, a large table, and about a dozen heavy chairs will be purchased.
Other Things Needed.
 Mr. Guilds says that there are several other gifts of a smaller nature that would improve very much the comfort and appearance of the school, and that it may be some friend of the school would be glad to contribute to these things if they really knew of them.
 One of the most pressing needs is a set of dining room silver. The Carlisle dining room is used several times a year as a banquet hall by different organizations of the town. Those who have helped arrange for these know what difficulty there is in finding enough of the proper silver for the tables. Now, when it is remembered, that one hundred and twelve people sit in the dining room three times a day it is readily seen that this silver is a real need.
 Another need, not as pressing but highly desirable, is a set of mission chairs for the dining room to match the finish and trimmings of the hall.
 Another is a reading stand and a half dozen appropriate chairs for the platform in the school auditorium.

One Hundred and Three Boarders.
 "We are glad to say to our friends throughout the State that the Carlisle school has enjoyed the largest opening in her history," said Headmaster J. C. Guilds. "We are grateful to those who have helped us in securing the splendid enrollment. The young people who have come impress us as being more than ordinar-

ly earnest and serious minded.
 "To date one hundred and three have enrolled in the boarding department, twenty more than we have had at any one time in the past. In addition to those we have about twenty-five who come in from the town as day pupils. Twenty-eight counties, representing every section of the State, are represented on the campus: Bamberg, Barnwell, Berkeley, Calhoun, Clarendon, Chester, Chesterfield, Colleton, Dillon, Dorchester, Fairfield, Florence, Georgetown, Greenwood, Hampton, Kershaw, Horry, Lee, Lancaster, Lexington, Marion, Marlboro, Orangeburg, Saluda, Spartanburg, Sumter, Williamsburg.

"Our good friend Rev. Achille Sassard, of Olar, has the banner this year for the largest number of students from any pastoral charge. It made our hearts glad on the opening morning when four automobiles, headed by Mr. Sassard, and some of them decorated with Carlisle pennants, drove up to the campus with eleven young people. Mr. Sassard simply got in his 'John Henry' and went to see every parent in his charge who had a boy or girl who ought to be in school. The above results followed and who can say but that it was the greatest piece of work he has done during his ministry? The possibilities are unlimited!
 "Our work along all lines is starting off in a way that pleases us. We believe we are beginning our greatest year."

Football at Carlisle.
 Football has started on its third year at Carlisle, and the management expects it to be the best year of the game that the school has yet had, notwithstanding the fact that the first game was lost to B. M. I., at Greenwood. This game was played without the team having had the lightest sort of scrimmage with an outside team. Denmark promised to give us a game, but failed to show up at the last minute. There are no high school teams near enough to give us any practice games, making it hard for the boys to go up against more experienced teams.
 The material we have—and it is the best we have ever had—is being rounded into one of the fastest teams in this section of the State.
 Capt. Lenoir, our veteran end and quarter, has no superior at either position in any "prep" school in the State. He is small but fast, and knows the game from start to finish.

"Big" Hough, at full, is there when it comes to skirting the ends and making passes. Luther, the Columbia High school lad, has just come to us. He showed up well in the game at Greenwood, playing right half. Sistrunk is always full of "gas," but usually has plenty of "get-there." Austin Moore promises to be among those who will share the honors before the season is over. All of the boys are sticking to the game unusually well, considering the hot weather we are having now.
 The next game of the season is with Savannah high school, at Savannah, next Saturday, the 21st. The Richmond Academy team of Augusta will play here the 27th. This will be our first game on Rhoad Park this fall, and promises to be a good one. The Augusta team plays the leading high and prep school teams of this State and Georgia. This year they have games scheduled with B. M. I., Porter, Savannah high, Carolina freshmen, and a number of others.
 On the 1st of November we play the Carolina freshmen in Columbia. On the 8th we play P. M. A. at the Southern Carolina Fair, at Walterboro. P. M. A. comes here for a second game on the 17th of November. The season will close with a game with the Florence high school on Rhoad Park Thanksgiving day.
 No institution nor organization can live without proper support. Football is in its infancy here in Bamberg, and being the clean and manly game it is, deserves the support of every lover of athletics in the county. Our attendance is splendid at baseball games; and we believe that once football gets well under way here we will have no deficit to make up in our athletic department.—Contributed.
