Carlisle School Notes.

Carlisle opened doors after a vacation of ten days on Wednesday, January 3. The year has started off with a spirit of work pervading the atmosphere. It took the students an unusually short time to get started back to work. Everything is now running as though there had been no holidays.

Quite a number of new students have enrolled for the coming term. Although some students did not return their places have been filled by others and the school is nearly filled to its capacity.

As spring draws nearer there is a great deal of talk concerning the prospects of a good baseball team. Last year Carlisle had an unusually strong team, winning nearly every game. The prospects for a good team are exceedingly bright this year and the manager, Prof. W. C. Duncan, will be glad to arrange for games with any good high school or preparatory school team.

Mr. and Mrs.' Bissell Beach have been visiting Mrs. J. J. Beach during the past week. Mrs. Bissell Beach was at one time an instructor in the primary department here.
