The Bamberg Herald

ESTABLISHED APRIL, 1891.

Thursday, March 1, 1917.

It is almost clear that it will no be possible for the United States to prevent being embroiled in the war. The breaking point has almost been reached, and announcement of a state of war between the United States and Germany may be expected at any time. The United States gov ernment has done everything possible, it appears to us, to keep out of all-both children and grown-ups. this war; in fact, this country has suffered indignities throughout this struggle that our forefathers would public schools to their utmost efhave long ago resented more substantially than by notes of protest. Very few persons in this country want war, but if it is forced upon us, we have no alternative than to fight to a finish; and we hope that this finish will be both complete and early.

In the eagerness of the South Car olina prohibition advocates to secure State legislation; it appears that liquor has been legislated into the State, instead of out of it, by the quart-a-month measure. In the opinion of some of the leading prohibitionists the clause of the South Carolina act providing that a quart a month may be secured on affidavit that it is to be used for medicinal purposes will cause the Reed amendment to the postal appropriation bill to be inoperative in this State. The section of the Reed amendment referring to this phase of the liquor matter is as follows:

Whosoever shall order, purchase, or cause intoxicating liquors to be transported in interstate commerce, except for scientific, sacramental, medicinal, or mechanical purposes, into any State or territory the laws of which State or territory prohibit the manufacture or sale therein of intoxicating liquors for beverage purposes, shall be punished by a fine of not more than \$1,000, or imprisoned for not more than six months, or both, and for any subsequent offense this contest each school will be al- ried out in an orderly manner and shall be imprisoned not more than

While no authoritative ruling has been made as yet, it would seem that the Reed amendment would allow liquor for medicinal purposes where it is allowed by the State. We trust that this construction will not be put upon the Reed amendment, however. If no legislation had been passed by field.) the recent legislature, the State would have been really bone dry, and the matter would not have been tangled with State politics.

Dr. Vance Brabham Made Director.

Orangeburg, Feb. 23 .- Dr. Vance W. Brabham, of this city, has been grades): appointed director of rural sanitation for Orangeburg county by the up the work begun by Dr. F. M. ham will have an office in the quarters occupied by the chamber of commerce and county demonstration est. agents, which will place him within easy reach of all people desiring his services or advice. There are two assistants already working in the county and there will probably be more grades): in the near future.

Dr. Brabham has made several health talks at various points in the 5th grade, to fractions. county recently. In March there will be a special campaign against flies and shortly thereafter one against malaria. Dr. Brabham is known as a very capable physician and it is expected that he will accomplish great things in his new field of work.

Arrested Under New Law.

Chester, Feb. 24.-M. Fixman, representing the Crystal Optical company, of Birmingham, Ala., was arrested here today and fined \$35 under the law which prohibits anyone from carrying on the business of optometry or optician without having a certificate. This act was passed February 13, becoming effective immediately upon being signed by the for the first time today. N. Springer, a young man accompanying Mr. Fixman and acting as assistant, was dismissed.

Leaving Adelaide Behind.

A young man who had recently returned from the Austrian colonies to wed the girl of his heart was reproached the other day by his beloved for his fickleness.

"I know you say you love me very much," she exclaimed, "but I daresay you said just the same thing to the other girl whom you have treated so heartlessly-poor thing!"

"What other girl?" gasped the as tonished lover, who was conscious of an unwearing fidelity to the fair being whom he had ever loved.

"Why, the girl in Australia," answered the innocent. "I overheard them say the other day that you left Adelaide to come to me."

And it took some time and a large map to convince her that he was not a "gay Lothario."-London Tit-Bits.

$7\frac{0}{0}$ Investment \$450,000 Anderson Motor Company

7 Per Cent. Cumulative Preferred Stock.

50° Bonus in Common Stock

Interest Payable January and July in New York Exchange.

Peoples Trust Co., Rock Hill, S. C. Registrar.

The stock is preferred as to assets and dividends, and is redeemable in whole or in part at any dividend date at 105 and accrued dividends on sixty days' notice. No bonds can be placed on the property while any of the preferred stock is outstanding, without the consent of two-thirds of the preferred stockholders.

CAPITALIZATION.

75,000 shares (par value \$10) Preferred Stock \$750,000 75,000 shares (par value \$10) Common Stock . . . \$750,000

I learn the following from a letter from the President of the Anderson Motor Company, Mr. J. G. Anderson:

- 1. The Company succeeds to the plants, good-will assets and business organization of the Rock Hill Buggy Co., of Rock Hill, S. C., which has successfully manufactured and sold horse-drawn vehicles throughout the South for over 25 years, and which has put the "Anderson" Car on the market during the last two years. selling it to many old customers in the South. Agencies have recently been established in New York, Pittsburg, Pa.; York, Pa.; Texas, Florida and other States. The present plant is well equipped for the manufacture of bodies, and other parts, and for doing the painting, making the tops, upholstering, etc., etc.
- 2. The present earnings of the Company are more than sufficient to pay interest on the preferred stock.
- 3. Only about \$40,000 to \$50,000 of the proceeds to be derived from the sale of this preferred stock will be used for additions and improvements to plant; the balance is to be exclusively used for commercial capital.
- 4. The Company begins business free of all indebtedness.
- During the year 1917, it is calculated the Company will manufacture not less than 1,200 cars, a great portion of the materials for which have already been contracted for, and on which the estimated profit is about \$150,000, or almost four times the interest on the preferred stock. The Company expects to manufacture 3,000 cars in 1918, and in 1920, not less than 5,000 to 6,-000 cars, the profits on which should amount to \$350,000 to \$500,000 or at the rate of 50 to 75 per cent. on the Common Stock, after paying 7 per cent. on the Preferred Stock.
- The Company has in hand contracts and orders for three times its productive capacity.
- The Anderson Motor Company is a Southern organization, managed by Southern men, and financed with Southern capital. The management is therefore desirous of distributing the stock in the States of North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana nd Tennessee.
- 8. The cost of labor, and the freight on a large part of the raw material used in construction, is less than that paid out by other automobile companies.
- The best and most expert manufacturers of automobiles obtainable, are in charge of each department.
- Automobile companies have been uniformly profitable where honestly managed. In one instance, the profit from \$100 invested, has amounted to \$33,000.
- 11. The Anderson Motor Company is incorporated under the Laws of South Carolina, and all legal matters have been passed upon by Messrs. Wilson & Wilson, of Rock Hill, and Judge Ira B. Jones, Ex-Chief Justice of the Supreme Court of South Carolina, copies of whose opinions will be mailed on request.
 - 12. The Directors of the Anderson Motor Company are:
