Pays 25c a Month for Perfect Health

For 15 years, E. A. Little, Bessemer, Ala., has paid 25c a month to keep in perfect health. Read what he says:

"I desire to add my endorsement of Granger Liver Regulator. I have not used any other medicine for fifteen years. I know it is the best for all liver complaints, and will cure any case of indigestion known. When I first commenced to take your Granger Liver Regulator the Pecos-Patton Drug Co. was buying it by the dozen. Now I am told they buy it by the gross. I use one box each month and would not be without it for anything."

The Human Factors In Good Service

There are three parties to every telephone conversation—the party calling, the trained operator, and the party who answers. All three share alike the responsibility for quick and accurate telephone service.

The calling party should give the correct number in a distinct voice, speaking directly into the transmitter, and wait at the telephone until the party answers or the operator reports. The called party should answer promptly.

Patience on the part of the telephone user and the telephone operator is also essential to good service.
