PERHAPS HE MAY FALL ILL.

Individuals all fall ill at some time or other. Sometimes it is a short indisposition—at other times a long illness. Suppose your executor falls ill at a critical time for your estate? Who is going to manage it—who is going to protect it—who is going to look after your heirs? Thousands of estates have lost thousands and thousands of dollars because—to use a homely old phrase—the executor didn't happen to be "Johnny on the spot" at a critical time. Do you want your estate to suffer loss? Name us as your executor and you no longer run this risk.

PREVENT HOG CHOLERA.

The B. A. Thomas Hog Powder has a record of 95 1-2 per cent. cures of Hog Cholera. If you feed your hogs as directed, you need never fear hog cholera nor any other hog disease. And the directions are very simple, just about what you are doing, plus a few cents worth of B. A. Thomas Hog Powder in the feed twice a week.

Usually, though, Cholera gets in before we know it. Then it requires close attention to each hog—each hog must be dosed—and if you will dose them as directed, you will save better than 90 per cent. If you don't the B. A. Thomas medicine costs you nothing. We—not some distant manufacturer—pay your money back.
