When tenders went alongside the vessel Friday the men were in high spirits and frequently shouted: "Are we downhearted?" The question was answered with a roaring "No!" given with great enthusiasm. Representatives of the general staff watched the disembarkation. There was no civic demonstration. Only a few spectators knew of the landing. These cheered and the troops cheered back. The men entrained quickly and left for their new quarters. A signal company remained at the port for some hours and these were the only representatives of the contingent which the public saw.
