FOR A TONIC IRON IT CAN'T BE BEAT.

CONCENTRATED FORM OF NATURAL IRON CHEAPER, STRONGER, UNEXCELLED.

Acid Iron Mineral—All Druggists Have It.

"I found such quick relief from taking Acid Iron Mineral (natural iron) for rheumatism and chronic indigestion I want to urge more people to take iron instead of other remedies when needing a tonic and something that will build them up," said J. C. Shelton, of Roanoke, Va.
 "I was weak, had a sour stomach, bad appetite, and suffered most all the time. I needed a tonic badly, and when I started taking Acid Iron Mineral I found the remedy I needed," continued Mr. Shelton, who lives at 502 12th St., N. W.

Acid Iron Mineral is highly concentrated medicinal iron testing over 10 degrees specific gravity and a few drops in a glass of water makes an unexcelled medicine for the blood, digestion, and appetite. It is sold by druggists in six and twelve ounce bottles under the Ferrodine Chemical Corp. trademark, which guarantees strength and efficiency. Be sure you get the genuine. Get a bottle. It is cheaper, stronger and better for you.

AUTO-INTOXICATION RESPONSIBLE FOR 95 PER CENT. OF ILLNESS.

Is the Self-Poisoning of the Human Body.

RESULTS ARE SERIOUS.

New Discovery, Vitona, is Sold to Overcome This Dreaded Malady.

Scientists hold that ninety-five per cent. of all human ills are due to auto-intoxication. In fact, everybody is subject to this trouble to a greater or less extent, but few are said to realize they are effected until some severe ailment or disease develops as a result of it.

Auto-intoxication can be best ascribed to our own neglect or carelessness. When the organs fail or falter in the discharge of their duties, the putrefactive germs set in and generate toxins—actual poisons, which fill one's own body. It is then that the more serious consequences begin.

Sleepiness after meals, flushing of the face, extreme lassitude, billiousness, dizziness, sick headache, acidity of the stomach, heartburn, offensive breath, anemia, loss of weight and muscular power, decrease of vitality or lowering of resistance to infectious diseases, disturbance of the eye, dyspepsia, indigestion, gastritis, many forms of catarrh, asthma, ear affection and allied ailments result from auto-intoxication or self-poisoning.

In Europe this condition has been

tested with some success. However, the method of treatment there is considered antiquated when compared with the latest discovery in this country. America has advanced to a commanding position in chemistry and a preparation has, at last, been discovered and perfected, that is said to be a combatant of the ailments arising from this insidious poisoning of the human system. More than that, Vitona, as it is called, has proven to be a stomachic tonic, appetizer and invigorant of astonishing merit. Unusual praise is being accorded the preparation of the people who have taken it and been wonderfully benefitted, and who declare it seems to almost actually restore and keep up the vigor of youth.

Vitona is now sold at Mack's Drug Store, Bamberg; also Peoples Pharmacy, at Denmark, and J. H. Roberts, at Ehrhardt.
