

The Bamberg Herald
ESTABLISHED APRIL, 1891.

Thursday, November 8, 1917.

We are mighty sorry that the city fathers could not see their way clear to commence a little paving at this time. We trust the delay is only temporary, and that the matter will not be permitted to die out completely because of the inability of the council to raise the necessary funds just now.

Beginning last Friday, the people began paying war taxes on letters and other mail matter. Where two cents used to carry a letter it now requires three cents, and where one cent carried a postal card, two cents are now required. Three-cent letter postage is calculated to raise more than seventy million dollars in revenue per annum. The war is coming closer home every day.

We are glad to note that Chief Kirkland has started in to enforce the city's traffic ordinance. We trust that he will enforce it not only at the street corners, but in all particulars. There are more motor vehicles on the streets of Bamberg now than ever before in the history of the town. The more cars we have, the more public safety demands a strict regulation of motor traffic.

Speaking of the war, we notice that a Greenville boy was one of those captured by the Germans the other day. Thus, the first South Carolinian has "en into the hands of the Germans from among America's forces in Europe. It will be a matter only of weeks before we hear that the first Bamberg county boy has happened to misfortune in France. There should be no spirit of levity about this war business. Every day the war comes closer home. And we may as well prepare ourselves for bad news, for certainly there will be bad news before the victorious end is heralded. Bamberg men will be among the captured, killed and wounded.

We thought Fire Chief W. D. Rhoad had about persuaded the city council of the advisability of purchasing a truck for the use of the fire department. That was some time ago. As nothing has been said about it lately, the idea must have been given up. If the fire department had had access to a motor truck Monday, there is very little doubt that the fire at Mr. Jones's house would not have amounted to near so much as it did. Also the city is sadly in need of some sort of fire alarm system. This thing of having to fire off pistols and shot-guns like a charge against a German first line of defense is about fifty years out of style. Of course there are so many things the city needs, it is possible there are more pressing demands upon the city exchequer.

Now that the strictest economy is being urged upon the people, they can help some by saving the government money. For instance, when mailing letters, parties should never use three one-cent stamps on one letter. Instead a three-cent stamp should be used. This saves the government the cost of printing two stamps. One-cent stamps should not be used on letters or postcards except where stamped envelopes or cards are used, and where the stamps are one or two-cent denominations. Also the people can help the government in another manner. All parties residing on rural free delivery routes should have their mail delivered by the carriers. This helps the route to insure its continuance. The same thing applies to city delivery. If mail that should be delivered by carrier is handed out at the general delivery window, it entails extra expense upon the government.

Fundamental.

He looked at his wrist watch. "Will you marry me?" he said. She blushed. "There is really no time to lose. You see I have only had twenty-four hours' notice. I must report at headquarters tomorrow at 9. We sail for France in three days. Will you marry me?" "I don't mind," she said. "Only—I should like to make one condition." "And this is?" "I have dreamed for years of getting married, but not in this way. But I will marry you if—when you return—you will propose to me all over again, and we can go on a honeymoon, and I can be courted, and—well you know, I am sure!" "A' right," he said, with a smile. "To be honest with you, dearest, I thought I was going to escape all that—but I see it's no use. I might have known better. Even a war like this cannot keep a woman from having her own way—especially about a wedding."

If the price of gasoline keeps on mounting, it ought to put a damper on the automobile thieves.

FORMER DEPUTY COURT CLERK OF GREENWOOD

COUNTY PRAISES VITONA

Hon. Jno. W. Bullock, Prominent South Carolinian, Says He Wouldn't Take Five Thousand Dollars For Good New Preparation Did Him.

SUFFERED TWENTY YEARS AND NO OTHER MEDICINE REACHED HIS TROUBLE. GAINED 18 POUNDS AND FEELS LIKE A BRAND NEW MAN.

HON. J. W. BULLOCK

"Vitona overcame a serious attack of kidney trouble that had been pulling me down for 20 years, and I have gained 18 pounds since I began taking this remarkable preparation," said Hon. Jno. W. Bullock, formerly deputy court clerk of Greenwood county, S. C., a few days ago. Mr. Bullock was born and reared in South Carolina and is one of this State's most prominent men. He also served as clerk of the ways and means committee of the South Carolina legislature and was later inspector of dispensaries for the State.

"No one knows how I suffered all those years," continued Mr. Bullock. "I had awful pains in my back and sides, and my sleep was broken all through the night. I had severe headaches and was dreadfully nervous. My appetite was poor, and I lost weight and strength until I was so weak I could hardly stand on my feet. My whole system was run-down, and I finally had to take to the bed. I tried all kinds of medicines, but nothing reached my case.

"A friend knowing the condition I was in, advised me to take Vitona, and after a few days I noticed an improvement. It just looked like the more Vitona I took the better I felt. I seemed to gain strength every day, and now I feel like a brand new man and consider myself in as good physical condition as any man in the State. I have a big appetite, what I eat agrees with me perfectly, and I sleep like a log. I get up every morning feeling rested and refreshed and ready for a big day's work. The headaches have disappeared and I am not nervous and dizzy like I was. I don't

have those pains in my side and back now—in fact, all my troubles have been overcome and I am full of new life and energy. I really wouldn't take \$5,000 for the good Vitona did me and I urge anyone who has kidney trouble, or is in a general run-down condition, to get a bottle at once. It certainly builds a man up."

Mr. L. S. Bean, the Vitona expert, made the following statement:

"Vitona, the wonderful new discovery, is daily overcoming catarrh, stomach and kidney disorders, rheumatism and blood disorders, and is building up hundreds of listless, run-down men and women. Vitona is not to be classed with the average proprietary medicines, which, in many cases, are nothing more or less than medicated alcohol, which stimulates and does not give lasting relief. Vitona is more than a medicine. It is the liquid extraction of a rare mineral combination, prepared in nature's laboratory, in the bowels of the earth ages ago, but therefore unknown to man. It contains iron, calcium, sodium, lithium, stonethian, magnesium, and other minerals, each of which possess great therapeutic value."

Vitona is sold by Mack's Drug Store, Bamberg; Peoples Pharmacy, Denmark; J. H. Roberts, Ehrhardt.—adv.

COME TO SEE US!

We wish to announce to our friends and customers that we are now occupying our New Brick Building, and are better prepared than ever before to serve their every want. Come in to see us and our new building while in town, we are always glad to see you whether you wish to buy or not. We have just received an extra nice load of

HORSES AND MULES

and the price on these are right. We want everyone who is thinking of buying a Horse or Mule this fall to come in and look this lot over, as we have some fine animals in this drove and believe we have one that will suit you.
