P. E. ROWELL ENDS OWN LIFE.

Soldier From Scotia Shoots Self in Head While Attending Court.

Rock Hill, Sept. 20.—Private P. E. Rowell, of Scotia, Hampton county, stationed at Camp Sevier, who was here attending federal court, took his own life at 10 o'clock Wednesday evening at the residence of J. H. McManus, coroner of York county, by shooting himself in the head with a revolver. Rowell had been staying at the McManus home since he arrived in the city a day or two ago. Mrs. McManus and B. B. Blanton, a government inspector, also a boarder at the McManus home, were the first persons to enter the room in which Rowell fired the fatal shot and he was dying when they reached his side.

J. M. Youngblood, chief of police, and G. C. Clyburn, patrolman, were in the patrol wagon in front of the McManus home waiting for Rowell when he fired the shot which ended his life. The officers had been to the Aragon mill and found Rowell and another soldier by the roadside, coming to the city. The soldiers were asked to ride with the officers and did so. Arriving at the McManus home, Rowell told the chief that if he would wait in the street until he could go to his room he would return and ride into the business section of the city. The officers agreed and sat in the machine waiting for him until some one from the house came out and told them that Rowell had killed himself.

Rowell left a brief note on the table in his room, asking that his relatives be notified of his death, and saying that he was driven to the act on account of trouble with his wife. Letters were also found which show that Rowell had probably been paying attention to other women. One of these is a letter from a woman in Greenville.

Huge Army Building.

Washington, Sept. 18.—An army of 4,800,000 by next July, after all deductions have been made for casualties and rejections, is what the enlarged American military programme calls for. Gen March explained this to the house appropriations committee today in discussing the new \$7,000,000,000 army estimates.

Seventy thousand cakes for training camps and Y. M. C. A. canteens are being made weekly at the "Y" bakery in Northampton, England.

NEGROES ATTACK POLICE.

Attempt to Rescue Soldiers Under Arrest.—Officers Open Fire.

Norfolk, Sept. 21.—Between 300 and 400 negro civilians, headed by a score of negro soldiers from Camp Alexander, tonight attacked the second precinct police station in an effort to rescue the two soldiers arrested by the police on the charge of robbing the cash register of a photographer's studio. More than half of the windows of the station were smashed by flying bullets, bricks and bottles before the officers retaliated by opening fire with pistols and riot guns.

Ten negro soldiers and civilians were shot down in the exchange of bullets before the arrival of reserves from the central station and naval guards gave the police sufficient man power to quell the rioters and arrest the ring leaders.

Police Sergt. White was the only officer injured. He was struck in the temple by a bottle. The crowd hurled paving stones at the ambulance carrying the officer to the hospital, partially wrecking the vehicle.

Several of the wounded at the hospital were said tonight to be in a precarious condition.

The trouble was precipitated when the officers clubbed the two negro soldiers arrested on the charge of robbery. They were resisting arrest, urged to the attack by companions. The crowd quickly swelled to a mob and followed the officers to the station, which is located in the negro district.

SOFT DRINKS SAFE.

No Restrictions Are Placed on Manufacture.

Washington, Sept. 18.—No restrictions have been placed on the manufacture of soft drinks and none will be until an investigation shows that such a step is absolutely necessary for the successful prosecution of the war. Fuel Administrator Garfield announced today in response to an inquiry by Senator Hitchcock, of Nebraska.

"I can assure you that in so far as soft drink manufacturers are concerned," Fuel Administrator Garfield said, "they have been placed under no definite restrictions and will not be until after the matter has been most carefully considered from all its angles, and then only after such restriction is considered absolutely necessary for the successful prosecution of the war."

IT IS SERIOUS

Some Bamberg People Fail to Realize the Seriousness of a Bad Back.

The constant aching of a bad back. The weariness, the tired feeling. The pains and aches of kidney ills. May result seriously if neglected. Dangerous urinary troubles often follow.

A Bamberg citizen shows you what to do.

Mrs. J. A. Miller, Main St., Bamberg, says: "I know from experience that Doan's Kidney Pills are a right good remedy and I am only too glad to endorse them. One of the first symptoms of kidney trouble in my case was sharp, digging pains in the small of my back. Every day the trouble became more and more aggravating until I could hardly stand it. I felt miserable. I could hardly get around to attend to my housework, as I always felt weak and irritable. My kidneys needed attention in the worst way and when Doan's Kidney Pills were recommended to me I used them. I only took about three boxes of Doan's Kidney Pills, but they got down to the seat of the trouble and put my kidneys in good condition again."

No Worms in a Healthy Child
All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

Help the Operators Serve You Better.

Telephone subscribers are urged to call by number and not by name. In a community of this size the operators cannot possibly remember the names of all subscribers; when you call by name you delay your service and hamper its efficiency.

All telephones are known to the operators by numbers which are on the switchboard directly in front of them. The directory is your index to the switchboard and should be consulted before making a call.
