No Worms in a Healthy Child
All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

4% INTEREST PAID ON SAVINGS ACCOUNTS

FOR SALE

A 300-acre farm, 15 miles from Bamberg, S. C., three miles from Ulmer, S. C., and four miles from Olar, S. C. \$5,000 dwelling and ample tenant houses. Healthy section and good neighborhood. In sight of national highway, Columbia to Savannah. This land is sandy with clay subsoil, and is especially adapted to cotton, potatoes, peanuts, sugar cane, corn, velvet beans, peas, and last but not least, tobacco. This land is the equal of any in Florence, Marlboro, Dillon or Darlington, and can be bought for \$100 per acre on the following easy terms: Ten per cent. cash, 10 per cent. October 1, 1919, and 30 per cent. January 1, 1920. The balance to suit purchaser at 7 per cent. interest. Phone or write me for an appointment. Will meet you at Bamberg and show you the property. Any tobacco grower should be interested in this proposition. Labor is abundant and of good quality. Others are netting \$200 to \$300 per acre on their tobacco crops in Bamberg county. A good proposition for subdivision and auction sale.

This land is now rented for twenty-two (22) bales of cotton, which is excellent interest on the price asked. It would pay better still if sharecropped, with good seasons and prices. One crop will pay for the entire place.
