GROWING CROP CONDITIONS.

B. B. Hare Issues Report of Leading S. C. Crops on August 1.

Saluda, Aug. 10.—According to a report issued by B. B. Hare, field agent, Bureau of Crop Estimates, United States Department of Agriculture, the condition of the leading growing crops in South Carolina, excepting cotton, on August 1, was as follows:

Corn 80 per cent. of normal; rice 85 per cent; hay 90; millet 88; cow-peas 83; Irish potatoes 82; sweet potatoes 85; tobacco 74; onions 84; sorghum for feed 85; sorghum for syrup 85; peanuts 85; watermelons 70; muskmelons 70; apples 45; peaches 42; grapes 78; pears 55.

The condition of corn in the eastern and northwestern counties is from "good" to "excellent," in the central and southwestern counties it ranges from "very poor" to "good." A large percentage of the acreage of late plantings has been abandoned on account of the excessive rains during the latter half of July and a considerable percentage of that planted on bottom lands has been destroyed by overflow of creeks and rivers. The total production is estimated at 38,900,000 bushels, which is approximately 600,000 bushels more than last year but 2,000,000 bushels less than in 1917.

The peavine hay acreage is much smaller than usual, because of the scarcity and high price of seed, but the prospects for good yields are very promising.

All fruits and vegetables were injured to a greater or less extent during the month by the continuous heavy rains.

Marked deterioration in condition of tobacco since last report is noted, the condition on July 1, being 85 per cent. of normal and only 74 per cent. on August 1.

Where there has been proper cultivation sweet potatoes appear to be in excellent condition, although an unusual growth of vines usually indicates small potatoes with few in a hill.

Total production of corn for the entire United States is estimated at 2,788,000,000 bushels as compared with 2,583,000,000 bushels in 1918 and 3,065,000,000 bushels in 1917. The production of wheat is placed in round numbers at 840,000,000 bushels, or approximately 25,000,000 bushels more than last year.

PAID HIS FINE ANYWAY.

Dr. John E. White Thinks it Good For a Man's Conscience.

The following from the Anderson Mail will be read with interest here by the friends of Dr. John E. White, pastor of the first Baptist church of Anderson, and also president of Anderson Female College.

After having been notified that a case charging him with speeding had been docketed at the city hall, Dr. John E. White wrote a letter to Mayor Fant pleading guilty to the charge and enclosing a check for \$25, the minimum fine for such offense.

Dr. White, according to his letter, is of the opinion that every man in the city who runs an automobile, ought one time every year to go down and plead guilty of running somewhere, sometimes a little over 28 miles an hour within the corporate limits and on the paved streets, just for conscience sake. The letter was an enjoyable one throughout and the mayor was congratulated on the alertness of his administration.

All speeders seem to have the same appearance to the men who carry the watches.

WILL FORBID SALE OF SALMON.

Grocers Purchase Lot and the Same Has Been Condemned.

An order was issued by the State department of agriculture, commerce and industries Tuesday forbidding the sale of 12,000 cases of canned salmon bought by grocers from the war department.

The goods have been found unfit for public consumption and the sale will be forbidden. A number of cans have been taken to the State laboratory for examination by the State chemist and the condition of the food has been found to be dangerously unwholesome. The goods were bought by a group of about 20 grocers in the State among whom the 12,000 cases were distributed.

Hungarian Editor Quits.

Berlin, Thursday, Aug. 7.—One of Hungary's best known newspapers, the Pester Lloyd, passed out of existence yesterday. It was taken over by the Soviets when they took control of Budapest and was so conducted that its editor, M. Josefsz, states that he is unable to continue its publication.

Rub-My-Tism is a powerful antiseptic; it kills the poison caused from infected cuts, cures old sores, tetter, etc.—Adv.

Colds Cause Grip and Influenza
LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine." E. W. GROVE'S signature on box. 30c.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

DOG LICENSE.

All owners of dogs in the City of Bamberg are notified that unless dog license is paid, a fine of \$5.00 will be made against such owners. License tags may be secured from Charlie Moyer. Parties buying tags are required to put them on dogs. All dogs without tag will be taken up.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything, when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.
