

**GIRL FROM EASLEY MISSING.**

Greenville Police Search for Miss Frances Mauldin.

Greenville, Jan. 15.—Complete mystery surrounds the disappearance in Greenville yesterday of Miss Frances Mauldin, 22 years old, daughter of Mr. and Mrs. Elias Mauldin, of Easley, who was accompanied to the Southern railway station here yesterday about 2 o'clock by friends with whom she had been visiting, and who has not been heard from since, although members of the family and the city police force have been making a thorough inquiry into the case.

Miss Mauldin had been visiting her sister, Mrs. Frank Cunningham, about a mile outside the city. She was to return home yesterday and was brought to the station here to take train No. 11 by Rogers Cunningham, who left Miss Mauldin in the waiting room. The family met the train at Easley, and when Miss Mauldin did not appear they concluded that she had decided to stay over another day. When, however, she did not return today, they got into communication with the Cunninghams here, and upon hearing that the young woman had gone to the station the day before to return home, Mr. Mauldin came to Greenville this afternoon, and virtually the entire police force was set to work upon the problem. Up to a late hour tonight the search had yielded no results.

**How It Started.**

When Adam met Eve he was bashful and shy, And he stammered and blushed every time she came nigh, Till at last he grew bold and began to pay court (You may put all your trust in this faithful report.) And he murmured to her on an evening serene:—"You're the prettiest girl that I ever have seen"— And that's how that started.

When Eve with a bashful blush on her face, Yielded shyly and sweetly to Adam's embrace, And put up her red lips for the true lover's pact (You may set all this down as an absolute fact.) She inquired, while he breathed the fond names on his list: "Have you said that to all of the girls you have kissed?" And that's how that started.

When Adam asked Eve if she would be his bride, She looked up and looked down, and and she sighed and she sighed, And she let him take hold of her lily-white hand (This is history now, as you must understand.) Then she said in a voice that was awfully low: "I must take time to think, 'Tis so sudden you know." And that's how that started.

When they had been married a few years or so, Then Adam told Eve: "We're invited to go To a dinner and dance with friends down in Nod." (This is truly authentic, although it sounds odd.) Eve replied with a sad and sorrowful air: "I can't go. Don't you see I have nothing to wear." And that's how that started.

Jury Recommends Observation in Institution for Reasonable Time.

Los Angeles, Jan. 15.—Harry New was found guilty today of second degree murder in connection with the shooting and killing of his fiancée, Eda Lesser, in Topanga Canyon, far here on the night of July 4 last. A jury in Superior Judge Gavin W. Craig's court returned the verdict shortly before noon after having been deadlocked for nearly 48 hours.

Coupled with the verdict was a recommendation that the court order the defendant placed in an institution for a "reasonable length of time for observation as to his mental condition."

Le Compte Davis, leading counsel for the defense, announced a motion for a new trial would be made Monday morning at 10 o'clock, the time set by Judge Craig for pronouncing sentence, and said an appeal to the state supreme court would be taken if the motion was denied.

New, according to testimony introduced at the trial, is a son of Senator Harry S. New of Indiana.

**CHARGED WITH POISONING.**

Boy Servant Committed to Jail in Gaffney.

Gaffney, Jan. 17.—A boy, Ernest Smith, was committed to jail yesterday in Gaffney by a local magistrate, charged with poisoning the family of Supervisor E. F. Lipscomb. Mr. Lipscomb said that he and the other members of the family were made sick on Wednesday and that on Thursday morning he noticed something peculiar about the biscuits which were served at breakfast and that he called Mrs. Lipscomb's attention thereto. Nesbitt Spake, a visitor at the Lipscomb home, was also made sick. Investigation disclosed the fact that a quantity of Paris green had been placed in the flour out of which the bread had been made, and Mr. Lipscomb said that from the quantity which had been placed in the flour it was remarkable that it was not attended with more serious results. The boy, Ernest Smith, who is about fourteen years old, has been a servant in the family for about two years, and Mr. Lipscomb says that he has not had occasion to correct him more than twice during that time. When charged with the crime he is said to have admitted that he put the poison in the flour. His case will be investigated soon, as he has expressed his desire for a preliminary examination.

THE UNIVERSAL CAR

**Sixteen Years Experience**

For sixteen years, a corps of metallurgists have been studying and constantly perfecting the steel that goes into every part of the Ford car and the Ford One Ton Truck. Each separate part has been studied to learn the type of steel best fitted for it. Parts receiving constant surface-wear are made of hard, flint-like metal; parts subject to great vibration or resilience are made of softer, springy steel. Every part is made according to its use—that is, every genuine Ford part is.

But there are also counterfeit "Ford" parts. These imitations are made by concerns in no way connected with the Ford Motor Company and retailed as side-lines by mail-order houses, down-town stores, and many garages. The unsuspecting customer accepts them because they are called "Ford" parts. To make sure of getting the genuine Ford-made parts, buy them from only Authorized Ford Dealers. Likewise bring or take your Ford car to our garage for repairs, replacements, and general "tuning up."

We are Authorized Ford Dealers. We can supply you with all Ford parts for either passenger car or truck. And our shop is equipped to give real Ford service in all repair work.
