

MAJOR HENRY C. TILLMAN DELIVERS ANNUAL ADDRESS

(Continued from page 1, column 1.)
the junior class, stood second with an average of 90 1-3.

Since the commencement exercises the averages for the year have been revised. The difference in the aver-

ages of Meadows and Still is so small that the school authorities have decided to present a scholarship medal to Still also. Both of these young men have done excellent work during the past year and no doubt both deserve the medal—hence the granting of a medal to both.

The Hartzog effort medal was pre-

sented by Rev. W. J. Snyder. This medal is given by Dr. L. A. Hartzog to the student who, in the opinion of the faculty, has made the most effort during the school year. This year the medal was won by John David Funches, of Rowesville, S. C. Raymond Hill, of Round, S. C., came second for this medal.

This concluded the annual commencement exercises. The benediction was pronounced by Rev. S. O. Canney.

Why They Stopped "Jimmy" Byrnes.

Speaker Gillette "shut off" Congressman Byrnes in the house, the other day, because the man from Aiken was pouring the hot shot into the Republican party. Mr. Byrnes was addressing congress on the Republican "extravagance" in this investigating business—this Republican search for something wrong in Democratic expenditures, to be used by the Republicans as campaign material. His allotted time had expired. He asked the courtesy of a few moments extension. The speaker would not permit this. Congressman Champ Clark asked an extension of time in behalf of Mr. Byrnes, but the speaker dismissed the matter with, "I have already recognized the gentleman from South Carolina."

Speaker Gillette was shielding his party associates. Mr. Byrnes was in the midst of bald truths, and what he was saying was hurting. They were not going to permit him to say on.

Mr. Byrnes had spoken severely of the activities of the Graham committee. The Graham committee has just completed a tour of the United States, also taking in the Virgin Islands, looking for Democratic crookedness or wastefulness; and had found neither. Closing the Sixty-Fifth Congress the Republicans filibustered the appropriation bills to death, forcing an extra session. The Republicans had not only in this way wasted a million dollars of the public's money, but they had fastened high-salaried parasites on the government. He told of one salary which the Graham committee had increased from \$300 to \$1,000 a month. He instanced that Gen. Samuel T. Ansell had resigned from the war department on July 21, 1919, being employed by the Republicans of congress next day at \$20,000 a year and expenses. The shipping board has on its staff "experts" at \$50 a day and expenses.

Mr. Byrnes was in the midst of this expose of reckless and ruthless waste, and the Republicans easily showed their discomfiture and anger. There was not a chance in a hundred that they would let him proceed. But he

drove facts home while he did have the floor.—Augusta Chronicle.

MRS. ANNIE LOU HENDERSON,
Administratrix of the Estate of
Mrs. J. A. Byrd, Deceased. 6-17

IN MEMORIAM.

The Woman's Misionary society of Trinity Methodist church of Bamberg is called upon to note the death of one of her oldest and most beloved charter members, Mrs. M. A. Adams.

When the evening shadows fall at the end of a beautiful sunset, we know it is but the beginning of a glorious sunrise in another land, and so, amid the surrounding shadows that come with the close of a beautiful life, we must realize it means for the departed a beginning of life in the land of eternal day.

Therefore be it resolved:

- That in the death of Mrs. Adams, our society has lost a true and loyal member, her interest in the church and missions was unabated, and her influence will live on and on, but grief of separation will be felt by all.

- That the society expresses its love and sympathy for each member of her sorrowing family, and endeavor to make each feel that this grief is shared by many who loved her, and comforted only by the hope of meeting her in the City of God.

- That copies of these resolutions be sent to the family, to the press, and inscribed in the minutes of the society, as in a measure showing the love and esteem in which she is held.

MRS. G. FRANK BAMBERG,

For Constipation

To Keep Your Health—

you must regard Nature's laws; and one of the first of her laws is "Avoid Constipation".

Nujol works on an entirely new principle. Without forcing or irritating, it softens the food waste. This enables the many tiny muscles in the intestines, contracting and expanding in their normal way, to squeeze the food waste along and out of the system.

It is absolutely harmless and pleasant to take. Try it.
