

The Bamberg Herald

Thursday, Sept. 16, 1920

SHORT LOCALS.

Brief Items of Interest Throughout the Town and County.

C. H. Mitchell, who has been under treatment at a Columbia hospital for the past week, has returned home.

Mrs. G. E. Hutto was carried to a hospital in Charleston Sunday, where she will remain some time for treatment.

S. Lyles Copeland, of Ehrhardt, son of S. W. Copeland, has been appointed to a scholarship at Annapolis by Congressman James F. Byrnes from the second congressional district.

A small blaze at the home of F. O. Brabham did small damage one day last week. The roof caught fire presumably from a spark, but it was extinguished before much damage was done.

John W. Folk is in Columbia under treatment at the Baptist hospital. His friends will be glad to learn that his condition is not considered at all serious, and that he is soon expected to return home.

L. S. Dukes, formerly express agent here who has for some months been located at Bowman, has gone to Newberry, where he has accepted a position as express agent. Requesting his paper to be changed, he writes: "We always like to read The Herald, and don't want to miss a copy."

The many friends throughout the county of Dr. N. F. Kirkland will learn with genuine regret of his serious illness. For some days past the doctor has been in a very precarious condition. He is now in his ninetieth year, and until recently has been in good health for a man of his years.

A REMARKABLE YIELD.

W. B. Chitty Produces 150 Bushels of Rye From Three Acres.

John D. Brandon, county demonstration agent, reports to The Herald a remarkable yield of rye on the plantation of W. B. Chitty, of Olar. When it is considered that rye is worth, ordinarily, some \$3 to \$4 a bushel, it can readily be seen what the value of this crop is, and when the statement is made that this rye came from pedigree seed, the value looks up as enormous.

"I have quite a bit of interesting information from W. B. Chitty, of Olar," said Mr. Brandon the other day. "Mr. Chitty sowed three acres of rye and harvested 150 bushels. No commercial fertilizer was used except 75 pounds of soda, which was put on as a top dresser in the spring. This particular yield was made up on a strip of land left at one side of his oat field, which was one-half acre wide and six acres long. This rye followed a crop of corn, beans and cowpeas."

"Mr. Chitty gives the crop of beans and peas the credit of the large yield. The Georgia method of planting two rows of corn and one of beans was used and the cowpeas were sown in the middles at laying-by time. The litter produced by these crops was chopped up with a disc harrow and thoroughly incorporated with the soil before seeding the oats and rye. The oats yielded 65 bushels per acre. The rye was seeded at the rate of one-half bushel per acre, and the seed was obtained from the Olar high school grounds, coming immediately from the Coker seed farm. Mr. Chitty sent Mr. Coker a sample of his rye and Mr. Coker reported that the seed was as good as his seed, which he is offering for \$8.10 per bushel."

"Mr. Chitty had considerable trouble harvesting his rye, and gave the impression that it was his advice to farmers not to make such yields. He tried to harvest it with a tractor and binder, but the draft was so heavy that the tractor dug in; then a tractor and two mules was tried and the tractor dug in again. The job was completed with four mules and binder, the binder taking one-half of the swath that it was capable of taking. This field now has a fine crop of peanuts and peavine hay on it."

Baptist Revival This Week.

A revival meeting is being conducted at the Baptist church this week. Rev. R. G. Lee, of Edgefield, is assisting the pastor. Meetings are held daily at 4 and 8 p.m., to which the public is cordially invited. The stores close each afternoon from 4 to 5 o'clock. Mr. Lee is one of the strongest preachers in the state, and considerable interest is being manifested in the services.

Cole's Hot Blast Heaters make a big reduction in your coal bill—see their advertisement and guarantee.

Just received, shipment of American Wire Fence. See me at once if you need fencing. G. O. SIMMONS.

COURT ADJOURNED.

Mrs. Lottie Barrs Acquitted—Other Cases Disposed Of.

The court of general sessions, which convened in Bamberg September 6th, was adjourned sine die Friday afternoon late, nearly the entire docket being cleared. The session was conspicuous for the absence of any pleas of guilty. The court officials returned to their respective homes Friday night and Saturday morning. The following cases were disposed of after last week's Herald went to press:

Samuel Mitchell was found guilty of manslaughter in the killing of his brother, Edmund Mitchell. Samuel is a young boy and the judge sentenced him to serve two years in the reformatory. He was alleged to have killed his brother during a family altercation at his home a few miles of Bamberg.

J. C. Carson, charged with obtaining goods under false pretences; case not prosed.

Mary Rivers, for disposing of property under lien, case not prosed.

Hobart Myers, charged with the murder of Jake Manigault about two weeks previously, was found guilty of manslaughter and sentenced to serve two years on the public works. This homicide occurred at Midway.

William Butler was given a sentence of six months on the public works or a fine of \$1,000 for indecent exposure of the person.

The case against Walker Smith, charged with larceny, was not prosed.

Perhaps the most interesting case of the session was that of Mrs. Lottie Barrs, a young and attractive woman, who was charged with killing her husband last spring. It required the jury only a few minutes deliberation to acquit her of the charge. Mrs. Barrs struck her husband on the head with a hoe at their home in the lower section of the county during a quarrel. He was carried to a Charleston hospital, where he lingered for a month and died. Mrs. Barrs was with her husband during most of this time. It was alleged that he treated her cruelly on many occasions. A bottle of blind tiger liquor played an important part in the killing, as it was alleged he was trying to get the liquor at the time, which Mrs. Barrs objected to.

J. B. Stevens was found guilty of obtaining goods under false pretences and was given a sentence of three months and a fine of \$260, a part of the sentence being suspended on certain conditions.

The case against Bamberg Free, charged with larceny, was not prosed by the solicitor.

Almeda Sergeant was found guilty of violation of the prohibition law, and was sentenced to serve one year. She was not given the usual alternative of a fine. This was Almeda's second time she has been in court on this charge, and the judge remarked that her previous fine did not appear to have been effective.

John Clark and John Scott were charged with the larceny of live stock. The case against Scott was not prosed, and Clark, upon trial, was found not guilty. They were charged with the theft of some hogs.

CARLISLE OPENS NEXT WEEK.

Headmaster Duncan Completing Arrangements for Session.

Preparations are being made for an auspicious opening of Carlisle school on Wednesday, Sept. 22. Col. W. C. Duncan, who has been elected headmaster succeeding Col. J. C. Guilds, is now completing the final arrangements for the beginning of the next session, and the prospects are bright for the most successful term in the history of the school.

Col. Duncan has been connected with Carlisle for the past ten years. During this time he has shown himself to be an efficient and capable man, and there need be no fear in the minds of the patrons of the school as to its future under his management.

Present indications point to Carlisle's banner year. Every room in the barracks has been filled, and extra barracks have been provided to the care of a large number who can not secure rooms in the regular barracks, but even with this there is a large waiting list. Applications are being received every day. All new cadets will be expected to report on the 20th, while the old cadets will report on the 21st.

Mrs. J. J. Beach, who has been connected with the school for 17 years, will again be matron, which will be good news for the parents of the Carlisle boys. The infirmary has been moved into new quarters and will be in charge of Miss Ada Kearse, a graduate nurse.

Carlisle has this year a strong corps of teachers, whose salaries have been increased 50 per cent. to meet the increased cost of living.

—Misses Mary Wilkes and Vivian Free left Friday morning for Winthrop college.

—Mrs. B. T. Felder, who has been in a Charleston hospital under treatment for the past several weeks, returned home Saturday and her many friends will be delighted to learn that she is now recovering rapidly.

DO YOU WANT LIGHTS—WATER?

If So Attend Mass Meeting Thursday Afternoon at 5:15 O'clock.

The Bamberg city council has issued the following statement: "Do you want electric lights and water?"

"If so, attend a mass meeting Thursday afternoon, September 16th, 5:15 o'clock, LaVictoire Theatre.

"Our resources are exhausted, and we cannot move a peg until we find out the will of the people.

"This is your plant.

"It is your duty to be present at this meeting.

"CITY COUNCIL."

In accordance with the above every citizen of Bamberg is urged to attend this meeting. It is absolutely necessary that some definite action be taken at once in regard to the electric light and power plant, if Bamberg is to have lights, power and water.

DEATH OF D. P. SMITH.

Prominent Citizen Died in Charleston Hospital Monday.

The death of D. P. Smith, which occurred in a Charleston hospital on Monday last, came as a shock to his numerous friends, relatives and acquaintances all over the county, very few of whom knew that he was ill. Mr. Smith died following an operation for appendicitis. He was stricken only a few days before his death. Mr. Smith was in Bamberg about a week previously apparently in the best of health.

The remains were brought home Tuesday morning, and interment took place at Pleasant Hill Methodist church Wednesday morning at 10:30 o'clock. The funeral services were conducted by the Rev. Geo. P. White, of Bamberg, in the absence of his pastor, the Rev. D. H. Owings, of Ehrhardt.

Mr. Smith was a member of Oak Grove Baptist church, near Ehrhardt. He was prominent in all community matters, and was a man who will be sorely missed in his neighborhood and throughout the county. He was one of the county's most substantial citizens, and he enjoyed universal respect and confidence. Mr. Smith was a member of the Democratic executive committee, and the fact that he was lying a corpse when the primary was being held cast a pall over his community and the county. In his death the county has lost one of its leading Christian citizens.

Mr. Smith was about 40 years of age. He is survived by his widow, who was Miss Rentz, daughter of Calvin Rentz, and three children, the eldest of whom is about 15 years old. Two sisters and a brother also survive: Mrs. J. Wm. Carter, Mrs. Alex Carter, who live in the same community, and Leroy Smith, a lieutenant in the late war. The deceased was the son of the late John Smith.

Shower for Infirmary

A shower will be given at Guilds hall Thursday afternoon at 5:30 for the benefit of the Carlisle infirmary. All the ladies are cordially invited to be present, and are urged to contribute articles for the shower.—adv.

Just received, shipment of American Wire Fence. See me at once if you need fencing. G. O. SIMMONS.
