

METHODIST PAPER CHANGES.

Rev. J. H. Noland Now in Charge of Southern Christian Advocate.

Columbia, Oct. 3.—Methodists of South Carolina will be interested in the announcement of a new business manager for the Southern Christian Advocate, the organ of the Southern Methodist church, published in Columbia. Rev. J. H. Noland, formerly of Little Rock, S. C., has been made business manager of the paper, succeeding Prof. D. D. Peele who was recently elected dean of Columbia college.

The Christian Advocate is erecting a two-story building on the rear half of its location on Lady street, between Sumter and Marion, this new building to be a mechanical department, for the publication plant.

The Advocate contemplates the erection of a new office building and book depository on the front part of its location at some future time, though plans for this building are as yet indefinite. At present a frame structure occupies the lot and his is being used for office and book store.

FAIRFAX NEWS.

Pupils Elect Officers.—Potato Train Visits Town.—Other Items.

Fairfax, Oct. 2.—On Friday, Sept. 24, the high school and lower school pupils assembled in the school auditorium to elect officers for the two literary societies. The high school officers are: Fannie Wilson, president; Essie Halson, vice president; Evans McDaniel, secretary and treasurer; Miss Zelle Loadholt, critic; H. M. Haverly, chaplain; Abb Best and Julia Jenny, censors. The lower school elected officers as follows: Arthur Smith, president; Lovinia Hughes, vice president; Francis Loadholt, secretary; James Deer, treasurer; Louis Youmans, chaplain; Ernestine Smith, pianist; Walton Lightsey and Lena Johnston, censors; Mrs. W. R. Hammond, critic.

The farmers of this county were honored last week by having the potato special stop here. The demonstration and agricultural agents of this district are to be congratulated on securing the cooperation of the Clemson college extension department in this profitable work.

The Fairfax school improvement association launched a new project for raising money and serving their school at the same time. Twice a week several members of the league go the school building and sell sandwiches during one of the recesses. The net proceeds for the past week's work amounted to more than ten dollars.

Mrs. Julia Harter and George D. Sanders were visitors in Hendersonville, N. C., during the past week.

Cadet William Harter has just returned to the Citadel, where he is a senior this year.

The many friends of Miss Alma Knight will learn with regret of her recent illness.

J. B. Barker has severed his connection with the Citizens Bank of Fairfax to accept work with the musical department of the Olar high school.

The superintendent of the Fairfax school is drafting into service the following men to address the students on Monday mornings: Rev. White, J. E. Johnston, J. B. Barker, J. W. Campbell, G. D. Sanders, B. D. Groseclose, Drs. Tuten, Folk and Causey; J. F. Lightsey, W. M. Lightsey, Isaac Knopf, E. L. Young, Porter Barber and others. This is done to stimulate a greater interest in the school.

Just received, shipment of American Wire Fence. See me at once if you need fencing. G. O. SIMMONS.

WOULD SELL EARS.

Former Charlotte Preacher Will Take \$10,000 For His.

E. H. Donner, of Charlotte, N. C., having heard the call of \$10,000, is perfectly willing to part with one of his ears forever in exchange for that sum. Donner announced Tuesday he would sell his left ear to Frank J. Quesada, a wealthy Cuban planter, who is in New York advertising for an ear to replace, with the aid of surgery, one lost years ago by injury.

Donner formerly was a clergyman, but abandoned the ministry for manual labor.

"I can use \$10,000 better than I can two ears," he said. "I tried to earn a living as an ordained minister, but learned that these are the days when brain work, unless it is an exceptional brain, does not command a living wage."

Johnny, Get Your Gun.

"They say that Miss Mush is inclined to be over romantic."

"I'll say she is. She's gone to work in an arsenal just to be sure of having arms around her."

Piles Cured in 6 to 14 Days
Druggists refund money if PAZO OINTMENT fails to cure Itching, Blind, Bleeding or Protruding Piles. Instantly relieves itching, and you can get restful sleep after the first application. Price 6c.

Tired
"I was weak and run-down," relates Mrs. Eula Burnett, of Dalton, Ga. "I was thin and just felt tired, all the time. I didn't rest well. I wasn't ever hungry. I knew, by this, I needed a tonic, and as there is none better than—"

CARDUI
The Woman's Tonic

... I began using Cardui," continues Mrs. Burnett. "After my first bottle, I slept better and ate better. I took four bottles. Now I'm well, feel just fine, eat and sleep, my skin is clear and I have gained and sure feel that Cardui is the best tonic ever made."

Thousands of other women have found Cardui just as Mrs. Burnett did. It should help you.

Have Your Car as Reliably Equipped as a Railroad

Great railroad systems choose Gould Storage Batteries to operate vital signal systems.

What better battery can you ask for your car? Dependable action of the Dreadnaught Plates helps make these railroads safe—

And gives the kind of starting and lighting service you want.

Good plates are the essential thing for both uses. The Dreadnaught Plates are rugged brutes for punishment and power.

Next time you renew your storage battery, order a Gould.

Nobody thinks anything now, of going away on a trip

I THE railroads were partly responsible. But it wasn't until the automobile reached its present state of development that the old barriers against travel were finally broken down.

II More people own automobiles today than ever thought of owning a horse and buggy in the old days.

That's because the cost of motoring has been brought within reach of the average citizen's pocketbook.

We look upon it as part of our job to keep it there. If it weren't for the trade of the man with the medium priced car there wouldn't be

much in this tire business for us.

III The less a man has to spend on motoring, the more important it is that his tires should be of first quality.

Any tire is not good enough for the small car owner. He wants a tire that will give him just as much for his money in the small size as the big car man gets for his money in the large size.

IV In thinking over what kind of tires we would represent in this community we tried to put ourselves in the place of the car owner. And we believe we hit it exactly when we selected U. S. Tires.
