**Aiken Municipal Club Refuses to Let the Fair Ones Cast Votes.**

Aiken, Oct. 16.—Friends of equal suffrage here are indignant over the action of the Aiken municipal club Tuesday night in voting down an amendment which sought to admit women voters to membership, this action disqualifying these recently enfranchised voters from participation in the municipal primary of November 1. The club is made up of white voters and accepts members from any political party on its roll. But when the amendment was offered to the constitution which would make white women eligible it is charged that steam roller tactics and gag rule prevented the matter coming before the body for discussion. The amendment was lost by a vote of 61 to 50.

Aiken will have one municipal primary on November 1 and the second one two weeks later. A number of candidates have announced for mayor, aldermen and commissioners of public works. There are enough women voters in Aiken, had the club admitted them to membership, to have had a considerable influence on the election of officials.

There were a number of women present at the meeting Tuesday night and all resent the rejection they had at the hands of the club's steering forces. Although starting in a modest way, it is said on good authority that there is a municipal unrest just at the present in Aiken which may break forth at any time with volcanic fury.

**STABS BROTHER IN HEART.**

**Sumter County Negro Claims He Acted in Self Defence.**

Sumter, Oct. 16.—A quarrel that ended in a tragedy grew out of a dispute between two brothers, Elias and James Singleton, about five miles out of Sumter. The two brothers were laborers. There was no eye witness and only Elias remains to tell what happened. From his tale it seemed that the two were gathering hay when they began to quarrel over the fact that a horse belonging to Elias had been found in the corn patch belonging to James. Things had gone pretty far when Elias expressed it as his opinion that it made no difference if the horse was in the corn patch considering there was no corn there. James then attacked him with a pitchfork and Elias protected himself with his knife. The knife sank deep in the heart and the man was dead before a physician arrived.

**NOTICE OF ELECTION.**

State of South Carolina, County of Bamberg.

Notice is hereby given that the General Election for Presidential and Vice Presidential Electors, United States Senator and Representatives in Congress will be held at the voting precincts fixed by law in the County of Bamberg on Tuesday, November 2, 1920, said day being Tuesday following the first Monday, as prescribed by the State Constitution. The qualifications for suffrage are as follows:

Residence in State for two years, in the County one year, in the polling precinct in which the elector offers to vote, four months, and the payment six months before any election of any poll tax then due and payable: Provided, That ministers in charge of an organized church and teachers of public schools shall be entitled to vote after six months' residence in the State, otherwise qualified.

**Fordson**  
TRADE MARK  
**Farm Tractor**

The Fordson cuts the cost of preparing land almost to half of what it cost with horses. But even more important is the fact that the Fordson saves from thirty to fifty per cent. of the farmer's time. And time saved—getting the fields in shape to plant in the proper season; getting things done when they should be done—means money to the farmer. Besides it helps greatly in solving the labor problem.

As ever, the machine way is proving more efficient, faster, easier, than the old hand way. In the factory, the machine increases production, saves labor—produces more at less cost. And that is what the Fordson does on the farm. The Fordson way is the machine way of farming. Besides it helps the labor problem.

The Fordson's first cost is low; and the after or operating cost is low. It is a compact, easily handled tractor, backed by the greatest tractor service organization in the world.

We are Fordson dealers. Not only do we sell Fordson tractors, but we carry a stock of Fordson parts and employ Fordson mechanics to help the farmers get the best results from the Fordson. Let us demonstrate the Fordson on your own farm.
