

$33\frac{1}{3}$ PER CENT REDUCTION

We have on hand one of the largest lines of White & Wyckoff Distinctive Stationery ever shown in this section, in fact, more than we have room for, and we have decided to offer it for a short time at two-thirds of the regular price. There has been no reduction in the price of this paper by the manufacturers since we purchased, but a slight increase, still we have to have room, therefore this offer. It will pay you to get a supply of this paper now to take with you to school this fall as it is cheaper than we have ever offered it before. Remember a \$1.00 box of paper for 67c; all others reduced in same proportion. All marked in plain figures.
