#### Bamberg Poultry Notes.

The Bamberg Poultry association has sold eggs amounting to \$71.70 and poultry amounting to \$1,194.50 since they began work in January. These products were sold through Miss Alston, in Charleston, and the prices received were far better than the local price.

Miss Emma Jane Varn, Bamberg county home demonstration agent, reports on February 11:

"This week I continued organization work. Three schools were visited and six clubs organized. Club work is very popular among the children and the poultry work among the women. Two poultry associations are in good working order and at the request of the people of Hunter's Chapel, I went over there Friday and organized an association among the women and a sewing and poultry club among the children. This is one of the communities where they have never taken an interest in the work, and have never had a club, although I have given them the opportunity every year, but they never cared to take advantage of it. When they wrote and asked me to come I felt that demonstration work had indeed won a victory to conquer such indifference. I am sure that with this interest we can accomplish things this year."

### Dr. D. W. Daniel Talks to Farmers

Two important cotton meetings were held in the county Tuesday by the Farmers Cooperative Marketing association; one at the court house at 11 a. m., and the other at Denmark at 3 p. m. The meetings were not very largely attended, but those present evinced considerable enthusiasm, and quite a nice lot of cotton was signed up at the meetings to be sold through the cooperative marketing plan of the association.

The feature of the meetings was the presence of Dr. D. W. Daniel, of Clemson college, who is not connected in any way with the association, but who contributed a week of his time and talent to the cause, which he is convinced is most beneficial to the cotton farmers of this state. Dr. Daniel gave details of the plan of the association in a very illuminating and convincing manner.

Henry S. Johnson, district agent of the farm demonstration forces with headquarters at Aiken, was also present at the meeting and made a talk at each meeting.

#### Meetings for Olar and Govan.

In connection with the campaign in the interest of cooperative marketing of cotton, County Agent John D. Brandon requests publication of the following announcement:

"The following meetings have been scheduled in the interest of the cotton farmer:

"Olar, S. C.—April 1, at 11 a. m., in the K. of P. hall.

"Govan, S. C., on the same date at 3 p. m.

"Marketing of cotton will be the principal subject discussed. The S. C. cotton growers are making a wonderful effort to put cotton marketing on a business basis, signing up 50,000 bales in the association in the last few weeks and this movement deserves the aid of professional men, merchant and farmer. Every one should be one and help this to be a successful meeting."

#### Pastor Falls Resigns.

At the morning session at the Baptist church, last Sunday Rev. O. B. Falls tendered his resignation as pastor and acceptance of the pastorate of the church at Bamberg, S. C.

The news that Brother Falls is to leave Marion was received with deep regret by the people of our town and church. The community will feel heavily the loss of his influence and efforts in every movement tending to upbuild and advance the Baptists of the community and church. The growth of the church under his leadership has been marvelous—118 additions to the church, and the Sunday school having over doubled in the last year. Mr. Falls's sermons are of rare charm and effectiveness and joy to those that have the advancement of Christ's kingdom at heart. His sermons are always vibrant with power, and heart searching appeals. We feel that our loss is the brethren of Bamberg's gain.—Marion letter to Baptist Courier.
