**NOTICE CONCERNING PLOWING  
IN PUBLIC ROADS.**  
Pursuant to recommendation of the Bamberg County Grand Jury, the landowners of the county cultivating lands adjacent and adjoining public roads are hereby urged to plow into or allow their hands to plow into the roads. Landowners are requested to plant two or three rows of crops adjacent to roads parallel with the road, so that there may be proper turning space without the necessity of turning plows in the roads. It is against the law to allow plows to damage the roads, and it is an unnecessary practice. The county spends large sums of money in road building, and the roads belong to the people. I have no desire to prosecute anybody, but I must insist that this practice be stopped immediately. The farmers and tenants can cooperate in this respect, and there should be no necessity of bringing action against anybody. Full notice is being given before I take such action.
