

The Three Day Test

—How It Showed Me The Way
To New Life And Tireless Energy

THOUSANDS of men and women—once thin, exhausted and run-down—now know the way to new life and sparkling vitality. And this way is now offered you entirely free, to try. Send for the amazing Three Day Test of Ironized Yeast. Then get ready for a surprise!

One Woman's Experience
From all sides comes reports of the remarkable results secured through Ironized Yeast. The following un-
fettered letter is typical of the hundreds we are receiving.

I received your trial package of Ironized Yeast last week, and I cannot tell you how much better I feel. Before I finished the trial I knew it was helping me, so I purchased a full package.

My husband is just delighted with the improvement in me. He tells me I have more life now than I ever had. Why, I always used to feel 'all in' after my housework, but now I can do more work than ever, and never feel the least bit tired. Ironized Yeast is simply—did I say—
—And thousands of others tell the same story.

The Reason Behind the Results
The reason Ironized Yeast brings such amazing results in so many cases is because it not only contains just the right amount of all three essential vitamins, but in addition contains a type of yeast which has positively no equal as a reconstructive agent—a yeast

(IRONIZED YEAST) Tablets
HIGHLY CONCENTRATED VITAMINE TONIC
Note:—IRONIZED YEAST is sold at all Drug Stores on our guarantee of complete satisfaction from the first package or your money refunded.

which is cultured expressly for medicinal purposes, and which is entirely different from the yeast found in ordinary 'yeast tablets.'

But even more important than this is the fact that this yeast has been ironized—or treated through a scientific process with a special form of easily assimilated organic iron, similar to the iron found in spinach. When yeast is ironized in this manner it is found that results are not only more permanent, but are secured just twice as quickly!

Help The Kidneys

Union Readers Are Learning The Way.

It's the little kidney ills—The lame, weak or aching back—The unnoticed urinary disorders—That may lead to dropsy and Bright's disease.

When the kidneys are weak, Help them with Doan's Kidney Pills. A remedy especially for weak kidneys.

Doan's have been used in kidney troubles for 50 years. Endorsed by 50,000 people—endorsed at home. Ask your neighbor. Proof in a Union citizen's statement.

Mrs. J. E. Smith, 8 Mill St., says: "A few years ago I was troubled a whole lot with my kidneys. I had pains in the small of my back, severe backaches and nervous and dizzy spells at times. Black specks would blur my sight and I was tired and languid. My kidneys didn't act right and annoyed me very much. As one of the family had great faith in Doan's Kidney Pills, I got two boxes. They entirely cured me of my trouble."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Smith had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Wireless Telegraphy Helps Government

Mexico City, Feb. 8.—Wireless telegraphy has contributed greatly to keeping down revolution in Mexico and the government, recognizing its value, is establishing stations in every large city in the republic.

Officials assert that by using the wireless they are able to communicate directly and indirectly with military headquarters and thus are able to head off many incipient uprisings which might grow into serious revolutions if not promptly checked.

In the old days the first thing a band of rebels did was to cut all telegraph and telephone wires, thus isolating the region of revolt.

In its station at Chapultepec Park here the Mexican government has one of the largest and best equipped plants on the continent. During the Carranza administration the station was practically idle but during the past few months it has been used daily by the government in sending official news letters to Central and South American countries and in keeping its ministers and consuls informed of affairs at home.

It has been announced that the government expects to open the station shortly for commercial work.

It has also been found that the station here can be used as a supplement for the land wires throughout the republic and congestion on the latter is often relieved by the Chapultepec plant.

Ignacio Galindo, who for many years has been identified with wireless activity in Mexico, will represent the republic at the radio-telegraph convention to be held in Rome next April.

Newspapers Sold For First Time in Years

Stockholm, Feb. 8.—Russian newspapers now, for the first time in years, selling daily papers in the streets of Moscow merely exchange a bundle of papers for an armful of rubles. Street sales of daily newspapers are now permitted in all Russian cities, according to Russian correspondents of Stockholm papers.

The Moscow Ivestia, formerly given free of cost by the Soviet government to Soviet officials was put on sale at 2,000 rubles a copy. A boy who sold 50 of them would be loaded down with 100,000 rubles in Bolshevik currency.

The first day's sale of a Moscow daily in that city amounted to 10,000 copies at 2,000 rubles per copy, or a total of 20,000,000 rubles, but on the second day the sales fell off, and in about a week, only some 6,000 copies of daily papers were being sold.

Texas-Mexico Division Of Bankhead Highway

Dallas, Texas, Feb. 7.—Further progress toward perfection of the Texas-Mexico division of the Bankhead highway is expected at the meeting of the Bankhead Highway association to be held at Phoenix, Ariz., April 24-29. F. E. Morris, president of the Automobile Club of Texas, has received word to this effect from J. A. Roundtree of Birmingham, Ala., director-general of the Bankhead association.

The Automobile Club of Texas has completed a log and map of the Texas-Mexico division and marked the highway its entire length. The division extends from Mt. Pleasant, Texas, to Laredo, Texas. The club has received President Obregon's endorsement of the proposed extension of the Bankhead and Meridian highways to the Mexican capital, Mr. Morris said, thus creating an international tie that will be beneficial to both the United States and Mexico.

The Automobile Club of Texas is planning to aid in demonstrating to the communities along the Mexican extension the value that would accrue as the result of having a logged and mapped international highway traversing them. Mr. Morris said the club hopes to send a party over the route to do preliminary work and to talk up the highway to the Mexicans.

The Meridian highway extends from Winnipeg to Laredo. Its extension to Mexico City is being considered. The Bankhead connects Washington and Laredo. Over two routes from Hot Spring which join at El Paso, one through Oklahoma and New Mexico and the other entirely through Texas, it extends through Arizona again splitting at Lordsburg, and converging again at Tempe. It has its western terminus at San Diego, Cal.

Financial Depression Increases Unemployment

Rome, Feb. 8.—The financial depression has increased unemployment in Italy. To relieve the situation, the Italian government has allotted 263,000,000 lire, equivalent at par to \$53,600,000, for public works. This is in addition to relief works undertaken by local government bodies.

The government fund will be used in hydraulic works, harbor improvements, dredging channels, coast protection works and similar enterprises. The last official figures showed 492,368 unemployed and 45,626 on part time in Italy in November last.
