Land for Negroes.

THE Subscriber wishes to exchange Land for
Negroes, from 500 to 2000 acres, in a body,
will be thus given in exchange, so as to suit the
purchaser. This Land is in the State of Missis-
sippi, on a beautiful little river, that affords the
most healthy and advantageous settlements in the
South, and is first rate Cotton Land, and only
about eighteen miles from the bank of the Mis-
sissippi river, where we consider the head of com-
merce, and about forty miles above Natchez. On
this land are several beautiful situations, having
good springs convenient. It extends up and
down the little river about four miles, including
each bank.

The Title is indisputable, it all having been
purchased of Government. Liberal prices will
be allowed for Negroes, and the land rated at a
low price. It is deemed needless to say, that the
price of land, in a few years, will greatly increase
in this section of country, as it is so well known
that commerce will continue to increase on the
Mississippi, and the good lands adjacent to it, be
generally cultivated.

Any person wishing to make such an exchange,
will please write to the Subscriber, at Port Gibson,
State of Mississippi, which will be attended to
immediately.

The Grist Mill Reversed.

THE subscriber have purchased the exclusive
right for the State of South Carolina west of
the Great Pee Dee river for the above MILL, and
will dispose of rights for whole districts or to in-
dividuals. The Mill is in every respect the same as
the common Mill, only that the upper stone is
made fast and the under one is the runner; they
are worked with a band and the same works that
drive the Cotton Gin; they can be construed so
as to be worked with one or two horses or even
by hand.

We will have one in operation in a few days
where the utility of the domestic Mill will be seen
by all that may call. When it goes into operation
we will give further information.
They also have the right for the CORN SHELL-
LING machine which will be in operation shortly.
WM. MCREIGHT & SON.
Wainsborough, April 26. 17 1/2

RAGS WANTED.

THE Subscribers are about to erect a PAPER
MILL in the vicinity of this place, and its
success depends in a great measure upon the aid of
almost every person in the community in preserv-
ing the only material that can be used in the man-
ufacture of this useful article; house keepers, and
all others, are therefore earnestly solicited to col-
lect and preserve all RAGS produced in their fam-
ilies. There is not a house but will afford many
pounds in the year if attention be paid to sav-
ing them. It will afford to the poor many neces-
saries which would otherwise be lost to them; and
the rich, by allowing them as a perquisite to some
favorite servant, will render essential service to
this infant manufactory, of our own state; and we
flatter ourselves that the aid of the community in
this respect will enable us to perfect this under-
taking, and by that means keep in circulation in our
own state, and among all classes, very large sums
of money that are yearly carried out of it for the
article of paper. There is no rag originally com-
posed of flax, hemp or cotton, but which will an-
swer for some kind of paper.

The following prices will be paid for all Rags
delivered at the store of Mr. William T. Little in
this place.
White Linen, \$3 per 100 lbs.
Cotton, Flax or Hemp, 2 per 100 lbs.
