

## GREW DESPONDENT Over Her Troubles

Once was "Most Wretched Persons," Says Mrs. Greene But Now Am Happy

Gained 10 Pounds After Taking Tanlac and Improved Considerably

"Before I began taking Tanlac I was the most wretched person I expect you ever saw, but now I am as happy as I can be over the good that Tanlac has done me," said Mrs. Maggie Greene, of 1219 Avenue A, Ensley Ala.

"For a long time I suffered from indigestion and stomach trouble," she continued, "and had grown so weak from loss of energy that I really took no interest in anything. I would suffer for hours from gas on my stomach that made me dizzy and gave me palpitation of the heart. I fell off until I weighed only 35 pounds and was so weak and run down I could not do any work about the house. I was so over, and I got so cross and fretful I was not like myself at all and was growing more despondent every day."

"Nothing I took seemed to reach my troubles, and I just went from bad to worse. My husband got a bottle of Tanlac for me, and as soon as I began taking it I started to improve and began to eat and my appetite got better every day. The disagreeable fullness does not trouble me any more after meals, and I just feel fine. In fact, I do not know what it is to have a pain now. I sleep like a log at night, have gained ten pounds, and everyone tells me I look like a different woman."

Tanlac, the master medicine, is sold exclusively at Harmon Drug Co., Lexington; Burnette and Whetsell, New Brookland; Harris-Cain Drug Co., Batesburg; Crosson Drug Co., Leesville; Eargle's Drug Store, Chapin; Dr. W. T. Brooker, Swansea; Pelion Drug Co., Pelion; W. J. Cayce, Cayce; A. E. Leaphart, Gilbert; The Lorick Co., Irmo; W. H. Suber, Peak. Price, \$1.00 per bottle, straight.

### ARMY INCREASE.

The draft calls issued for the entire country includes every state and District of Columbia, to furnish men to leave for the various camps between August 30 and September 6th. One hundred and eighty six thousand civilians will don United States uniforms, for general military service.

For Camp Jackson are listed:

South Carolina	1,400
Florida	500
New York	5,900
North Carolina	700

South Carolina also sends 400 negroes to Camp Greenleaf. Other troops will be assigned for entrainment, as the soldiers now in camp, are sent away, which according to Gen. March's order will be as rapidly as possible. Then the call for more man-power from ages 18 to 45 already passed the congressional house, and likely to pass the Senate, this week, will aggregate between four and five million men for the U. S. service. This force, when properly entrained, will be sufficient to meet all exigencies demanded of the United States, to be joined by the forces of Great Britain and France. This is supposed to be ample to bring the war to a close sometime next year.

### Good Liniment for Lameness.

"I have found Chamberlain's Liniment a splendid remedy for lameness, soreness of the muscles and rheumatic pains," writes Mrs. J. W. Wallace, Macon, Mo. Mrs. Wallace says further that "it is the best liniment we have ever had in the house."

### THE "50-50" RULE STILL IN EFFECT.

Household Released From "No Wheat" Pledges, But Must Still Use Equal Amount of Wheat Substitutes.

Columbia.—Housewives who practically put their homes on a wheatless basis last spring have been released from their pledges by the Food Administration to go absolutely without wheat until the harvest. As no change has been made in the "fifty-fifty" rule, however, housewives will continue to purchase an equal weight of wheat substitutes with their wheat flour. Bakers are still obliged to make Victory Bread, which must contain at least 25 per cent wheat substitutes.

The coming in of the new wheat crop has made it possible for the nation to go back partially to its old habit of eating, but the uncertainties of war and the necessity for building up a food reserve are incentives to caution, even in the face of a good crop.

Public eating places are likewise released from their "no wheat" pledges.

### ALLIED FOOD CONTROLLERS URGE ELIMINATION OF WASTE.

Columbia.—Herbert Hoover, federal food administrator, has cabled the following joint resolution of the Food Controllers of the United States, France, Italy and Great Britain back to America:

"Resolved, that while the increased production of the United States renders it possible to relax some of the restrictions, which have been borne with peculiar hardship upon all our peoples, yet it is absolutely necessary that rigid economy and elimination of waste, in the consumption and handling of all foodstuffs as well as increased production, should be maintained throughout the European allied countries and in North America. It is only by such economy and elimination of waste that the transportation of the necessary men and supplies from North America to the European front can be accomplished and that stocks of foodstuffs can be built up in North America as an insurance against the ever present danger of harvest failure and the possible necessity for large and emergency drafts to Europe. We cannot administer the food problem on the basis of one year's war. We must prepare for its long continuance if we are to insure absolute victory."

## WILL BUY FORAGE FOR ARMY CAMPS

South Carolina Farmers Who Have Forage to Offer Will Find Ready Market in This State—All Offers Will Be Given Consideration.

Columbia.—August Kohn, chairman of Conservation and Production of the Food Administration for South Carolina, has received a letter from the Chief of the Forage Branch of the War Department, Quartermaster's Division, stating that offers of forage from farmers and dealers having it for sale in the neighborhood of the army camps and cantonments will be gladly received and will be given consideration.

"In fact, says the letter, we are here to buy forage for the government wherever we can do so to the best advantage, all things considered."

It is advised when contractors or farmers are submitting their proposals on forage they should state the kind and grade of forage they have to sell, the quantity and its location, the time they can make shipment, and the price. If prices are satisfactory, purchases will be made, it is assured.

All proposals should be addressed to Chief of the Forage Branch, Office of the Quartermaster General, United States Army, Lytton Building, Chicago, Ill.

Mr. Kohn has been working for some time past to assure this assurance from the Government, as it has been felt that farmers in this and other States, who have forage to sell should be given consideration, especially when it is considered that the camps and cantonments offer the natural market, and the saving in freight to the Government would be a factor not to be disregarded.

## Rheumatism Arrested

If you suffer with lame muscles or stiffened joints look out for impurities in the blood, because each attack gets more acute and stubborn.

To arrest rheumatism you must improve your general health and purify your blood; the cod liver oil in Scott's Emulsion is Nature's great blood-maker while it also strengthens the organs to expel the impurities. Scott's is helping thousands who could not find other relief. Scott & Bowne, Bloomfield, N. J.

### COOPERATION NECESSARY TO PREVENT SUGAR FAMINE.

Columbia.—There is shortage of sugar. There will be no sugar famine. This is the assurance given by the Food Administration.

While manufacturers using sugar and the trade are under rigid restrictions, conservation of sugar in the household is no honor; but the Food Administration is able to give positive assurance that there will be no sugar famine only upon the presumption that the American people are going to conscientiously and patriotically live up to the regulations—an allowance for the household of two pounds per month per person.

"We cannot in honor compel Europe to do with less while we take more for ourselves," says the Food Administration.

Canning is good economy, and sugar for canning may be had on certificates, but so far as possible fruits and vegetables should be put up without sugar.

The success of the sugar program of the Food Administration depends largely upon the honor and cooperation of the American people.

No matter how high gasoline may go the movie heroes will continue to have "vehicles."
