First Victory Boy's Work.

"Say, I'm wise to you, all right," a Western Union messenger boy whispered to one of the directors of the United War Work Campaign in the New York headquarters. The director's desk had only just been moved in and the work of the big drive had hardly begun.

"I'm onto your stunt," the boy went on as he swung a grimy fist over the desk; "you're goin' to give us fellows that ain't old enough to go to war a chance to earn an' give to back up a fighter an' help win the war. Listen; I'm in on this."

The crumpled \$5 bill he dropped on the desk made him the first of "a million boys behind a million fighters" who are to be lined up as Victory Boys during the week of the drive.

There will be a division of Victory Girls, too, and every boy and every girl enrolled will have to earn every dollar he or she gives to the war work fund.

SERVICE THAT WINS THE SOLDIER HEART

Fred Lockley, Y. M. C. A., Tells of the Gratitude of the Boys at the Front.

"One of the discoveries men are making over here," Fred Lockley, of the Y. M. C. A. and of Portland, Oregon, writes from London, "is that more pleasure can be had out of giving than getting. Many a man who has spent money freely in the old days to buy pleasure is finding that he gets more pleasure over here by the spending of one's self in the service of others. "A few months ago I went out with a fellow Y. M. C. A. secretary to hunt up out-of-the-way detachments of troops. A stable guard here, a machine gun company there, a platoon somewhere else. We carried our goods in an automobile. We had plenty of writing paper and envelopes for free distribution, and chocolate, cookies, chewing tobacco and smoking tobacco, cigarettes, razor blades, tooth paste and things of that kind for sale. American war service workers were busy everywhere. We found Salvation Army lassies making doughnuts for the boys and K. of C. secretaries giving help. Books furnished by the American Library Association were to be seen on all sides. "Hearing firing at a distance, we drove down the road and found a score or so of men at machine gun practice. The officer gave the men half an hour recess to buy goods. "At another place we came in sight of a lieutenant drilling a platoon. I said to the lieutenant: 'How soon before you dismiss the company?' We have Y. M. C. A. goods for sale.' "He said: 'Right now. Sergeant, dismiss the company!' "And ten seconds later the company was in line waiting to buy goods from our traveling 'Y.' Grateful is no name for it. The men can't do enough to show their gratitude."

"I will ring off hoping all well, I am enjoying the best of health, give my love to all, your son as ever. Mch. John C. Amick, C. C. 318 M. G. Bri, American E. F. in France U. S. A. P. O. 791, Somewhere in France Oct. 3, 1918.

Chas. E. Taylor, Lexington, S. C.

Dear Brother: I will write you a few lines to let you hear from me I am doing fine and have good health, and I hope this letter will find you and all at home well and enjoying life well.

I do not think it will be long more until we will be home I think the Dutchmen are about whipped. I am sleeping in a Dutchman's dugout tonight we are with the inf. we stay two miles behind the lines and bury the dead, and we are burying more dead dutchmen than Americans too. It is wonderful how those Dutch have dug outs arranged and trenches built it looked as if they thought they would live in them for ever, but our boys put them out and we are now using them ourselves well I will close, write me soon.

Why You Should Give Twice What You Did Before

The government has fixed the sum needed for the care of the men in the service at \$170,500,000.

Unless Americans give twice as much as ever before our soldiers, sailors and marines in 1919 may not enjoy their

INTERESTING LETTERS FROM OUR SOLDIER BOYS IN FRANCE.

Write to Friends and Loved Ones and Tell of Life On the Front, Line and of Things that Happen "Over There."

Below we print several letters received by parents and friends from some of our boys who are in France fighting for their country: France, Sept. 22, 1918.

Dear Sis: I guess you think I am dead, for I have not wrote you in a long time. I have not had much time, but I have time today and I thought I would write you.

I'm doing fine and hope you all are the same. I have been to the firing lines and saw the large guns at work and saw some of the Germans shells burst, they bursted close around us but did not hurt anybody, but they sure give it to the Germans they are capturing them every day by large quantities. I do not think this war will last much longer for I think the Germans are about whipped now. I guess we will go to the firing lines soon again; our work is not so dangerous we go behind and build roads to get the provisions to the boys in the front. I will close will write again soon. Just got eight letters the other day the first I got since I left Camp Jackson was sure glad to hear from home.

Your Brother Oscar P. Taylor.

Somewhere in France Oct. 10th, 1918.

Mr. and Mrs. T. W. Amick, My dearest father and mother.

I will try and answer your letter, which I received a few days ago and was glad to hear from you all and to know all was well and enjoying good health, these few lines leave me enjoying the best of health and just as happy as can be I would have written you all before now, but I have not had any paper to write as I am in the trenches fighting with the rats and believe me I sure am enjoying being in the trenches as it is great sport for me. Mama you can tell Ethel and Houseal that I will write to them just as soon as I can. As paper and envelopes are scarce over here in the trenches, but you can tell them if they send me a sheet of paper and an envelope in their letters I can answer every letter. Ethel ask me if the people raise cotton and corn over here, I have not seen any corn, cotton over here. They raise wheat, oats, Irish potatoes and grapes only, tell Katie M. and Janie Lee C. that I will answer their letters just as soon as I get paper, you ask me if I had received any letters. Sure I have received Mrs. Mary E. ever heard from Marion E. Since he has landed over here. I have not seen him at all nor none of the other boys that I know. Dad I guess you is having a time by your self with the crop are you not, when have you seen Mr. Swygert, give him my best regards when you see him.

I will ring off hoping all well, I am enjoying the best of health, give my love to all, your son as ever. Mch. John C. Amick, C. C. 318 M. G. Bri, American E. F. in France U. S. A. P. O. 791, Somewhere in France Oct. 3, 1918.

STATE FAIR WILL NOT BE HELD.

Definite announcement was made last night that no State fair will be held this year.

In giving a final decision in the matter it was emphasized by D. F. Efrid, secretary of the State Fair Association, that three different phases of unfavorable circumstances had to be considered.

The first was general demoralization, incident to the prevalence of Spanish Influenza, which caused indefinite postponement of the fair several weeks ago, the original dates for the annual event being October 28, November 1, inclusive.

Another was the congested condition of the railroads, which precluded the possibility of assembling the exhibits with any degree of satisfaction.

The third and equally convincing reason for annulment of the plan for a fair this year was the general unrest of the people on account of the war and pressing shortage of labor.
