

# A JUDGE'S WIFE

### Quickly Cured by a Short Course of Pe-ru-na.

**MRS. MINNIE McALLISTER**, from 1217 West 2d street, Minneapolis, Minn., writes as follows:

"I suffered for years with a pain in the back and legs, and at times the pain was so bad that I could not get out of bed. I consulted a number of physicians, but they could not help me. I was told to take Pe-ru-na, and I did so, and in a short time I was cured. I feel as well as I have ever felt, and I can do all my usual work. I am very grateful to the doctor who recommended Pe-ru-na, and I feel that it is a most valuable medicine."

"I have suffered for years with biliousness and kidney and liver trouble. I have a pain in my right side, just below the ribs. I have a pain in my back, and at times the pain is so bad that I cannot get out of bed. I consulted a number of physicians, but they could not help me. I was told to take Pe-ru-na, and I did so, and in a short time I was cured. I feel as well as I have ever felt, and I can do all my usual work. I am very grateful to the doctor who recommended Pe-ru-na, and I feel that it is a most valuable medicine."

## KILLED IN TORNAO

### 26 Lives Lost and Great Destruction of Property

### 36 WERE SERIOUSLY WOUNDED

### The Tornado Struck the Southern End of Town and Cut a Clean Swath 100 Yards Wide Through its Entire Length.

Marquette, Wis., Special.—When darkness fell over this stricken city Tuesday it was known that 26 lives had been lost in the tornado that wrecked part of Marquette early and did much damage in this vicinity. Of the injured 36 were seriously hurt, and some of them may die. Several of the others are suffering from broken limbs and internal injuries. In several cases entire families have been killed. A man named Switzer, a night watchman at the railroad yards, lost his three children. N. P. Nelson, with his wife and three children, were found dead. Two other children were not at home and escaped injury.

Tuesday night order had practically been brought out of the chaotic condition that prevailed and a relief committee had been organized. Among the relief sent from outside were 25 pupils from Bethany College, who acted as nurses.

**TRONADO 100 YARDS WIDE.**

The tornado struck the southern end of the town and cut a clean swath 100 yards in width through its entire length. Coming as it did at midnight, the people were caught without any warning. A heavy rain storm had preceded the wind. When daylight broke over the town it found the entire population in a state of panic. Business was entirely suspended and every one who escaped injury turned his attention toward aiding the wounded.

The tornado seems to have formed three miles south of Marquette and did not spend its force until it had passed many miles north of the town. In Marquette the residence portion west of the Main street bridge was the most damaged. The houses in the course of the tornado were all, with two or three exceptions, completely wrecked. In this section there were a number of modern residences, of which only one was left standing. The Swedish Lutheran and Methodist churches were among the first buildings struck and they, together with the parsonage adjoining the Methodist church, were demolished.

Monday afternoon was hot and oppressive. Late in the evening a terrific rain broke over the town. The rain continued to fall in torrents until midnight, when the tornado struck. Within less than five minutes it had wrought its terrible work and passed on. Telegraph and telephone wires were carried down and it was several hours before those outside could be apprised of the plight of the city.

It was not until 8 o'clock that physicians and surgeons began arriving from surrounding towns. In the meantime dozens of volunteers set to work to clear away the debris and extricate the dead and injured. The Swedish Lutheran parsonage and several private residences were turned into temporary hospitals. The dead were taken to a store room near by.

## Private Car Lines

The railroads seem very willing to have the private car lines brought under the jurisdiction of the Interstate Commerce Commission. A railroad President is authority for the statement that for any one who is not a discriminator, the question of excessive charges and the question of the right to set the rate is a matter for the shipper to settle with the carrier, so long as there is no law to govern the rates. Car mileage paying has been decided to be as legal as the payment of rental for property.

## HOUSEHOLD ACCOUNTS.

Keeping accounts may be a little troublesome, but it is quite worth while. Have just one book, rather thick, that will do for everything. Turn the front part into a cash account. Open the book out flat, write down your allowance on the left-hand page, and on the right put down what you have paid the butcher, baker, etc.—everything even to a postage stamp. Then once a week, or oftener, balance. Balancing is nothing harder than subtracting the total of the money you have spent from what you should have in cash.

## NARROW ESCAPES.

Dr. Lund, the Lutheran pastor, passed about among the suffering, ministering to their comfort, while thirty or forty other persons, working under his direction, cared for the injured at other points.

There were many narrow escapes from death. The infant daughter of Chas. Salton was lifted in her bed and carried to the middle of the street, receiving only a few scratches. Salton and his wife were seriously injured. The mattress upon which the baby daughter of the Rev. Smith was doubled up in such a manner as to cover the child and protect it from falling timbers. In spite of the destruction of the Smith house, the entire family escaped unhurt. Mr. and Mrs. O. J. Elvin were carried on their beds, a distance of 500 feet and laid down without being seriously injured.

## Damage in Missouri and Kansas.

St. Joseph, Mo., Special.—A terrific wind storm at 9:15 o'clock Tuesday worked havoc to many buildings in this city and vicinity. At Elwood, Kansas, across the Missouri river from this city, a large elevator belonging to the Harroun Company, was partially destroyed. Four men are imprisoned in the wreckage, and it is believed that they cannot be extricated alive. The loss is \$100,000. The walls of a five-story brick building in St. Joseph belonging to the Roberts-Parker Grocery Company were blown down. Five men in the building narrowly escaped.

## General Badger Dead.

New Orleans, Special.—General Al-gerton S. Badger, United States appraiser for New Orleans, is dead, aged 65. General Badger was in command of the Metropolitan police in the battle of the 14th of September, 1874, when Governor Kellogg was overthrown and was seriously wounded. In 1878 he was made postmaster and thereafter was collector of customs and later appraiser.

## Greene and Gaynor Still Fighting.

Montreal, Special.—It was made known before Judge LaFontaine that it is the purpose of the defense in the Gaynor-Greene case to show that their offense, if proven, is not extraditable. They will call a number of United States lawyers, the first of whom Abraham J. Rose, of New York, testified to that effect today. They will also endeavor to prove that the defendants are charged with conspiracy in Georgia, while it was such a conspiracy, they claim it was consummated in New York.

## Twenty Warships Sighted.

Hong Kong, By Cable.—The German steamer Neumuhlen arrived here Monday from Colombo, March 28, and reports having sighted 45 vessels, of which 20 were warships, in the vicinity of Kamranh Bay, Annam, May 28th. The coasting steamer Haimun, which also has reached this port, observed a Japanese cruiser off Amoy, Straits of Formosa.

## Investigation of the Packers

Very general interest has been manifested in the Government investigation now in progress into the mode of conducting business by the large packers located in Chicago and elsewhere. Much has been written upon the alleged illegal importation of meat of business procedure connected with the packing industry; but it seems that so far no definite charge of any kind has been sustained and no proof of illegal or inequitable methods has been disclosed to the public. While a wave of severe criticism of this great industrial interest is now passing over the country it might be well to remember that the packers have had as yet no opportunity to make specific denial, the many indefinite charges of wrongdoing having never been formulated so that a categorical answer could be made.

The recent report of Commissioner Garfield, which embodied the results of an official investigation undertaken by the Department of Commerce and Labor of the United States, was a vindication of the Western packers, but this result having been unexpected attempts in many quarters to discredit it were made.

In view of the attention as it now stands, however, attention may properly be called to a few facts that owing to popular clamor are now being apparently overlooked. Fair treatment in this country has heretofore been accorded to all citizens whose affairs and some of the facts that bear upon the relation of the packers to the commerce of the country may at this time be briefly alluded to. It would be difficult to estimate the benefits gained by the farmers of the country resulting from the energetic enterprise of the packers, for whatever is of benefit to the farmer is a gain to the entire commerce of the country. And content with their continuous aggressive work, the packers have been more important than their efforts in seeking outlets all over the world for the surplus products of the farmer. Our total exports of agricultural products have gained but little in the past twenty years, and leaving out corn, the total of all other farm products was far less in 1903 than in 1891. But in packing house products there was considerable gain during this period, because an organized and powerful force has been behind them seeking new and broader markets.

Besides the benefits reaped by farmers on account of the enterprise and energy exercised by the packers in attaining commercial results by foreign trade, the great development in the manufacture of packing houses by products has added enormously to the value of all live stock raised in the United States. The waste material of twenty years ago, then an expense to the packer, is now converted into articles of great value, and as an economic fact this must correspondingly increase the value to the farmer of every head of cattle marketed at the numerous stock yards of the country. Let these facts be remembered while we are so popularly regarding the trade of great industry as deserving of condemnation. At least it must be admitted that, so far, there is no adequate reason for the almost unanimous howl that may be heard everywhere in the face of the Garfield report above alluded to which practically exonerates the packers from the obscure and indefinite charges that have been for some time past made the subject of popular comment.

## "IT SAVED MY LIFE"

**PRaise FOR A FAMOUS MEDICINE**

Mrs. Willadsen Tells How She Tried Lydia E. Pinkham's Vegetable Compound Just in Time.

Mrs. T. C. Willadsen, of Manning, Iowa, writes to Mrs. Pinkham:

"I can truly say that you have saved my life, and I cannot express my gratitude to you in words."

"Before I wrote to you, telling you how I felt, I had doctored for over two years, and spent lots of money on medicines besides, but it all failed to help me. My monthly periods ceased and I suffered much pain, with fainting spells, headache, backache and bearing-down pains, and I was so weak I could hardly keep around. As a last resort I decided to write you and try Lydia E. Pinkham's Vegetable Compound, and I am so thankful that I did, for after following your instructions, which you sent me free of all charge, my monthly periods started. I am regular and in perfect health. Had it not been for you I would be in my grave to-day. I sincerely trust that this letter may lead every suffering woman in the country to write you for help as I did."

When women are troubled with irregular or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, flatulency, general debility, indigestion and nervous prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

No other female medicine in the world has received such widespread and unqualified endorsement. Refuse all substitutes.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

## The Secret of Good Coffee

Even the best housekeepers cannot make a good cup of coffee without good material. Dirty, adulterated and queerly blended coffee such as unscrupulous dealers shovel over their counters won't do. But take the pure, clean, natural flavored **LION COFFEE**, the leader of all package coffees—the coffee that for over a quarter of a century has been daily welcomed in millions of homes—and you will make a drink fit for a king in this way:

**HOW TO MAKE GOOD COFFEE.**

Use **LION COFFEE**, because to get best results you must use the best coffee. Use **LION COFFEE** rather than any other. Use 1/2 tablespoonful to each cup, and one extra for the pot. First mix it with a little cold water, enough to make a thick paste, and add white of an egg (if egg is to be used as a settler), then follow one of the following rules:

**1. WITH HOT WATER.** Add boiling water, and let it boil THREE MINUTES ONLY. Add a little cold water and set aside five minutes to settle. Serve promptly.

**2. WITH COLD WATER.** Add your cold water to the paste and bring it to a boil. Then set aside, add a little cold water, and in five minutes it's ready to serve.

**3. (Don't boil too long.)** Don't let it stand more than ten minutes before serving.

**4. (Don't use water that has been boiled before.)**

**TWO WAYS TO SETTLE COFFEE.**

1st. With Eggs. Drop part of the white of an egg, mixing it with the ground **LION COFFEE** before boiling.

2d. With Cold Water. After boiling add a dash of cold water, and set aside for eight or ten minutes, then serve through a strainer.

**Insist on getting a package of genuine LION COFFEE, prepare it according to this recipe and you will only use LION COFFEE in future.** (Sold only in 1 lb. scaled packages.)

(Save these Lion-heads for valuable premiums.)

**SOLD BY GROCERS EVERYWHERE**  
**WOOLSON SPIGE CO., Toledo, Ohio.**

## Pick Your Premium

Your Choice of 56 Valuable Articles

You can get them easily and quickly—and you'll be surprised at their value. Five of the premiums are illustrated above. For full description and pictures of the whole list see the little Good Luck Premium Book in each can. The positive purity, the perfect wholesomeness of

# GOOD LUCK Baking Powder

make it the most widely chosen of all leavening agents. During this year 16,145,114 pounds have been sold (many orders coming in for car-load shipments), which is the largest business for a single factory in the world. This is only the inevitable result of the original Good Luck plan—to furnish the best baking powder in the world at the lowest price—10 cents a pound.

Good Luck is the best because it is purest, because it produces the lightest, whitest, sweetest of baking. These results are due to its unequalled leavening force, to the fact that it contains no adulteration whatever.

It is the most economical because it takes less to do the work than any other baking powder. If your dealer doesn't sell Good Luck let us know, and we'll see that you are supplied at once.

**THE SOUTHERN MFG. CO., Richmond, Va.**

This is the Coupon found on each can.
