To regulate the one of the Sewerage System in the City of Canden, B. C.

He it ordained by the Mayor and Aldermen of the City of Canden, B. C., in Council assembled:

Section 1 That the Sewerage system of the City of Canden shall be under the control of the Committee on Water, Lights and Sewerage, and the duty of securing and enforcing full compliance with all rules and regulations governing house connections with the sewer shall be sever aball be severage and the compliance with all rules and regulations governing house connections with the sewer shall be sever aball be severage and the connected with the sewer shall be severage and the connected with the sewer shall be severage and the connected with the sewer shall be severage and the connected with the sewer shall be severage and the connected with the sewer shall be severage and the connected with the sewer shall be severage and the connected with the sewer shall be severage.

Sec. 12. Every house orbuilding to be connected with the sewer shall be severage.

Sec. 20. A. I fixtures shall be arrated to the connected with the sewer shall be severage.

duty of securing and entormous duty of securing and regulations governing house connections with the public sewers shall be vested in said Committee, or their authorized agent. The duly authorized agent of said Committee shall be an Inspection of Sewers and Plumbing, who shall be chosen by City Council of the City of Camden, and shall receive such of Camden, and shall receive such of Camden, and shall receive such of the public Sewer to within three (3) feet of the public Sewer of the public Sewers of the public Sewer of the public Sewer of the public Sewer to within the other of the public Sewer to within the other of the public Sewer of the publi purpose at the office of the Inspector of Plumbing of the City of Camden, giving name and place of business. It shall turther be the duty of every person or firm carrying on a business of plumbing to give a good and sufficient bond, in the sum of Five Hundred Dollars (\$500), to be approved by the Mayor of the City of Camden, condi-tioned upon the observance of the rules and regulations contained in \*Cotton mills can't make divior Streets or side-walks of said City. or for the use of defective or improper material used in said work, whereupon such person or firm may be duly licensed by the City Clerk to conduct

license shall be paid, in advance, the fee designated therefor. Sec. 2 No person or persons shall be permitted to do any plumbing of any kind in the City of Camden unless he or they be in the employ of or under the supervision of a licensed plumber. Any person convicted of a violation of this section shall be fined not more than one hundred dollars (\$100) nor less than twenty dollar-(\$20), or be imprisoned not more than thirty days. Should any property owner refuse to pay for the class of work and materials required by this ordinance, the contractors will cline the work and report the same to takes the contract without the neces

sary changes shall forfeit his license Sec. 3 Before any portion of the system of any building snall be laid or constructed, there shall be filed by the the Inspector of Sewers and Plumbing a written application for such consmployment for the reason stated nections, stating the location of the only four days out of a week, the building, with plan of same, showing in detail the entire proposed connechouse rent of those who occupy tion from the public sewer through the house to the terminus, showing the location of all fixtures, traps, vent duced one third. Idle opera- pipes, etc. This plan shall be inspecttives and their families are sup- ed and approved, corrected or manposed to be compelled to eat as Plumbing, whereupon a permit for the well as those who are working proposed connection shall be given by the Inspector of Sewers, upon asceron full time, and even a small taining that the work will be done by the regular licensed plumber; but in no case shall a permit be granted unlarge item during days and it til such plan shall have been so presented and approved. Such plans and applications for connections with the public sewer should be filed ten days previous to the time desired to make

the connection. Sec. 4 Whenever a house connection is being made to the public sewer, the plumber doing the work shall before any part of the wore is cover-or hidden from view, send a written 11.25-good over the Southern notice to the Inspector of Sewers and Plumbing, stating that his work is the head or dependent members final completion of the wark shall of a family. Limited one year and Plumbing, asking for a onal inspection in accordance with the rules, regulations and plans prescribed by the Committee on Water, Lights and

der the directions of the Committee on Water, Lights and Sewerage, to issue all permits, Notices and Certificates, 2000 Mile Interchangeable to keep a daily record of the work, including all notices and applications received and permits granted and cer. during their construction, from time is done in accordance with these rules be prescribed, and have any de-1000 Mile Interchangeable feets immediately remedied under his supervision.
