

THE MARLBORO DEMOCRAT

BENNETTSTOWN, S. C.

BY S. A. BROWN & CO.

Office West of Court House.

Wednesday, October 9, 1895.

Pupils in the Schools.

The report of Commissioner G. W. Hearsy for the past scholastic year shows that there were 3,819 pupils enrolled in the public schools in this county. Of this number there were 1,640 whites and 1,090 colored.

The Drought Broken.

The long spell of delightful working weather was broken on Monday night with a gentle drizzly drowsy shower that lasted all night. A large number were caught with fresh cut hay and some had commenced to pull corn.

Unclaimed Letters.

Letters addressed to the following persons remain unclaimed for at the postoffice:

Mrs. Cornelia Gourdin, Charles Gonzales, Miss Mary Ivey, Mr. William McLaurin, Mr. S. Pous-ton, Mr. R. L. Pennington, Miss Amelia Walles.

Four for the Price of One.

We have made arrangements to furnish the patrons of THE DEMOCRAT the New York World three times a week with THE DEMOCRAT for the low price of \$1.65. Just think of four papers every week for this little sum. Can you afford to let this pass? Begin at once.

A New Dress.

We come out this week in a new dress and with new features that we trust will be appreciated. The evenings are getting longer and our readers want more to read. We hope that each one will carefully study each page and see if we have not met the demand for choice variety.

Two Extremes Fitty Met.

The ladies of the Methodist church served fresh oysters on Monday to 3 o'clock and in the afternoon ice cream. The weather in the morning was very cool and in the evening very warm. The sales amounted to about \$25, which the ladies propose using in putting a new roof on the church.

A Fine Crop.

Mr. R. W. Bundy, superintendent of Mr. J. L. Breeden's Macfarlan place over the creek, has made 175 gallons of choice syrup from the "goose neck" cane. He only planted $\frac{1}{4}$ of an acre and used but little fertilizer. He thinks the goose neck the best. The syrup was made by Mr. A. J. David, who has a fine outfit and some experience.

Death's Doings.

Died in this town on Monday last after a short illness, Mrs. Emma Palmer, wife of Mr. O. W. Palmer, and only daughter of Mr. and Mrs. D. J. Stone. The funeral services were held at Oak Ridge cemetery on Tuesday morning. She leaves an infant babe, a heart-broken husband and father and mother to mourn her loss.

Auction Sale of Lumber.

Mr. H. H. Williamson, wanting to make some changes on his lumber yard, has a fine lot of weatherboarding, flooring, fencing, scantling and slabs that he will sell at auction at his mill four miles east of town on Tuesday next, commencing at eleven o'clock. He has about 40,000 feet that will be sold. If you need anything in that line be on hand.

The Old Reliable.

It is with pleasure we note the fact that the C. F. Y. V. Ry., is promptly meeting the demand for better Railroad service. They are making close connections for all points north, south, east and west. And to date have handled the bulk of the cotton crop shipped—about 8,000 bales. The passenger and mail service is superb and the freight service cannot be excelled.

Bucklen's Arnica Salve.

The best Salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains and corns and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale at Jennings' Pharmacy.

PERSONALS.

Mr. W. R. Wicker, of Fayetteville, N. C., is in town.

Hon. H. M. Stackhouse, of Donoho, is in town Monday.

Messrs. John Webster and Tilden Lee spent Sunday in Society Hill.

Rev. T. G. Herbert, Jr., of Sumter, is spending some time with his father, Rev. T. G. Herbert at Blenheim.

Mr. W. A. McLeod, formerly of Hebron, but now of Alfordsville, N. C., was in town Monday and look splendid.

Mr. W. H. Walden, who has been suffering with his eyes for some time, left last Friday for Charleston, where he is undergoing a course of treatment.

Mr. J. L. Hubbard, of Clio, was in town Monday and made us a pleasant call. He says the railroad has given new life to business in that little village.

Dr. J. C. McKenzie, of Tatum, accompanied by Mr. Thayer, the young druggist of that town, spent Sunday in Bennettsville, the guest of Capt. Dudley.

Master Jake Newby, son of J. J. Newby, formerly of our town, but now of Rocky Mount, N. C., is on a visit to his old home and friends, after an absence of nine months.

Lou McIntyre left last week to enter Bethel classical and Military Academy, Va. This school is the pride of Virginia and is now patronized by twenty States and four foreign countries. It is owned and manipulated by Maj. R. A. McIntyre, a Marlboro boy, with such signal ability as to make annually \$20,000. The Major has had all of the buildings covered with iron and had to build others to accommodate the increasing patronage. It affords us pleasure to chronicle his phenomenal success.

The Constitutional Convention.

The constitutional convention, on account of salesday and important business connections of many of the members, took a recess on Friday last to Tuesday the 15th, when the work will be resumed and the new constitution completed, which the delegates think can be done in four weeks more. A full report of last week's work is found on our 8th page, and will prove interesting.

Fine Tobacco Crops.

Mr. Throp Crosland made 28,000 pounds on twenty-three acres.

Mr. Charles Crosland has made 22,000 pounds of choice tobacco on a twenty acre field.

We have visited their barns and can say the samples shown were fine. At the lowest prices the tobacco will double a crop of cotton on the same land making a bale to the acre.

Another Grand Offer.

As the long evenings are drawing near we have determined to give our patrons plenty of good reading, and to this end have made arrangements to give every paid up subscriber for 1896 a years subscription to the American Farmer, the oldest agricultural monthly in America. This Journal is already known to most of our readers and we know they will appreciate it. Remember every paid up subscriber for 1896 gets it free.

Attention, Exposition Visitors.

All parties that you will make up to visit the Atlanta Exposition, from ten persons up to any number, and will telegraph me, at my expense, two days before coming, I will arrange special rooms for and give you a special low rate. Porters will look after your baggage. Remember we are located only one-half block from car shed. Now is the time to make up your parties. Cut this out and keep it, as it will not appear again. When will you telegraph me? J. W. GOLUCKE, Manager Victoria Hotel, 30-32-34 South Pryor street, Atlanta, Ga.

Salesday in October.

Monday was a lovely fall day, but the crowd was not as large as expected. Those that did come seemed to have special business. The sale of stock by Fuller Bros. was well attended by the crowd present and about 30 head were sold at \$55 to \$75, so we learned. Mr. J. Frank Bolton sold some fine specimens of Brown Leghorns and Brahma fowls of his own raising. The sales of cotton were good at 8.35 to 8.65. The merchants made good sales and everybody wore cheerful faces. The price of cotton is doing big things for our people.

TOWN AND COUNTRY NEWS.

— Mr. H. W. Carroll is moving into his new store.

— Remember the tax office will open on the 15th. Next Tuesday.

— Mr. R. W. Bundy has some nice watermelons of the second crop.

— The only man excusable now for wearing a long face is the man with twins.

— The market is being supplied with choice sweet potatoes by Mr. D. C. Odum.

— The long spell of lovely dry weather has been appreciated by the cotton pickers.

— When your blood is impoverished the remedy is at hand. Take Ayer's Sarsaparilla.

— Mr. Thomas J. Capel has purchased that dashing calico horse from Mr. James Carroll.

— Town taxes are now due. Read treasurer McLaurin's notice with regard to same in this issue.

— Mr. T. L. Crosland offers his home for rent. It is located in one of the most quiet portions of the town.

— Subscribers to THE DEMOCRAT having corn, peas, poultry, hogs, etc., for sale on their farm can advertise them free.

— Do not allow the accumulation of scurf or dandruff, when it can be easily prevented by the use of Ayer's Hair Vigor.

The public schools of the county will open on the first Monday in November. See notice of School Commissioner in another column.

— The cotton sold in our market this season has been classed the highest for years, owing to the pretty weather and care in ginning.

— In cases where dandruff, scalp diseases, falling and grayness of the hair appear, do not neglect them, but apply a remedy and tonic like Hall's Hair Renewer.

— We have been requested to call the attention of the Council to the condition of the bridge at the west end of King street. It is dangerous for pedestrians at night.

— Some of the operatives at the oil mill this season have been very unfortunate in getting hurt in the machinery. Joel Eastling has lost two weeks by getting his left arm washed.

— Cotton continues to "saw-saw." It is up one day and down the next, but the farmers are catching on and trying hard to solve the problem why the staple is worth 8.80 one day and only 8.50 the next.

— If you cannot spare the time to attend the day services at the Methodist church next week, you will enjoy the song service and lecture at night. Messrs. Williams, of Raleigh, and Henry Blount, of Hope Mills, two singers of note, are expected.

— Rumor says that the Atlantic Coast Line will soon give us a tri-weekly freight for the daily freight now being run and will not carry any mail. This will necessitate a return to the horse routes to supply the country post-offices, and will no doubt be better than the service we are now getting on the line.

— When the Waterbury Watch Company stopped manufacturing their old style watch, the flood gates of cheap Swiss factories were opened, and poorly made, very unreliable watches were forced on the market in place of the very accurate Waterbury which had but the one fault—its long wind. The Waterbury Company were appealed to for something good and cheap in the quick wind series. The result is the new "Trump" watch, which sells at \$2.50. Call on H. W. Carroll and see this new watch.

The Discovery Saved His Life.

Mr. D. Cailloutte, Druggist, Beaverville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at J. T. Douglas' drug store.

If your children are subject to croup watch for the first symptom of disease—hoarseness. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse it will prevent the attack. Even after the croupy cough has appeared the attack can always be prevented by giving this remedy. It is also invaluable for colds and whooping cough. For sale at Jennings' Pharmacy.

Only for a Few Days.

Dr. BROWN, Optician for the N. Y. Optical Mfg Co., who has always given such satisfaction in his profession on his many visits to our town, will only remain until Saturday, and those having weak or defective eyes, and all spectacle wearers should see him at once at the Rogers House. Consultation and examinations free.

A Fine Catch.

Mr. H. Kemper Covington, of Hebron, one of the luckiest hustlers of our memory and who seems to never get behind on anything, put a net in his pond on Monday last and captured 1,100 blue bream, seven nine pound trout and about twenty-five running from three to six pounds. He says he started to town with about two hundred, but sold out before he reached the edge of town. He was not to be out done and on Tuesday brought the editor six fine bream. His sales amounted to \$75.

Religious Notes.

Rev. Rufus Ford preached at Blenheim on Sunday afternoon last.

The hour for evening service at the Presbyterian church has been changed to 7:30.

The hour for Sunday school at the Methodist church has been changed to 4 o'clock in the afternoon.

Rev. E. C. Bailey, the new preacher called to the pastorate of the Presbyterian church at this place, arrived last week and began his work with two excellent sermons on Sunday—morning and night.

The congregations of the Baptist and Methodist churches worshiped at the Presbyterian church Sunday night. This warm reception of the new pastor was certainly appreciated by him, and we trust is the beginning of a new era in christian work in our community, and verifies the words of the Psalmist: "Behold how good and how pleasant it is for brethren to dwell together in unity."

Did You Ever

Try Electric Bitters as a remedy for your troubles? If not, get a bottle now and get relief. This medicine has been found to be peculiarly adapted to the relief and cure of all Female Complaints, exciting a wonderful direct influence in giving strength and tone to the organs. If you have loss of Appetite, Constipation, Headache, Fainting Spells, or are Nervous, Sleepless, Excitable, Melancholy or troubled with dizzy spells, Electric Bitters is the medicine you need. Health and strength are guaranteed by its use. Large bottles only 50c. at J. T. Douglas' drug store.

The Problem Solved.

Mr. Jordan Holland, an old prosperous and highly esteemed farmer and stockman of Alabama has at last solved the hog and chicken cholera problem. He has by hard study and much experimenting discovered a sure, positive, guaranteed and never failing cure for the dreaded disease, which has stood the test in thousands of cases without a single failure. His daughter, Mrs. Rachel V. Thomas, a highly esteemed christian lady of Cowarts, Ala., is selling the recipe and family right, also the ready prepared medicine. The remedy is a certain preventive as well as a cure. Mrs Thomas has a standing reward of \$50 for a case of cholera which her remedy will not cure. Price of recipe and family right \$1.00, medicine 50c and \$1.00 per bottle. Testimonials and circulars free. Our readers should investigate this. Address Mrs. Rachel V. Thomas, lock box 600, Cowarts, Henry county, Alabama.

If Troubled with Rheumatism Read This.

ANNAPOLIS, Md., April 16, 1894.—I have used Chamberlain's Pain Balm for rheumatism and found it to be all that is claimed for it. I believe it to be the best preparation for rheumatism and deep seated muscular pains on the market and cheerfully recommend it to the public. JNO. G. BROOKS, dealer in boots, shoes, etc., 18 Main street.

ALSO READ THIS. MECHANICVILLE, St. Mary County, Md.—I sold a bottle of Chamberlain's Pain Balm to a man who had been suffering with rheumatism for several years. It made him a well man. A. J. McGILL. For sale at 50 cents per bottle at Jennings' Pharmacy.

The Darlington, Wis., Journal says editorially of a popular patent medicine: "We know from experience that Chamberlain's Colic, Cholera and Diarrhoea Remedy is all that is claimed for it, as on two occasions I stopped excruciating pains and possibly saved us from an untimely grave. We would not rest easy over night without it in the house." This remedy undoubtedly saves more pain and suffering than any other medicine in the world. Every family should keep it in the house, for it is sure to be needed sooner or later. For sale at Jennings' Pharmacy.

GREAT CLOTHING SALE!
