As a remedy for all forms of Headache Electric Bitters has proved to be the very best. It effects a permanent cure and the most dreaded habitual sick headache yield to its influence. We urge all who are afflicted to procure a bottle, and give this remedy a fair trial. In cases of indigestion Electric Bitters cures by giving the needed tone to the bowels, and few cases longer than the use of this medicine. Try it once. Large bottles only 50c, at J. T. The little daughter of Mr. Fred Weber, Holland, Mass., had a very bad cold and cough which had not been able to cure with anything. I gave him a 25 cent bottle of Chamberlain's Cough Remedy, says W. P. Holden, merchant and postmaster at West Brimfield, and the next time I saw him he said it worked like a charm. This remedy is intended especially for acute throat and lung diseases such as colds, croup and whooping cough, and its famous cure. There is no danger in giving it to children for it contains nothing injurious. For sale at Jennings' Pharmacy.

Heustess, and the other to-morrow night, the happy union of Mr. Reid Childress, of Fountain Inn, Greenville county, and Miss Carrie May Cottingham. THE DEMOCRAT extends hearty congratulations and best wishes.

Marvellous Results.

From a letter written by Rev. J. Gundersman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at River Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little intermission and seemed as if she could not survive them. A friend recommended Dr. King's New Discovery. It was used in its work and highly satisfactory results. Trial bottles free at J. T. Douglas' drugstore. Regular sizes 50c, and \$1.00.

Time to Stop, Boys.

We regret sincerely that we are again called on to say a word to the thoughtless boys and young men of our town about bad behavior in our churches, but they seem to forget that there is any law to prevent it. We now warn them that unless they do stop it and at once the next court will find some of them indicted for their thoughtless and wicked disregard for the solemnity of God's house. We heard an official say on Monday that the grand jury were anxious to get hold of some of these cases and make an example of them. Do, young men of Bennettsville, stop before some of you are brought up in court. It will be your fault if it does happen, and we warn you in time.

The social event of last week was the masquerade ball given at the elegant and hospitable home of Col. Knox Livingston last Friday night. It was an event of more than usual enjoyment and will leave an evergreen spot in many a young man and maiden's memory.

When the Waterbury Watch Company stopped manufacturing their old style watch, the flood gates of cheap Swiss factories were opened, and poorly made, very unreliable watches were forced on the market in place of the very accurate Waterbury which had but the one fault—its long wind. The Waterbury Company were appealed to for something good and cheap in the quick watch series. The result is the new "Trump" watch, which sells at \$2.50. Call on H. W. Carroll and see this new watch.

The trial of about eight or ten colored boys and men last Thursday in the Mayor's court for cursing and shooting at a festival, or "social entertainment," as one of the witnesses styled it, in our town, was a regular mock trial and the most ridiculous one we ever attended. The Holy Word of God was as irreverently handled as if it had been an old blue back spelling book. If they are allowed to curse and shoot their pistols in town, they should not be allowed to handle this sacred volume so irreverently. The trial was continued and will be taken up at some future time.

There has been complaint after complaint made about the bad behavior in town and yet it does not stop. What is the matter with our Council that they do not look into the matter and either see that the laws are rigidly and in every instance enforced, or else repeal them and turn the town over to the evil-doers and profane swearers and have no government? Good government is not a result simply of good laws. Good government is the result of the "enforcement" of good law, and unless we "enforce" justly, impartially and indiscriminately our town laws we will have no government, and the free and promiscuous use of firearms, vulgar language and bitter curses has been recently heard and allowed will continue. Councilmen, wake up and do your duty.

Our people are growing more and more in the habit of looking to the press for the latest and best of everything in the drug line. They sell Chamberlain's Cough Remedy, famous for its cures of bad colds, croup and whooping cough. When in need of such a medicine give this remedy a trial and you will be more than pleased with the result. For sale at Jennings' Pharmacy.

Deaths & Burials.

Died at his home in Brownsville on Friday last after a few hours illness Mr. R. W. Hayes. He was a valued citizen and will be missed. He was one of the Petit Jurors drawn for the present term of Court.

Religious Notes.

Rev. E. C. Bailey, who has been serving the Presbyterian church of our town some months as a supply, tendered his resignation some two weeks ago and on Sunday night preached his farewell sermon. A large congregation turned out and many regrets were heard that he had determined to leave us. He goes to Timmonsville, Florence county, and carries with him the best wishes of all who made his acquaintance while here.

FEBRUARY TERM OF COURT.

The February term of Court convened on Monday, His Honor Judge R. C. Watts presiding. In the absence of Solicitor Johnson, who is attending the Legislature, H. H. Newton, Esq., took his place. The Grand Jury were promptly in place, and after a clear and forcible charge from his Honor went to work with a will to hurry business, with M. A. J. Moore as foreman. A number of bills were thrown out and only those of a serious character received attention, thus saving many dollars to the county.

The noted Wallace Bullard case was taken up Monday and occupied the court until Tuesday afternoon when it was given to the jury, who in short time returned with a verdict of guilty. His Honor imposed a fine of \$1,000 or 3 years in penitentiary. His counsel, Mr. T. I. Rogers, gave notice of appeal and asked for bail, which was granted in the sum of \$2000.

The famous Odon-Terrel case was next taken up, and will likely consume the rest of the week.

The following is the presentment of the Grand Jury made Tuesday afternoon:

To THE HON. R. C. WATTS, PRESIDING JUDGE: The grand jury beg leave to submit their final report for the term of said Court.

1. They have examined the Jail and find it neatly kept; the prisoners are well fed and properly clothed and all fuel necessary for their comfort provided. In view of the fact that an Act to allow the citizens of the county to vote on the question of building a new Jail is now before the General Assembly, the Grand Jurors refrain from making any suggestions for the improvement of the present building. They have also examined the Court House and find there are leaks in the roof and recommend that the same be immediately repaired. They recommend that two square top tables be furnished for the use of the Court Stenographer.

2. They desire to call the attention of the County Supervisor to the fact that in many sections of the county the roads are not of the proper width, owing to the fact that adjoining owners plow into the roads.

3. They have appointed Messrs. M. A. J. Moore, J. M. Jackson and H. K. Covington a committee to examine the books and offices of the county officers and the bonds of said officers and report to their body at the next term of the Court.

4. They have appointed Messrs. W. B. Drake, C. B. Rogers and Jas. A. McDaniel a committee to examine into and report at the next term of the Court on the condition of county poor house and farm.

5. They desire to make the following presentation for crime: (1) Allen Reith and Henry Reith for arson, in burning the dwelling house of Wm. Smith on November 18th 1895. (2) Geo. W. Hopkins, J. L. White and Charles Martinson for maintaining a public nuisance in erecting a dam across Muddy creek in Brownsville Township, below the old Rogers mill.

Respectfully submitted, M. A. J. MORE, Foreman.

Presbyterian Church.

The action of the congregational meeting held touching the resignation of Rev. Mr. Bailey is embodied in the following communication: Bennettsville, S. C., Feb. 11, 1896. Rev. E. C. Bailey,

Dear Brother: At a congregational meeting held in the Presbyterian church this day the following motion was passed unanimously:

"That Mr. Bailey be requested to withdraw his resignation, and to fill out his unexpired time as our supply."

The committee consisting of the officers of the church be appointed to communicate to Mr. Bailey the desire of the congregation."

That you may see your way clear to accede to our request, we are,

Fraternally yours, J. T. JENNINGS, Ruling Elder, T. E. DUDLEY, Ruling Elder, DOUGLAS JENNINGS, Deacon, T. H. HASON, Deacon.

Whittled Away a Forest.

A notable example of a big result produced by small means is found in the fact that lead pencils used here have whittled away several big forests of pine trees in the European and the American States. The pencil is a practical invention and in the United States it has been on the market for several years. It is a pencil made by a German firm of pencil makers with a California lumber company for a large quantity of sequoia wood, which is found to be the best wood now available for pencils. The sequoia is the big tree of California. It seems too good that the good old giants should be sacrificed, and especially that their end should be lead-pencil shavings.

Woman—Where does this road go to? Boy—It'll go nowhere. It stays just where it is. Woman—Well, then, where will it take me to? Boy—It won't take you at all. You'll have to go yourself. Woman—You're rather fresh this morning, ain't you? Boy—No more fresh nor you be stomping on the way to the bank. Woman—Bank? Boy—Yes; mud bank, smarty! (Both humming: "My Sweetheart's the Man in the Moon.")
