No Case Made Out. On Saturday the 17th E. H. Deas of Darlington swore out a warrant for Mr. Wiley J. Baldwin charging him with selling liquor. The case was heard before Commissioner J. S. Moore Saturday the 24th. The witnesses summoned were as much surprised as was Mr. Baldwin, and of course knew nothing to prove that he ever sold a drop and His Honor dismissed the case. Just who gave Deas the false information is not known, but it clearly shows what a little spite or prejudice can do when worked up.

The Governor Refuses. A petition to Governor McSwain, signed by no one in Bennettsville knows who, was sent over a some days ago asking him to reduce the fines imposed by the recent Court on Messrs W. H. TEETHINA was first used by Dr. Charles J. Moffett, a graduate of Jefferson Medical College, Philadelphia, Pa., in his extensive and successful treatment of children in Georgia in overcoming the troubles incident to teething and hot summers.

TEETHINA (Teething Powders) counteracts the effect of hot weather and keeps the digestive organs in a healthy condition, and has saved the lives of thousands of children in the doctor's native state, where physicians prescribe and all mothers give it, and it is criminal in mothers of our section to allow their babes and little children to suffer and perhaps die when relief can be so easily obtained by giving TEETHINA. It costs only 25cts. at drugist, or mail 25cts.
