CLIO CORRESPONDENCE.

Most people are saying did you ever see such weather. It is a strange thing full for fishing, and the fluny tribes could that one's recollection goes a muck so often We have had colder weather than this in April, so some people say. I heard one man say this a. m., that Three months ........... .25 there was frost every month in the year. I don't remember that year my-self. I am glad that my name is not Annanias, if it was I am afraid that the cold spells, fishing experiences, thunder clouds and encounters with

snakes would cause me to bire an as sistant liar or go out of busines. Nev ertheless, if I wanted an assistant in the business I could easily get him—the harvest is ripe and the laborers It looks as if the weather was are not few on these particular lines, in sympathy with the plan to my observation tells me. I always write on a Black Cat writing tablet, purchased from Geo R Welch; this may in some measure account for my

poses to use cotton twine in place of jute, for tying up letter ple say its something else, but I lay mails.

The storm of Friday and Saturday seems to have swept the against my will, and unsittled con country from Maine to Texas, and science as well. I am sometimes afraid science as well. I am sometimes afraid that some of our consciences in regard to the weather, fishing &c, are like Senator McLaurin has accept the Irishman's—as good as new for ed an invitation from prominent they are never used much. Boys keep citizens of Greenville to make a public address in that city May 22nd. they are never used much. Boys keep a clear conscience, and nothing can hinder you in the road of progress and honorable old are

Items of Interest From This Hustling Little City.

Mr. Editor:— On Thurday April 18th, 1901 Hebron Lodge K of P. funished a dish dinner at Hunts Bluff It was an usforcunate time, so far as fishing with the The Pythians, however, were not caught napping, being aware of the uncertainty of getting shad at all times, they had made ample provision for an emergency To M. B. F. Whittaker was entrusted the duty of securing fish for the occasion, and the understanding was that it he falled to get fish from the river, he was to get them wherever they were to be had Early in the day Mr. Whitaker drove up with fish in abundance from Drake's mill pond —fine large blue bream, perch, trout and some other varieties usually caught in a mill pond, We can say without any exaggeration that he brought them by the bushel The K, of Ps certainly entrusted this fea

Before closing this sketch the writer wishes to indulge in a few observations about the trip from Hebron to Hunts Buff The whole scenery presented a pleasing prespect. The farms without a single ex ception so far as we saw were well worked up and put in a nice state for the coming crop season. The most of the cotton had been planted and we saw some that was coming up nicely. One feature pleased us we noticed a larger acroage than usual planted in cate and they were generally fine. We have no recollection of ever seeing a more promising out look for an oat crop so early in the season. On the way we went by Red Hill and returned by the
