THE NEW YORK WORLD
 Thrice A Week Edition.
 The Most Widely Read Newspaper in America.

Time has demonstrated that the *Three A Week World* stands alone in a class. Other papers have imitated its form but not its success. This is because it tells it impartially, whether that news be political or otherwise. It is in fact almost daily at the price of a weekly.

In addition to news, it publishes first-class serial stories and other features suited to the home and fireside.

The *Three A Week World's* regular subscription price is only \$1.00 per year and this pays for 156 papers. We offer this unequalled newspaper and the *Democrat* together one year for \$1.67.
