Farmers Institute.

We know that our people have had a super abundance of entertainments, picnics, etc., but the farmers have had nothing special in their line. The faculty of Clemson are always to contribute their help upon the invitation of 15 farmers in any locality in the county. Now, can't McColl or Tatum get that many who will consent to a basket picnic and an all day discussion of questions that interest our farmers-most-the ball weaver, the peach borer, etc. Such help always pays. What say you.

MURDER NEAR TATUM.

On Wednesday of last week a regular "Jack the Ripper" murder occurred near Tatum. A negro named Hightower killed his wife, cut her up in pieces and taking her arms off at the shoulder joints, and then buried them in separate places. The murderer remained in the neighborhood several days and left. Suspicious pointed to murder and a searching party Sunday found the dismembered body as above stated. Those who were at the inquest say that the cutting up of the body was most skilfully done. It is believed Hightower will soon be caught.

An inspection of our stock will take away this fear.

Francis had been brought up in a strict Presbyterian household, and in all her nine years had never attended service in a church of another denomination.

While on a visit with her mother to a part of the country far from her own home she entered the parlor on Saturday afternoon and eagerly asked: "Oh, mamma, may I go to the Episcopal church with Gertie tomorrow? I promise not to believe a single word the minister says!"-April Lippincott's Magazine.

"That was a great sermon you preached this morning," said the old deacon, "and it was well time too."

"Yes," replied the parson, with a deep sigh, "I noticed that." "Noticed what?" asked the puzzled deacon. "That several of the congregation looked at their watches frequently," answered the good man, with another deep sigh.-Chicago News.

Horses Do Get Sick!

When a horse and mule are poor they're not always and indication that they don't get enough to eat. Many ailments, just like human beings, have their origin in the system, not in the food, and a tonic is needed. It is not the amount of food eaten that makes muscle and fat. More depends upon the proper digestion or assimilation of the food than is commonly supposed. Nothing has yet been discovered that will build up a horse or mule better than Ashcraft's Condition Powders, the only remedy in its class sold under a guarantee. Ask Mr. Smith Newton, Bennettsville for it-the kind put up in bottles. And McColl Drug Co., McColl, S. C.
