HAVE YOU A HIGH TEMPER?

Answer Before Feeling This? Some people have worms and often don't know it. The doctor is too polite to tell them. Here are some of the symptoms: A sick feeling in chest, choking cough with tendency to gag, sudden uneasiness and pains in stomach itching around corners of nose. All these, and more, indicate worms. An irritable temper is one of the surest signs of Worms in adults and children. King's Vermifuge is the cure, and it is sure. For very young children give King's Worm Candy which is pleasant—tastes good. Children like it. The price for each is 25 cents.

Horses Do Get Sick.

When a horse and mules are poor it is not always and indication that they do not get enough to eat. Many animals, just like human beings, have indigestion or the system is all run down and a tonic is needed. It is not the amount of food eaten that makes muscle and fat. More depends upon the proper digestion or assimilation of the food than is commonly supposed. Nothing has yet been discovered that will build up a horse or mule better than Ashcraft's Condition Powders, the only remedy in its class sold under a guarantee. Ask Mr. Smith Newton, Bennettsville, for it—the kind put up in doses. And McColl Drug Co., McColl, S. C.

Some days ago I sold one of my customers, Mr. King's Worm Candy. His wife had been in bad health for some time, and he urged her to take some Worm Candy. She, of course, did not want to take it, but after some very strong argument he finally prevailed. She took four (4) Lozenges according to directions, and was relieved of three (3) worms, making in all sixty six (66) worms from one box of Dr. King's worm Candy. This testimonial is entirely unobscured, but I thought it my duty to inform you of the merits of the Worm Candy in this section.

Yours truly, WALTER B. B. KER, Jonesville, N. C.
