PEN AND SCISSOR GRAPHS
Cheraw is waking up, a lodge of I. O. C. F. was organized there last week.

Senator George Vest, the noble Statesman of Missouri, died on the 7th, aged 74 years.

Two prisoners escaped from the Darlington jail on the 2nd by making a hole in the roof and going out on top.

Some of the mills at Anderson have been forced to close down the rivers having gotten too low to run the machinery.

Fifteen hundred people assembled at Judge Parker's residence Wednesday to notify him of his nomination. His response will appear next week.

Judge Alton B. Parker, the Democratic nominee for president says strong argument can be advanced for the re-election of a candidate for two or more terms.

Another horror is added to the long list for 1904—a swollen stream in Colorado causes the smash of a railroad bridge with a train of cars on it, and 100 people perished in the fearful wreck.

The St. Louis exposition is not coming up to the expectations of the managers financially and an appeal has been made to the railroads for reduced fares to increase the visitors, which for the first month were only about half the number that attended the Chicago fair for the same period.

A New York paper says: "Who will be the chairman at Madison Square Garden in October, if it can be arranged for Bryan, Cleveland and Parker to speak from the same platform?" We despise to see the word "chairman" used when it will require the services of an umpire with three strikers like that at the bat.—Wilmington Star.

There are fewer democrats in the country than there are republicans just because there are fewer people that are willing to grant to all other men the same rights and privileges that they grant to themselves and who are willing to let each man stand for his own bottom. When democrats vote on the basis of always supporting the votes of other people temporarily allied with them. The democratic party with nobody in it but Simon pure democrats would make a mighty slim showing.—Florence Times.

A precise answer.

The following anecdote is submitted to professional gentlemen who give evidence before coroner's juries: A witness for the prosecution in a murder case was thus questioned by his honor: "You say you saw the man shot at and killed?" "Yes sir." "You said, I think, that the charge struck the diaphragm and the duodenum." "No sir, I didn't say no such thing. I said he was shot between the hog pen and the wood house."

New Manager for Charlotte.

Mr. W. T. McKay, of Bennettsville, S. C., will become manager of the Charlotte branch of the Southern Cotton Oil company on September 15th, when the resignation of Mr. John W. Todd as district manager will become effective. Mr. McKay has been connected with the company in important positions for the past six or eight years and for some time has been manager of the mill in Bennettsville.—Columbia Record.

There are few more dangerous enemies to the peace and comfort of every day life than the people who speak hastily, who fly into a passion at every trifling matter; when the storm has passed they expect to remove all trace of it and blot from memory the unkind things that they have said.

The tongue is a dangerous weapon and should be carefully guarded: unkind words once uttered live in the heart and memory long after they are spoken. Even though they are false they make a wound which is hard to heal. Because we feel disagreeable is no reason why we should make someone else suffer. We are all selfish, but we can and we ought to avoid those outward bursts of ugliness that annoy other people.—Dimp.

Wofford College.

The attention of the young men of this county is called to the announcement for fall session of this time honored institution. It is not too soon to begin to look about for the school that will please you best. A postal to the President or Secretary will bring you the information you desire.

FROM KOLLOCK
Mr. Editor—News is scarce this week. Everybody is grumbling about the rains or the candidates. Miss Nell Pegues Evans is visiting friends in Bennettsville this week.

Quite a large congregation attended the Quarterly Conference at New Hope church Saturday and Sunday. Hon. W. D. Evans leaves to-night to attend a meeting of the Directors of Clemson College.

Mr. W. G. McLean, manager of the Eagle Brick Mill is having a time with his brick. The rains have stopped work and he has already lost a large quantity.

Mrs. Nanie G. Shipp lost a fine Jersey cow a few days ago. A petition is being signed up to have R. F. D. No 2 started from this office to supply the patrons of Pines, S. C., that office having been discontinued on account of post master R. L. McLeod moving away to Hoffman. We regret to lose him, as he was a good clever gentleman.

We are sorry to learn that Miss Susie Shipp, who is spending the summer with relatives at Bell Buckle, Tenn, is quite sick. We hope for a speedy recovery.

The Thomas S. Smith is visiting friends in Bladen county, N. C. He says he has some old war comrades with him that he likes to visit, but we don't know so much about that. We think it rather a pity, as widows never like the company of men so much as all that.

Mrs. F. W. Davies, the wife of our clever and accommodating Railroad agent, with little Miss Margaret, returned Saturday night from an extended visit to relatives and friends at Chapel Hill, Raleigh and Smithfield.

We are sorry to report that Mr. F. W. Davies our Railroad agent is quite sick.

Redmond Dunn, a tenant on Col. R. M. Pegues' plantation died on the 5th.

August 8th 1904. Rex.

DOTS FROM SWEAT SWAMP.

Mr. Editor—I will try and give you a few dots from this corner. We are having plenty of rain. Some say too much for cotton; the corn crop is fine.

The cotton weaver election was held on the 4th at Clio. Mr. McLean was elected again, but Mr. Stubbs gave him a lively chase on the second run. The election drew a large crowd and there were several of the county candidates on hand, all in good humor talking for votes. We have some of the old soldiers out this time who are competent for the places they seek and there are others out for county offices who left nothing out for the redemption of Marlboro county in the darkest days of her history; men who left their own business to work for the benefit of the people of the county.

Mr. Editor, come down and see some of the fine crops in this corner. Mr. O'Neal on Mr. W. B. Ivey's place has about the finest cotton in this section, his lot posts are pretty high but the cotton is higher. His corn also is fine. Mr. Wall has a fine crop, but Mr. O'Neal beats him.

This crop are all good in this section but I think Mr. O'Neal is a little ahead.

Clio, Aug 8, 04. Mc.

Better Than Gold.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicine I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by J. T. Douglas Druggist.

To The Voters of Marlboro. Theft had been too much talk lately about "Rotation," and as it is the main issue in the present county campaign, that I have been constrained to say a few words in defense of our present very able and efficient officers.

The people of Marlboro County are very fortunate indeed in having had for the past eight or ten years men like Drake, Green, Thomas, Coward, and Stanton and Sherrill, (every one of whom is a high-toned christian gentleman) in their public offices, and it has been said that the books of these officers are the best kept, and the Court House itself kept in better condition than ever before in the history of the County. Now, in all reason, are the good people of Marlboro going to turn the cold shoulder on these good and faithful men, or are they going to reward them for their efficiency by continuing them in the offices which have brought up to such a high plane? Must we drop these good men whom we know to be all right in the discharge of the duties of their offices for men who may be all right, and for the simple christian reason of rotation? These are questions to be answered at the polls by the intelligent voters of this county.

Some may say that there are other good men who want the offices. Well, surely that argument won't do, because there are entirely too many good men for us to hope to rotate all of those who want these offices—we haven't offices enough!

One more point and I am done. When you get a good physician in your house do you turn around and say that you have had him long enough and that you must rotate him out and get another doctor whom you hope is just as good? When you get a good minister in your church do you turn him out just because some other preacher wants his place? No, you hoot at the idea. Well, now tell me the difference? These men, all of them, get your money to work for you, and if you turn out the "old reliable," Stanton, Drake, Green, Coward and Thomas, then you must also turn out the good preachers and doctors. "Not because they are not doing their duty acceptably, oh, no, but because there are others wanting their places."

Voters of Marlboro, show your appreciation of these men and their faithful work by sending them back, and you will never regret it!

NOT A CANDIDATE.

A runaway almost ending fatally, started a horrible ulcer on the leg of J. B. Orner, Franklin Grove, Ill.
