Rheumatism. This is often a disease of the blood—though not always. It attacks usually the joints and tissue and causes a deposit of uric acid. In its acute stage it is one of much pain and suffering, sometimes effecting a large part or even all the body. When near the heart it is dangerous to life. We are thankful to say there is a proper treatment—Dr. King's Sarsaparilla—internally, to eradicate the poison from the blood. Horses Do Get Sick. When a horse and mules are poor it is not always and indication that they do not get enough to eat. Many animals, just like human beings, have indigestion or the system is all run down and a tonic is needed. It is not the amount of food eaten that makes muscle and fat. More depends upon the proper digestion or assimilation of the food than is commonly supposed. Nothing has yet been discovered that will build up a horse or mule better than Ashcraft's Condriol Powders, the only remedy in its class sold under a guarantee. Ask Mr. Smith Newton, Bennettsville, for it—the kind put up in dozens. And McColl Drug Co., McColl, S. C.
