The Most Widely Read Newspaper in America.

Time has demonstrated that the Thrice Time has demonstrated that the Thrice as Week World stands alone in a class, Other papers have imitated its form but not its success. This is because it tells it impartially, whether that news be political or otherwise. It is in fact almost a daily at the price of a weekly.

In addition to news, it publishes firstclass serial stories and other features suited to the home and fireside.

The Thrice a Week World's regular subscription price is only \$1.00 per year and this pays for 156 papers. We offer this unequalled newspaper and the Dem perat together one year for \$1.67
