THE FERTILIZER that Makes the Fermer smile, because he can MAKE MORE AND BETTER CROPS ON LESS ACREAGE. And Pay his Bills Every Time.

Read some of the Testimonials by Farmers whom you know and

who WILL NOT BE SATISFIED WITHOUT IT: I used Peruvian Guano this year, and am well pleased with the results, and will use it next year if I can get it. W, F. GIBSON, Gibson, N. C.

I have been farming for 20 years and have the best crop this year that I have ver made, especially where I used Peruvian Guano, and will buy it again if it cars be bought. I would not take a bale of cotton per acre for my Peruvian crop. Fontsol, N. C., August 23, 1905.

D. S. Alduman.

This is the first season I over used Peruvian Guano and its results are entirely atisfactory to me.

L. M. BLUE. Satisfactory to me.
Gibson, N. C., August 7, 1905.

Think I have the best crop I ever had where I used Peruvian Guino. McColl, S, C, August 7, 1905.

John K Fi John K Fletcher.

"Experiment Farm." I am highly pleased with Peruvian Guano-think it John C. Fletcher. I have never used Peruvian Guano until this year, but think it one of the best danuers I have ever used.

J. D. McDonald.

Manures I have ever used. Laurinburg, N. C., August 14, 1905. I used Peruvian for corn and cotton and can recommend its use. Would rather have it at Forty (\$40) Dollars per Ton than anything on the market, and will use it again.

Sim P, Wright, use it again.

Bennettsville, S. C., August 7, 1905.

1 bought Ten (10) Tons Peruvian Guano from Mr. B. E. Moore last spring and am well pleased with it. I used it on corn as well as cotton, and consider it by far the best Fertilizer I have ever used.

Wagram, N. C., August 2, 1905.

W. G. BUIE. W. G. BUIE. I bought Twenty (20) Tons Peruvian Guano from B. E. Moore, used it for corn

and cotton, and am well pleased with it—consider it a fine guano. Will use it again the coming year.

Lester, S. C., August 5, 1905.

Mr. B. E. MOORE, Bennettsville, S. C.

Dear Sir-Have never used Pesuvian Guano until this year and am highly pleased with it so far. Corn crop is fine with only 200 lbs Peruvian to the acre and as to Cotton crop. Think now will get 1 bale to the acre, where I used 25 bushels Cotton seed and Two Hundred pounds Peruvian. S. J. SMITH, Gibson, N. C. Yours truly,

PERUVIAN GUANO is registered with the Department of Agriculture as "Genuine Peruvian Guano," which fact alone is sufficient proof of its genuineness. Moreover, the sole Agents for U. S., offer \$10,000 to any one who can prove the contrary.
