Capt. Sam Sparks has purchased the historic old plantation, Prospect Hill, from Mr. J. B. Steels. It is a fine piece of property.—Georgetown Outlook.

Wilmington has gotten less than 1500 bales of cotton so far this year against 17,000 last year due to farmers holding for ten cents.

Mr. Bright Williamsom president of the Bank of Dartington and Miss Margaret Jones of Shelby, N. C., were married at Kings Mountain, S. C., on Wednesday 15th.

Now just as soon as the Charleston barrooms are opened up we hope to go down there with a whole lot of those anti-dispensary editors and have a real good time.—Sumter Herald.

It has been proved that the circular letter recently picked up on the streets of Camden, which gave the people so much concern, was the work of a malicious person, and the negroes have been exonerated.

Marlboro which has always been a prohibition county, sends a dispensary Senator and one dispensary representative to the next legislature. York county, the home of Senator Brice, sends three dispensary representatives. Things like these what makes politics so uncertain.—Anderson Mail.

Come and See Him.

Darwin's theory that man and monkey are allied finds many new supporters among the visitors to Cole Brothers' United Shows.

Walter, the most amiable and educated young man can, except talk. Unassisted this phenomenally educated brute will dress itself in a tailor made suit with regulation long trousers, fancy waistcoat and tuxedo; eat with knife and fork; draw pictures on a blackboard; eat with spoon, knife and fork; operate a miniature automobile as well as impersonating several prominent characters. Scientists everywhere have carefully studied "Walter" and are a unit in declaring this animal the most marvelous ever seen.

CARD OF THANKS.

We wish to thank the people of the town and county for their kind assistance during the illness and death of our husband and father. May God richly repay each and every one.

The Cigarette Fiend.

The cigarette fiend is being hit hard upon all sides in the business world. The Chicago, Burlington and Quincy Railroad company has announced that every employe found smoking cigarettes the company will no longer give him employment, they have ascertained to their satisfaction that the cigarette fiend cannot, or does not, perform his duties in as satisfactory a manner as does the other fellow.

Mobocracy.

Dr. John C. Kilgo in a recent address says: There is a class of newspapers which have a daily or semi-weekly "lynching bee" mobbing the reputation of their fellow men. The Dr. was at Charlotte, and made a random shot.

Improved Schedule.

We publish in this issue the new schedule of the Bennettsville & Cheraw Railroad, which went into effect on the 10th, instant. Under this schedule the Bennettsville & Cheraw makes connection at Kolklock with the north and southbound trains of the Seaboard Air Line, both night and morning, while heretofore there was no connection with the southbound train at night. The Bennettsville & Cheraw train will now reach Bennettsville at 10:25 at night.

MITTLE'S STORE will be closed Thursday Sept 20th and Saturday Sept 29th on account of holiday.

Remember the Day.

No matter what engagements you may have made for Friday 28th, the day and night of the United Shows will exhibit in Bennettsville break them now. Even if you cannot attend then afternoon or evening performance you can afford to miss viewing the gorgeous parade at 10 a. m. and the thrilling race out of doors exhibition to be given immediately afterwards on the show grounds and again at 6:30 p. m. If necessary, miss former, but not latter which will prove the biggest surprise treat of the year. Mlle Zizzi, one of the fairest daughters of France, has been especially engaged by Cole Brothers to "ape death's arch" upon a slender bicycle and she does twice daily. This is an act which has never been attempted before by any woman, even the most fearless of whom gush with horror every time they witness it. What no other lady cyclist would ever dream of trying, Mlle Zizzi accomplishes every week-day morning and evening with as much unconcern as the average person would exhibit when partaking of dinner. Ascending a tall fragile wooden incline plane to the top, mounting a light bike and riding toward the earth at terrific speed, then arching a 55-foot death gap and landing upon the other side in safety is the frightful feat executed by this intrepid beauty. There is absolutely no charge made, it is presented in the open air as stated above, free to all who will visit the show lot.

MITTLE'S STORE will be closed Thursday Sept 20th and Saturday Sept 29th on account of holiday.

"The Great Commoner"

William Jennings Bryan. The evident lack of interest manifested by the ridiculously small attendance on the occasion of Bryan's reception at Columbia Wednesday causes serious, if not sad reflections.

Surely many more than 1500 people were expected to greet America's greatest living statesman and citizen! Can it be possible, that the tens of thousands of ardent admirers of this great man were caused to feel no special interest in this particular occasion through evident shortsightedness in the selection of the "reception committees"?

Were the different county Democratic organizations considered in making the selections from the different counties? Was Mr. Bryan's visit not of obvious political significance?

So, success we should hope for and work for Democratic unity in affairs political.

Bennettsville Growing.

Mr. R. L. Kirkwood has just completed the two brick stores recently mentioned on Broad Street and Mr. George Harsey has moved into the one near the driveway into the Jackson lot, and Messrs John and Joe Everett will open a Grocery in the other.

Mr. W. P. Breeden has completed his new brick building on the West side of public square and moved in.

E. J. Sawyer is building some nice buildings on the Northwest corner.

Handle Good Goods.

Messrs J. H. Mitchell, who travels for a Wilmington house and sells the famous Franklin cigar, and J. M. Davis, who travels for the R. A. Patterson Tobacco Co., dropped in to see us Monday while going around calling on their merchants. They handle fine goods.

There is quite a difference between hoarding money and saving money.

More Than Scholarship.

Scholarship is not the chief thing. Culture is more than scholarship. Colleges should give culture. They do not always do so. Some great scholars are great bores and not a few are the children of culture who never saw college. Mary was ignorant of books, yet, disciplined by sorrow, hers is the most perfect character in history.—Rev. N. M. Waters, Congregationalist, Brooklyn.

A SCIENTIFIC WONDER.

The cures that stand to its credit make Backler's Arnica Salve a scientific wonder. It cured E. R. Mulford, letter for the patrons of Husbandry, Waynesboro, Pa., of a distressing case of Piles. It heals the worst Burns Sores, Boils, Ulcers, Cuts, Wounds, Chillsains and St. Rheum. Only 25c at J. T. Douglas's Drug Store.

Prayer For Landlords.

In a prayer book of the time of King Edward VI. of England appears the following prayer for landlords: "The earth is thine, O Lord, and all that is contained therein, notwithstanding thou has given possession of it to the children of men to pass over the time of their short pilgrimage in this vale of misery. We heartily pray thee to send thy holy spirit into the hearts of those that possess the grounds, pastures and dwelling places of the earth, that they, remembering themselves to be thy tenants, may not rack nor stretch out the rents of their houses and lands nor yet take unreasonable fines and incomes after the manner of covetous worldlings, but so let them out to others that the inhabitants thereof may both be able to pay the rents and also honestly to live and nourish their families and relieve the poor. Give them grace also to consider that they are but strangers and pilgrims in this world."

That the wish is father to the thought is clearly shown by the Columbia State: "It looks like the Dispensary is doomed." May high license meet the same fate.

THE NEW YORK WORLD. The Most Widely Read Newspaper in America. Time has demonstrated that the Thrice a Week World stands alone in a class. Other papers have imitated its form but no its success. This is because it tells impartially, whether that news be political or otherwise. It is in fact almost a daily at the price of a weekly.

THE NEW YORK WORLD. The Thrice a Week World's regular subscription price is only \$1.00 per year and this pays for 156 papers. We offer this unequalled newspaper and the Democrat together one year for \$1.67.
