

BLOOD SHED

In the Streets of Lodz, Russia, by Cruel Cossacks.

ATTACK MAIL WAGON.

Which Causes the Body of Cossacks to Shoot Indiscriminately—Near Warsaw Terrorists Kill Four and Wound Nine in Bold Attack on Railroad Office Under Guard. Innocent People Killed.

At Lodz, in Russia, 60,000, sixty-eight workmen, of Kuttner's Spinning Mills, were shot down Friday morning by a patrol of Cossacks because a band of terrorists attacked a mail wagon in the neighborhood, killed a Cossack guard and wounded another Cossack and two postoffice officials.

While the wagon was passing through Longkova street the terrorists suddenly appeared from a side street, opened fire on the Cossack escort, seized \$1,000 from the wagon and escaped.

A moment later a patrol of Cossacks arrived on the scene, and in fury by the fate of their comrades rushed into the factory, which was near the spot where the robbery occurred, and began firing indiscriminately, killing 21 and wounding over 40 persons.

The greatest indignation prevails at Lodz, as it is claimed that the employees of the factory had nothing to do with the attack on the mail wagon.

Raid Railway Office.

At Warsaw, Russian Poland, a band of terrorists held up the city office of the Vistula Railroad, on Długa street, at 10 o'clock Friday morning and got away with \$5,000 and a secret list of names of 400 persons were killed and nine wounded.

The office was full of people at the time, and soldiers were rounding the premises, but terrorists, attacked them with revolvers, killed two and wounded four of the guards before they reached the place where the money was kept.

Then snatching up a bag containing \$5,000 the men ran out of the office. The soldiers fired at the fleeing terrorists, but only succeeded in hitting some bystanders, two of whom were killed and five wounded.

IMPRISED IN AUTO.

Three Women Have Narrow Escape From Possible Death.

Practically imprisoned in a runaway automobile, three women had a narrow escape from possible death at Bryn Mawr, Pa., recently.

The machine, a big touring car, owned by Samuel W. Colton, Jr., Mrs. Colton, Harold Colton, Mrs. Harrison Allen and her daughter, drove up to the railroad station at 8:30 o'clock. Mr. Colton and his son, who had occupied the front seat, left the machine and entered the station.

They had hardly disappeared when the machine started off. It headed straight down the road that leads to the tunnel under the tracks of the railroad, gathering momentum as it sped on. The women, seated in the rear, were unable to reach the mechanism to shut off the power, and to jump means serious injury or death.

After going a distance of about 100 yards the machine swerved from the roadway and struck a stone wall that abuts the sides of the road at this point. The iron rail along the wall was broken down and the women were hurled over the gap. Luckily the rear wheel jammed into the network of the iron railing and held fast.

The women, frightened to the verge of hysterics, were thrown to the floor of the car, but sustained no painful injuries.

SAVED THEIR COMRADES.

Thrilling Experience in the Hold of a Burning Oil Barge.

At New York half a score of firemen risked their lives in saving six of their comrades who had been overcome by smoke in the hold of a burning oil barge lying at a pier in the Hudson river.

Six had gone into the hold when they thought the fire had been overcome and were cutting away a passage when a large quantity of oil and smoke swept through the opening and enveloped them.

The men dropped unconscious and the flames were pouring over them when their comrades, hearing the fire and choking smoke, rescued them. The rescued men were seriously burned but will recover.

BABY IN PAWN.

The Mother Must Pay Debt To Get Her Child.

A little baby boy, Johnny Knicks, is held at Berkeley, Cal., for a debt of \$87.50, which the mother must pay before she can get her little one out of pawn. This is the attitude of Mrs. Jesus Alcantara, who, while caring for the boy while his mother was away, loaned to love him as her own child.

Mrs. Knicks came to the conclusion that she wanted her boy with her again and tried to get possession of the child. But Mrs. Alcantara was firm. "No money, no child," she said, and now the courts have been called upon to decide as to the proper disposal of the boy.

OLD SWINDLER DEAD.

Body at Asheville is That of "Lord Beresford."

COAL MINE HORRORS

That So Frequently Occur in This And Other Countries. A Testing Station is Assured. The Effect of Explosives on Gases Will Be Noted. Demonstration of Apparatus Used in Europe Will Be Made.

The fuel division of the Geological survey is planning to make a determined effort to stop the terrible sacrifice of life in the coal mines in the United States. In 1906, 500 lives were lost in Pennsylvania mines alone. European countries are far ahead of this country in matters relating to the prevention of disasters in mines and in caring for miners who are entombed, by entering the mine before the men have been smothered by dust or gases.

An experiment station will be established in the mining region in the vicinity of Pittsburgh, where tests of the various explosives used in blasting coal, will be made. The explosives will be projected by a mortar into a vast boiler-plate cylinder filled with gas, and the effects will be carefully noted. If ignition fails after severe tests explosives will be known as "permissible explosives," and their use will be urged.

There will also be experiments in rescue work. One part of a station will be fitted as a miniature mine, and miners and operators will be taught how to save lives. It is declared that hundreds of lives could be saved were it possible for the rescue party to enter the mine immediately. As it is now the dump often holds the men back for hours while their comrades are being suffocated or burned to death. Government experts have found an apparatus in Europe, used by rescuers, enables them to enter where there is gas. The use of the apparatus will be demonstrated.

Some of the recent mine explosions in Europe, West Virginia, are as follows:

Red Ash, March 6, 1904, 24 killed, 12 injured.

Tush Run, March 18, 1906, 24 killed.

Wetzel Coal Dale mine, January 4, 1905, 22 killed.

Paint Creek, Detroit mine, January 18, 1906, 18 killed.

Fayette County, Paral mine, February 1906, 22 killed.

Phillips Century mine, March 25, 1906, 26 killed.

Fayette county, Stuart mine, January 29, 1907, 32 killed.

Some of the most recent mine explosions in Europe, West Virginia, are as follows:

Red Ash, March 6, 1904, 24 killed, 12 injured.

Tush Run, March 18, 1906, 24 killed.

Wetzel Coal Dale mine, January 4, 1905, 22 killed.

Paint Creek, Detroit mine, January 18, 1906, 18 killed.

Fayette County, Paral mine, February 1906, 22 killed.

Phillips Century mine, March 25, 1906, 26 killed.

Fayette county, Stuart mine, January 29, 1907, 32 killed.

Some of the most recent mine explosions in Europe, West Virginia, are as follows:

Red Ash, March 6, 1904, 24 killed, 12 injured.

Tush Run, March 18, 1906, 24 killed.

Wetzel Coal Dale mine, January 4, 1905, 22 killed.

Paint Creek, Detroit mine, January 18, 1906, 18 killed.

Fayette County, Paral mine, February 1906, 22 killed.

Phillips Century mine, March 25, 1906, 26 killed.

Fayette county, Stuart mine, January 29, 1907, 32 killed.

Some of the most recent mine explosions in Europe, West Virginia, are as follows:

Red Ash, March 6, 1904, 24 killed, 12 injured.

Tush Run, March 18, 1906, 24 killed.

Wetzel Coal Dale mine, January 4, 1905, 22 killed.

Paint Creek, Detroit mine, January 18, 1906, 18 killed.

Fayette County, Paral mine, February 1906, 22 killed.

Phillips Century mine, March 25, 1906, 26 killed.

Fayette county, Stuart mine, January 29, 1907, 32 killed.

Some of the most recent mine explosions in Europe, West Virginia, are as follows:

Red Ash, March 6, 1904, 24 killed, 12 injured.

SENATOR TILLMAN SAYS HE IS THE LOGICAL CANDIDATE

He Thinks that the Vice-Presidential Candidate Should Come From the South.

"It looks to me," said Senator Ben Tillman, of South Carolina, who passed through Augusta on Thursday, "as if the Democrats will have to nominate Bryan for the presidency next year. He seems to be the only logical man. He will have as a running mate some substantial Southern man, probably Culberson of Texas, Hoke Smith of Georgia, or Daniel of Virginia.

A Southerner is not placed on the ticket the Democrat will pick. It is a pity that we cannot have a Southern man first on the ticket, but the conservative Democracy of the South understands that sectional prejudice has not sufficiently deepened yet to remove a dangerous element of chance.

It is time for the Democratic party to offer offering obscure millionaires for the vice presidency especially when they have nothing but money to recommend them. I refer to Sewell who ran with Bryan the last time and Henry Gasaway Davis who ran with Parker. Mr. Bryan is a clean and able man, and has the confidence of the people, although I do not sympathize with his theory of government ownership.

"I can see no other man in the ranks of northern democrats looming up as a presidential possibility. The trouble with most Northern Democrats is that they have become ward heeler.

"Joe Bailey has been spoken of in connection with a presidency but he is down and out so far as politics is concerned. I do not believe that the charges against him in connection with the Standard Oil company are true, but they have had a certain effect with the public mind. He got into bad company and was found out.

"Mr. Roosevelt is very anxious to be president again and will be a candidate if he can so manipulate the situation as to make his proposition come in accordance with his ideas as to how it should be brought about. But he won't get the nomination if the Republican politicians can prevent it.

KILLED HER SON-IN-LAW.

The Tragedy Occurred While Man Lay in Drunken Stupor.

At Huntsville, Ala., angered because her son-in-law, Frank Albright, had come home drunk and run the family away from home by his violent actions, Mrs. Mattie Connally killed the man by shooting him with a shotgun, as he lay in a drunken stupor on his bed.

The tragedy occurred in Maysville Saturday night. The evidence was secured by the coroner's jury. Mrs. Connally has been lodged in jail, and Charlie Chadwick, a 16-year-old boy, has been put in jail as an accessory. Although a merchant, about 30 years old. He was drunk in Huntsville Saturday and when he went home that night he was violent.

His wife and children fled, but the mother-in-law remained and sent Chadwick to a neighbor's house for ammunition, with which she killed the drunken man.
