THE NEW YORK WORLD  
THIRCE A WEEK EDITION.  
The Most Widely Read Newspaper in America.  
Time has demonstrated that the Thrice a Week World stands alone in a class. Other papers have imitated its form but not its success. This is because it tells it impartially, whether that news be political or otherwise. It is in fact almost daily at the price of a weekly. In addition to news, it publishes first-class serial stories and other features suited to the home and fireside.  
The Thrice a Week World's regular subscription price is only \$1.00 per year and this pays for 156 papers. We offer this unequalled newspaper and the Democrat together one year for \$1.67.

Horses Do Get Sick.  
When a horse and mules are poor it is not always and in fact that they do not get enough to eat. Many animals, just like human beings, have indigestion or the system is all run down and a tonic is needed. It is not the amount of food eaten that makes muscle and fat. More depends upon the proper digestion of the food. Nothing has yet been discovered that will build up a horse or mule better than Ashcraft's Condition Powders, the only remedy in its class sold under a guarantee. Ask Mr. Smith Newton, Bennettsville, for the kind put up in boxes. And McCall Drug Co., McColl, S. C.
