Play to Be Given

By special request the Dramatic Club will present at the auditorium on Friday night the 15th "The Sweetest Girl in Dixie" The play which was given not long ago made a decided hit. In fact it very generally agreed that it was the best of the season. A tremendous crowd was out and great was enjoyment of the audience. In answer to a request from many who saw it the last time and from some who did not see it the Dramatic Club decided to present the play again.

So on Friday night May 15th the play will be presented in the auditorium of the Murchison school building. Every seat was taken last time and there will doubtless be a rush for seats as soon as soon they are put on sale. The cast characters is the same as they were before. Everyone who did not get out before will doubtless make an especial effort to come this time. Humor, tragedy and that old sweet story of love abound in the play. The fun and all the good feelings which you will get are worth more than 4 times the price of admission.

JIM MALLOY

Will Be Hanged on 22nd of This Month

Governor Ansel and the pardoning board refused last week to interfere with the sentence of the court in the case of Jim Malloy and the black murderer will now have to pay with his life for his awful and terrible deed. According to the sentence as passed by Judge Aldrich he will be hanged on the 22nd inst sometime between the hours of 10 in the forenoon and two in the afternoon in the jail yard.

Malloy is now preparing for his end. He refuses to talk to visitors and is awaiting the final day with seeming apathy. Probably he does not realize how short the time is in which he is to remain on this earth.

The gallows is soon to be erected on which Malloy will be hanged. Everything is being made ready for the carrying out of the order of the court.

Owens and LeGrand defended the prisoner and they did their best. First an appeal for a new trial was taken to the supreme court and on the refusal of this body they took the matter before the pardoning board. With failure here they can do nothing more and the law will now be carried out.

Under the law only a limited number are admitted to the execution and the Sheriff will probably insure admission cards as this is the custom in most of the counties of the state.
