Our Publication Day.—A change in our arrangement for printing The Visitor has made necessary a change of day in going to press,—one day later than usual. The putting in of a larger and improved printing press in the office and more satisfactory power to drive the machinery are greater conveniences than have heretofore been enjoyed in our mechanical work. The change from the old to the new order of things caused a disarrangement of our schedule and a delay in mailing the paper several weeks in the last month or two. A few inquiries have been received concerning these delays, and in reply we make this statement. However, The Visitor will aim to be on time henceforth.

Appreciative Words —The following is an extract from a letter received from a pastor who until some time ago served well and acceptably a pastorate in his native Southland: "I note with pleasure the constant improvement in The Visitor, and I would not be without it. It brings me the news from my dear old Southland, toward which my affection grows stronger every day of my absence. The Visitor is well edited, neatly printed and is one of the best papers of our Church or of any Church in this country; and, since I come to think of it, I fear our Southern people do not appreciate The Visitor as they should. Many church papers that are no better charge two dollars. I am astonished at the cheapness of The Visitor when I compare it with other papers."

Bible Reading.—Pastor H. A. McCullough of Cameron, S. C., has succeeded in a gratifying manner in an effort for more general study of the Bible in his parish. Forty persons completed a course of daily study prescribed by him the first year in 1899, and at the close of the year the Editor of The Visitor was visiting in the parish and had the pleasure of speaking to them publicly on this important subject. The next year twelve persons committed to memory the books of the Bible. Last year as many as fifteen persons complied with the pastor's request to read through the Bible during 1901, and all of whom received a souvenir in the form of a beautiful New Year card accompanied with a photo of the pastor. Each family in the parish was given a New Year greeting—an earnest and thoughtful pastoral letter neatly printed on heavy cardboard and with an embossed colored cover with letter-press in white and gold.

The Time Limit.

The committee has decided upon May the first, 1902, as the limit for the century campaign. The work has been one which has brought much joy. It is to be hoped that it has been a blessing to the church. Letters from pastors and laymen tell of the increased love for our southern church which has followed. A dear brother layman from one of the rural districts expresses great joy over the happy effect of binding us all into closer fellowship, and he calls it "a blessed work". We must confess that it is not without a shade of sadness that we announce that in three months our banner must be lowered and the century campaign closed. In the meantime the eyes of many in our churches will scan with anxious interest the century column, and the weekly reports of our treasurer. There are some liberal hearted souls that are looking with hopeful curiosity at this church thermometer. If the churches rally with unanimity, it will be a moral force which will provoke testamentary remembrances perhaps in unexpected quarters. The first of May becomes an important date in our history. May it be one of general rejoicing!

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.
