

NEWBERRY COLLEGE NOTES.

The faculty has decided to give a recess the first week in April to enable the students to visit the Charleston Exposition and it is thought that a large number of them will take advantage of the opportunity. A visit to Charleston will be worth more to them than a week in college, and the boys and girls will have a great time.

Next week the Rev. W. L. Seabrook will deliver a series of lectures before the college Y. M. C. A. And the following week the association will send a delegation to the state convention in Columbia. The association exerts a strong influence for good and is worthy of support.

The students have been blessed in the matter of good health this session. There has practically been no sickness among them, and, as a result, attendance upon the regular work of the classes has been excellent.

The boarding hall has had marked success under the management of Mr. and Mrs. B. O. Epting. In spite of the high prices of groceries the boarders got through the first three months of the session on about \$5 a month each. We hope that no one will expect them to live on less than this.

Ten new students have entered college since Christmas, running the enrollment up into the sixties. The total enrollment this year will probably be about ten short of that of last session, and yet the attendance is most gratifying. The present senior class is smaller than that of 1901 by eighteen members, but the total enrollment in the college classes is larger than it was last year.

During the recent meeting of the Southern Educational Association in Columbia an important college meeting was held, at the call of the State Superintendent of Education. The object of the meeting was to take action looking to the adoption of uniform minimum entrance requirements and a uniform rule as to accredited preparatory schools. Furman, Wofford, Erskine, Newberry, the S. C. College, the Citadel, and the College of Charleston were represented. At an adjourned meeting, to be composed of representatives from these colleges, a constitution and by laws will be adopted for the permanent organization of an association of colleges.

Lexington, S. C., Jan. 25, 1902.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.
