

## TO PASTORS AND CHURCH SECRETARIES.

Your Attention, Please

We are aiming to keep the roll books in perfect accord with your roll book at home. As some subscriptions are falling due in November, December and January next, please forward the money collected to Treasurer Eard, and send me a correct list of the names of the parties paying that I may make a proper entry upon the two roll books on file in this office. With your careful and cordial cooperation not only will every dollar be collected, but a faithful record can be kept in these books now on file and all subscribers be duly credited.

The terms of subscriptions are as follows:

All subscriptions under ten dollars shall be payable within twelve months after date; those of ten dollars in one and two years; those of fifteen dollars in one, two and three years; and all sums of twenty dollars and over shall be payable one fourth annually within four years. Subscriptions may be cashed at any time at a discount on deferred payments of six per cent per annum.

A good many subscribers are going to take advantage of the prosperous times and pay their subscriptions in full this fall. This would be helpful, not only to the cause, but also to both pastors and congregations.

R. C. HOLLAND,  
Chairman of committee.

For Croup use CHENEY'S EXPECTORANT.

# CATARRH

## A Constitutional Affection.

Sprays, washes, powders, salves, medicated tobacco and cigarettes, however long and persistently used, do not cure Catarrh. They relieve temporarily the inflammation in the throat and nose, and enable you to breathe more easily and freely, but the continual rush of impure blood to these parts keeps up the irritation and ultimately produces ulceration of the glands, when the breath becomes exceedingly offensive and the soft bones of the nose are frequently destroyed. The catarrhal inflammation extends over the entire surface of the mucous membrane, or inner skin; the stomach, kidneys and lungs are often involved; the whole system soon becomes affected by the rapid absorption of poisonous matter into the blood, and the disease that you had hoped to cure with simple local remedies, assumes a dangerous form.

I had Catarrh about 15 years, and tried during the time everything I could hear of, but nothing did me any good. At last I came to the conclusion that Catarrh must be a blood disease, and decided to give S. S. S. a trial. I could see a little improvement from the first bottle, and continued it three or four months, or until I was cured. Have not taken anything for six years, and am just as well as I ever was.—M. MATSON, Lapeer, Mich.

I had Catarrh so bad was entirely deaf in one ear, and all the inside of my nose and part of the bone sloughed off. The physicians gave me up as incurable. I determined to try S. S. S., and began to improve at once. It seemed to get at the seat of the disease, and after a few weeks' treatment I was entirely cured, and for more than seven years have had no sign of the disease.—MRS. JOSEPHINE POLHILL, Due West, S. C.

Catarrh is a constitutional disease—a blood disease which is frequently inherited, and only a blood medicine, such as S. S. S., can remove the hereditary taint, destroy the poisons that have been accumulating in the system for years perhaps, and restore the blood to a healthy and pure condition. The inflamed membranes and diseased glands are healed by the rich, pure blood which is carried to them, and the offensive discharges from the nose, and the terrible headache and neuralgic pains cease. Chronic cases of the most desperate character and apparently hopeless, have been cured completely and permanently by the use of S. S. S.

Write our physicians fully about your case and they will cheerfully assist you by their advice. We charge nothing whatever for this service. Book free on application.
