

THE HORRY HERALD

Published Every Thursday.

Local News.

Court convenes here next Monday.

Mr. F. G. Burrough's family returned from the mountains last Friday.

F. P. Cammack has moved into the house recently occupied by Prof. A. J. Bradshaw, next door to R. B. Scarborough.

Friday, 21st, is Columbus Day and is also the day appointed for the examination of teachers, why not the Board of Examiners and teachers devise a program for its appropriate celebration?

Rice paper is not made from rice, nor from rice stalks, nor has it any connection whatever with rice. It is of Chinese manufacture, and is made from the pith of a certain tree resembling the elder.

We hope all delinquent subscribers will call and pay up their past dues to the HERALD during Court week. We don't like to bother you so much, but all these little amounts put together is what keeps the wheel rolling, and you must not think hard of us when we call upon you.

Some of the prominent Third Parties in Georgia are returning to the Democratic fold since their overwhelming defeat in the recent election. Tom Watson maintains a stiff upper lip and will increase his efforts to carry the election in November.

Will Hemphiel, who killed Alex Caldwell, conductor on a R. & D. train in August 1891 and leaped off the train has been captured. It was a cold-blooded murder and was done in South Carolina on a train bound for Atlanta. Gov. Tillman offered a big reward for his arrest.

We made the mistake last week by carelessly reading the School Commissioner's notice of the examination for public school teachers of saying the time was Friday 14th, when it should have been Friday 21st. Since the above was written the School Commissioner informs us that the examination has been postponed to Saturday 22nd; on account of Friday being Columbus Day set apart by Gov. Tillman and therefore a public holiday.

Rev. Thos. J. Clyde presiding elder occupied the Methodist pulpit last Sunday night and preached an excellent sermon. This is his last visit to this place before the session of the annual Conference. Some changes will necessarily be made in the appointments in this county—the pastors of Bucksville and Waccamaw having served their legal limit. Other changes may be made, but we know of no special reasons therefor.

Perhaps journalistic courtesy would require Senator Smith to publish his reply to the uncalculated strictures of the editor of the Pee Dee Index on a letter to the Greenville News signed Jeremiah B. Smith in the Index. But the Index cannot complain after its disrespectful treatment of Senator Smith. The editor eliminated the middle letter of the name to make it correspond with the Senator's and then did not have the courtesy to send Senator Smith a copy of his paper containing the animadversion.

The County Alliance met in the court house last Tuesday. The attendance was unusually slim, may have been on account of a misunderstanding as to the time and place of meeting. The place was Green Sea and the time Friday 14th appointed by the County Alliance or those authorized to elect, but the constitution of the order authorizes the District Lecturer to make the appointment for the meeting of County Alliances to suit himself, and he appointed Tuesday and Conway for the meeting. The District Lecturer, who is H. C. Burn, of Darlington, did not put in appearance or send any reason for his failure to reach his appointment. J. P. Derham was not present either from some cause. Only routine business was transacted, except some secret business the nature of which it was thought improper to divulge. The order is not as prosperous now as in days gone by, some think owing to the hard times occasioning the failure on the part of some members to maintain their membership.

We do not rejoice at this evidence of weakening of the order, for now is the time that the good that is in it should be exhibited and put in active operation.

Cholera seems to be abating in Asia and Europe.

Mrs. Wright, of Sumter, is visiting her son Rev. W. A. Wright.

Mrs. Col. Quantlebaum and children have returned from a visit to relatives in Chesterfield.

Mrs. T. F. Gillespie of Bayboro is visiting Col. Gillespie's family of Conway.

Miss, Isa Beatty after spending a short time with her brother's family returned to Savannah last week.

We return thanks to Mr. J. N. Pearce for some nice twigs of grapes of the Flowers variety. Also to Mrs. C. Dusenbury for a fine Keifer pear.

Mr. G. A. Croft has made a wonderful improvement to the appearance of his store by adding two show windows in front.

The Murrell Bros. have placed a flat at Conway wharf for the accommodation of people living across the river, to come to Conway.

Venezuela has undergone a revolution and Crespo has entered Caracas at the head of his army 15,000 strong. Great rejoicing among the people.

Three factories in the United States consume 2,000,000 eggs a year in making the peculiar kind of paper used by photographers known as album paper.

The tax books open next Saturday and continue open for two months for the collection of State and County taxes. Save up your nickles and when the Treasurer visits your place meet him promptly and pay him cheerfully.

We would advise every farmer to save all the peas he can. They are selling in Charleston now at \$1.20. That crop is short also and we think there is money for the farmer who has a good supply on hand next spring.

The Republicans of this Congressional District have nominated E. J. Sawyer, of Marlboro, for Congress. Sawyer is postmaster at Bennettsville, has some brains, but the nomination is purely formal and destitute of any significance, except to control the patronage in case of Harrison's election.

The withdrawal from the Republican party of such prominent and influential members as Judge Cooley, Judge Gresham and ex-Attorney-General Wayne McVeagh, and their declaration that they will vote for Cleveland is very significant. These are hopeful signs, we think, and show the drift of public sentiment on the tariff and force bill issues.

Cotton has taken a decided upward move, but how long it will continue is unknown. The crop is very short, but there is considerable cotton held over from last year's crop. It will take a heavy rise in price to recoup the farmer for loss in quantity. The price is now fluctuating, unsettled, with an upward tendency, the highest point reached yet is 8.40 in New York.

The celebration of the Centennial of Baptist Missions will be observed in Conway on the 3rd and 4th of November. The last decade of the 18th century witnessed the institution and organization of active measures for the civilization and christianization of the pagan world, among which was the organization of the Baptist Missionary Society in London 1792. These organizations are important parts of the church's work and are powerful auxiliaries in spreading the gospel over the world.

President Harrison had been building high hopes on breaking the solid South in this election, but the recent elections in Georgia, Florida, Alabama etc., have opened his eyes and dissipated the illusion. He is reported that he said after the Georgia election:

"I have washed my hands of the south," the president added with considerable temper. "It is a land of rebels and traitors who care nothing for the sanctity of the ballot, and I will never be in favor of making an active campaign down there until we can place bayonets at the polls. I am now more than ever in favor of ramming a force bill down their throats."

Henry Grantham, of the Gallivants Ferry section, narrowly escaped leaving his gin-house and contents destroyed by fire last Tuesday. A spark entered the lint room and flashed a flame quickly over the whole room and caught some cotton in the press. Miss Lottie Mayo dismissed her school and with the help of the school by persistent and heroic efforts the building and most of its contents were saved. About 1/2 bale of cotton in the press and 1/2 of bale in lint room were destroyed and some damage to building was the extent of the loss. The school boys deserve great praise for their heroic efforts.

Photograph Albums (with Croft's picture on front page,) for sale at Croft's Store from 25 cents to \$10

There were five hangings in this State last Friday—two at Spartanburg and one each at Newberry, Anderson and Pickens. One at Spartanburg was a man convicted of killing ex-mayor Henemen and one was a girl 15 or 16 years old for poisoning her employer's child. Both criminals were colored. The News and Courier labored hard to induce the Governor to commute the girl's sentence, but the Governor very properly let the law take its course. Persons guilty of such fiendish crimes as poisoning would be dangerous at large. A colored mother was hanged at Newberry for killing her infant. A white man was hanged at Anderson for murdering his wife and a colored man was hanged at Pickens for killing the cow-marshal. This is a pretty good record for one day and we hope it will have a salutary effect.

DIED.

Bunyan Gurdine Lewis was born May 2, 1857, and departed this life Oct. 1st, 1892.

On 22, Sept. he left home with wife and babe to the bedside of his dying sister-in-law in Marion County, a distance of fifteen miles. The next morning Isla, his babe, was taken with spasms and fever. There were only short intervals between the spasms. With a bleeding heart, he attended her and spoke words of comfort to his wife until Tuesday morning, he too was taken with fever. He rapidly grew worse; was unconscious and speechless Wednesday evening and remained so till Saturday 11 A. M., when his spirit was released. He reached the "land of unclouded sky" but a few hours before he was joined by Isla. Thus he was taken away from home, but loving hands administered to him. He joined the Methodist church in his 16th year; was regenerated Sept. 1855, and was ever afterwards a worker in the vineyard of the Lord. But he followed on to know more and more of God till three years ago his "life was hid with Christ in God." It was his delight to testify to this second blessing which so filled his entire being. Truly he walked and talked with God. He was led by the spirit and prayerfully sought to know God's will in all things and did his duty as God showed him irrespective of the opinions of men. He knew Christ as his Saviour, Sanctifier and Healer. His funeral was preached by Rev. W. W. Jones Oct. 2nd, at Sandy Plain, where his remains and his little babe's were interred. Sadly, sorely will his loss be felt in prayer meeting and Sunday School as Supt. We can only pray that some other as wise and good may be raised in his stead.

Daniel W. Brown was born Aug. 14, 1892. He was a faithful member of the Methodist church, and entered in the vineyard in early life. He leaves many friends to mourn their loss, but he now lives and rests with Jesus in that brighter world above.

The place which he once filled in the church here below, he now fills no more. There are many little, loving Sunday School scholars which he taught the way to go. He pointed them to the lamb above where he hopes to meet them again. May these dear children take the good advice which was given them by their dear old servant, which now lies beneath the cold sod to hear the welcome sound, "come ye blessed of my father and inherit the kingdom which was prepared for you from the foundation of the world."

Little Nancy Elizabeth, only daughter of Henry D. and Hettie J. Hooks, died Sept. 27th, 1892. She was frail from birth and has been translated from sorrow and trouble to immortal bliss, of such is the kingdom of Heaven. COUSIN.

NEW ADVERTISEMENTS.

Notice.

THE FINEST STOCK EVER SEEN IN HORRY COUNTY.

What the Electropoise will do. It will completely exterminate the germs of disease, and effect a permanent cure where drugs and stimulants are powerless. The following letter from a prominent clergyman will be of interest to sufferers:

Atlanta, S. C., Sept. 19, 1890. The Electropoise has worked wonders in my household. I introduced it to Mrs. Culbert last March as a remedy for rheumatism, and since then she has laid aside stick and crutches and is able to attend to all of her household duties. Another member of my family by using it better than she has ever been, and I myself find it an admirable tonic when tired out after three services on the Sabbath. Several parties have invested in this instrument because of our experience and expression of opinion. Very gratefully, Rev. LUCIUS CULBERT.
