CONWAY, S. C., THURSDAY OCTOBER 5 1905

NO 25.

HAS BEEN SUSPENDED.

GOVERNOR SUSPENDED SUPER VISOR BOYD.

Mr. Boyd says he has not Appropriated any of the Public Mon ey. Matter not so bad as it appears on its Face.

It was stated in the newspapers of week before last that present ments had been made at the recent term of court against Mr. John L. Boyd, the county Supervisor, and G. Fred Stalvey Esqr , the former clerk of the board, as to the appropriation of the county funds to private use and conspiracy to defraud the county.

When consulted about these matters, Mr Boyd stated that he was not afraid of any of these charges because he had not applied any of the public funds to his own use and that he was not afraid of the result when left to trial in the court.

The supervisor has only been suspended from his office and when the matters against him are cleared up and he is tried and found not guilty he will go back into his office, if the present term shall not have expired. The following is an account of the matter appearing in the State of

Sept. 28th.
"The grand jury of Horry county have found a true bill against Jno. L Boyd, county supervisor, on several criminal charges, Gov. Heyward yesterday suspended the supervisor from his office duties.

Several days ago the supervisor sent in his resignation, but the governor declined to accept the resignation until the supervisor could make settlement of his affairs. Yesterday the action of the grand jury was communicated to Gov. Heyward by the solisitor of the fourth circuit, Mr. J. Monroe Johnson, and the proclamation suspending the official was promulgated at once.

The charges against Boyd are very serious indeed, and the clerk of the county board, G Fred Stalvey, is also implicated. There are three indictments against Boyd and one against them. Stalvey. On all three counts a true bill was rendered by the grand jury. It is claimed that Boyd, with the assistance of Stalvey obtained by fraudulent means \$1,439.83, belonging to the county of Horry and used the same for their personal ends.

The witnesses named in the indict ment are W. L. Mishoe, J. P. Derham, D. A. Spivey, J. A. McDer-mott and J. C. Spivey; Y. M. Martin, N. M. Mishoe and W. L. Richardson for the prosecution, and W. A. Dusendury, J. H. Baker, W. L. Hardee and C. H. Snider for the defandants.

The first count charges that Jno. L. Boyd, on the 5th of July, 1904, "did falsely make, forge and count erfeit, cause and procure to be falsely made forged and conterfeited" and willingly acting and assist in the false making forging and counterfeiting' a county claim for the service of Y. M. Martain as constable for salary for quarter April 1st to June 30 1904 for \$8.65 by adding: "To paid for labor on road \$1; to paid on pauper occount \$5," thereby raising the claim to \$14.75, and by forging the name of W. L. Hardee as county commissioner to the approval of the

The second indictment charges that Jno. L. Boyd committed a proceeds to his own private use, taking the note of W. L. Mishoe for \$2.50 and depositing the proceeds from the note to his own account.

The third count charges that Jno L. Boyd and G. Fred Stalvey unlawfully, / falsely, fraudulently and corruptly did conspire combine, confederate and agree together by false pretenses to cheat and defraud the said county out of a large sum of money, to wit: The sum of \$1,439 83, by means of certain false and fraudulent paper in the form of and purporting to be warrants, orders and drafts, signed and to be signed by the supervisor and the clerk of the board of county commissioners, based on no account whatever and in favor of fictitious claimants and to be negotiated and collected by themselves for their own private use and benifit, which large sum of money was collected. each of them knowing that the accounts, warrants, orders and drafts so drawn and negotiated were not legal and valid, but were false and tried the second time at Loris last fraudulent to the great damage of the county of Horry and the evil example of all others in like cases of fending against the peace and dignity of the State.

A Suggestion.

Mr Editor: From what we can gather on the outside, the town council F. M. Dew of Dulah, W. D. Collins of and the committee on internal improvements are hitched. Why? Because they cannot agree concerning that \$22,000.00 bond issue. The committee say, the people had confidence in our judgment and put us -The civil docket of the Court of in this position to use this money as we see fit, so you issue the bonds congested and the attorneys should and give us the proceeds that we

Makes Corrections, in the Report of his Speech at Greenwood.

Mr Editor: - I hope you will give me space to make some corrections as to my speech at Greenwood reported by "Forecast." "Forecast" s a personal friend of mine, and 1 would not misrepresent any one intentionally. I hope he will take the corrections in the right spirit. He reported me as saying: "He who supports the dispensary is not wise, and he who is not wise is a fool.

I did not make that statement, but here is what I said: "Wine is camps of negro laborers employed Harrelson beld a meeting here last a mocker, strong drink is raging, and whosoever is deceived thereby mules for sale cheap for cash or good security, apply to A. Again he quoted me as saving: 'Two hundred thousand new made graves, and one hundred thousand orphan children are some of the dispensary." Here is what I said:

There are one hundred thousand deaths and two hundred thousand orphans made each year, in the United States as a direct result of the whiskey trafic. The dispensaries of L.S. Cooper paid the office a call | South Carolina are responsible for their part of these." I hope this can be understood without comment.

Again he quoted as follows: "On October 3rd the lines would be drawn in Horry county. On one -E. S. Baker jr., has returned to side said he, there is God, purity, honesty, and all good people combined, and on the other was hell. the devil, liers and gamblers. Which Senator G. J. On the other side of this line you will find the devil with his imps, broken hearts, woe, misery, drunkards, the dispensary and hell with all of its horrors. Now which side will you take on next Tuesday a week,'

I hope these corrections will understood, and that "Forecast" will appreciate them.

I am yours for correctness, J. L. Shinn,

DIED. Mrs. Mary Alford, died at the home her sister, Mrs. James S. Murdock, Here it is: "On October 3rd a line in Socastee on Aug. 28th, at the age of 55 years seven months and one day. Her body was taken to Socastee Cemetery and after being funeralized by Rev. Ben Elks, was laid away to await the resurrection morning.

> The death angel passed over the home of Mr. and Mrs. James S. Murdock on September 12th and laid his hand upon dear Little Annie, who was just a little over eleven years of age and was a very bright little girl. She was dearly loved by her Sunday School mates and sisters at home and before she died she made mention of her Sunday School teacher and called for her little testament which had been given to her by her teacher and said that if Miss Minnie came to see her she would recite a verse for her. After dividing her little presents with her little sisters, giving the baby her testament, asked that she might be carried into the church and Mr. McFarland preach her funeral.

Calling her parents and brothers and sisters she bade them good-by and said she was going to Heaven. Her last request was complied with as nearly as loved ones could carry it out. We hope to meet her some day where parting will be no more,
