

## OFF FOR JAMESTOWN

### The Horry Hussars Going Forty Strong.

### CHAS J EPPS IN COMMAND

#### Horry Will be Well Represented Palmetto Day at the Jamestown Exposition—Most Everybody Will Go.

The first attempt of the English to colonize America was when, after a four months voyage, a flotilla consisting of three small brigs, entered the Virginia Capes on the 26th of April, 1607. The party disembarked at Cape Henry and rested a few days continuing their journey through Hampton Roads to the James River finally settling on James Island, May 13, 1607.

No vestige of this original settlement now remains except the remains of the old church tower and a dismantled residence, but the spot is rich in sentiment for it marks the birth-place of the greatest nation on earth.

What Mecca is to the Mohammedans so Jamestown is to the American citizen. It is the birth place of the essential elements which characterize the American at home and abroad. It was there the fires of liberty were first kindled. The little handful of immigrants that sailed up the James river seeking a home, brought with them the Gospel of the Living God in the light of which America leads in the work of evangelizing the world.

Hence all eyes are turned toward the Jamestown Exposition, and all who can are going to bow at the shrine of Liberty. The railroads are very liberal in the matter of rates and are making unusual efforts for the comfort and pleasure of those who wish to visit the historic soil of the mother State.

Capt Chas J Epps, in whose bosom patriotic fire never goes out, has interest in himself and as a result Horry will be largely represented in Norfolk on "Palmetto Day. By perseverance he has succeeded in obtaining for his company a very liberal transportation rate and unusual accommodation while there, and as a consequence, he will leave here with his command, forty strong. Besides there are a large number of civilians who will go along at the same time. It is not yet definitely settled whether the Horry contingent will go from here to Columbia or change at Florence and go over the Atlantic Coast Line.

#### From the Bay.

We are having a few days of beautiful weather. Hoisting tobacco and killing cut worms is the general order of the day.

The crops in the Bay section are not doing so well this spring especially corn, owing to the fact birds and worms kill it as fast as it comes up, but is nothing compared with the crops at Windy Hill Beach, which I saw an account of in the Herald some time ago. As an old saying, a bad beginning makes a good ending, and we hope to come out prosperous at harvest time.

Hinson & Ward are having a new addition added to their storehouse which when completed will add much to the appearance of the place.

Mrs L. C. Ward visited her parents, Mr and Mrs J. T. Smith, at Mullins the last of last week.

Mr and Mrs B. J. Holt visited the latter's parents, Mr and Mrs M. White last Sunday.

Miss Docia Ward, who is attending school at Mullins, spent last Saturday at home.

P. D. Gerrald and wife, of Lake Swamp, visited at B. F. Harrelson's last Sunday.

Rev B. H. Harrelson filled his regular appointment at Black Creek last Sunday.

Much success to the Herald and its many readers. Spry.

#### A Narrow Escape

G. W. Cloyd, a merchant, of Plunk, Mo., had a narrow escape four years ago, when he ran a jimson bur into his thumb. He says: "The doctor wanted to amputate it but I would not consent. I bought a box of Bucklen's Arnica Salve and that cured the dangerous wound." 25c at Norton Drug Co.

It's too bad to see people who go from day to day suffering from physical weakness when Hollister's Rocky Mountain Tea would make them well. The greatest tonic known. 35 cts. Tea or Tablets.

U A Dusenbury of Toddville spent last Thursday night in Conway returning home on the steamer Friday morning.

#### Toddville Tidings.

Mrs L. D. Long was here this week.

J. M. Dusenbury and Pearl Gasque made their usual visit to Greenwood Sunday.

Hon J. A. McDermott was in town Sunday evening.

Hal King of Conway township is attending school here.

Capt Chas D. Pinner was here Monday shaking hands with his friends.

Some time ago Sam Cook, mail carrier on route leading from Conway to Bucksport, swore out a warrant before Commissioner Quattlebaum charging Ole Andersen with wilfully running into the U. S. mail while on the road, and Mr Anderson having heard through friends of threats which Cook had made against him previous to this, proceeded to prepare himself for the trial by taking Rev. A. S. Doak and Mr Leroy Martin to where the collision occurred, and it was found upon measuring the distance, that Mr. Andersons road cart wheel was less than five inches of the ditch. Of course the commissioner dismissed the case. Mr Cook probably thought that as he was driving the mail that he had special rights, but the postal laws and regulations says: "There seeming to be much general misunderstanding in relation thereto, post masters, mail carriers and all concerned are hereby informed that the establishment and maintenance of public roads is a matter wholly within the jurisdiction of State and local authorities and a matter over which the Post Office Department has no control. Mail carriers have no authority to trespass upon private property, and the postal laws give them no special rights or privileges as regards the use of public roads. The law prohibits any wilful interference with the performance of postal service, but such prohibition does not authorize mail carriers to disregard State law or municipal ordinances as regards the use of public roads, nor authorize them to wilfully interfere with the rightful use of public roads by other parties. The post office department cannot authorize mail carriers to carry fire arms, such permission can only be obtained from the local authorities." Forecast.

#### Dougala Items.

The health of our section is generally good at the present.

Crops are generally good considering the late spring.

There are no weddings to report at present. A Friend.

#### Wolsie Items.

Listen for the wedding bells to ring.

Pearl Gasque and Miss Maud Long were pleasant callers at Mr W J McCrackens last Sunday.

A number of the young folks from Greenwood attended the Sunday School convention at Edon church last Saturday and Sunday.

B W Tindall and Samuel Brown were visitors in the Wolsie section recently.

The post-office here is quite convenient to the public and we would be very glad to see the time come when we can get a contract for the route. Mr McCrackin our postmaster has been carrying it for quite a while for nothing, but with a hope of something being done.

There was a prayer meeting at Mr R A Lowrimore last Sunday, conducted by Rev. W D Woodward and Mr Merdock.

We have a flourishing Sunday School at Greenwood with Rev Woodward as our superintendent.

Corn and cotton is looking well considering the farmers are having a wrestle with General Green and think they will be able to conquer the old chaps soon if blessed with a few more dry sunny days. P D B.

#### 100 Reward 100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by all druggists, 75c. Take Hall's Family Pills for constipation.

#### Don't Pay Alimony.

to be divorced from your appendix. There will be no occasion for it if you keep your bowels regular with Dr King's New Life Pills. Their action is so gentle that the appendix never has cause to make the least complaint. Guaranteed by Norton Drug Co. 25c Try them.

Of all the fruits there are in the land that grow on bush or tree, I would give up the choicest ones. For Hollister's Rocky Mountain Tea.

## TOBACCO GROWERS

#### Acreage Reported Goes up to Large Figures.

We have received reports from two sections of the county this week as to the acreage planted in tobacco, the lists are so long we cannot publish the names in this issue, but can only give the totals as follows:

Previously reported..... 50 acres  
Green Sea section..... 115 acres  
Galivants Ferry section 416 acres

Total to date..... 518 acres

The Galivants Ferry list was reported by Wm Edwards, the hustling agent for the Hall Insurance Co., of Mullins. All of his list are insured with this growing company against damage by hail. Let others report and we will soon know about how much is planted.

## Loris.

Editor Horry Herald:—Will you please allow me space in your valuable paper to again say something of my last visit to Edon church and community?

Of course I left home as usual on Friday's train and made a short stop at Homewood and looked around that beautiful little place, where I saw some of the strawberry growers and got acquainted with some good people. Then in company with one of my friends, Mr. Edward Sessions, came on to Conway. Saturday morning I took the train for Myrtle Beach and Edon church. On arriving at the depot I was met by Brother Martin, and he says: "Let's go for they are waiting dinner for you." Now, Mr. Editor, you know this was good news for the hungry traveler, so we went on to the church where I found quite a gathering of people engaged in what they called a Sunday school convention. As I came in, the morning session adjourned for dinner, and then all were ushered out to a shady grove, where I found a large table spread with all manner of good things to eat. The table was placed in a large square and the people were put on the outside, and in the centre was another table loaded down with all that makes a hungry man rejoice, and around this table was a committee appointed by the Sunday school, which was very kind and attentive to those who stood around; and far as I know, everyone ate to their full satisfaction. It was a fine lovely day and every one seemed to enjoy themselves. About one hour passed off with friend meeting friend with happy greetings. Suddenly there was a rap on the door for the afternoon session, which time was spent in the discussion of topics previously arranged for the occasion. We feel that the occasion will do much good. After adjournment the people were taken to the homes of the good folks of Edon and cared for through the night. Sunday morning at 9 o'clock the superintendent of the Sunday school opened his school by calling the list and hearing verses and giving cards to the little ones, after which they gave way for the Sunday school convention, which was opened and conducted by the president, W. M. Martin. A program was then carried out with speeches by the ladies and the little ones, and singing by the choir. At the close of the program it was announced that we would take up a collection for the benefit of the convention and the missionary who was present. Also pastor of Edon church, J. H. Stanley asked the church and convention if they should have any above of the three expenses to give it to him for State missions. While singing the people came forward and laid on the table \$8 52 and \$6 00 being handed over to the missionary for State missions. In addition to this \$4.05 was for the pastor's salary and the balance was turned over to the treasurer of the convention. Thus closed the session of the convention. We must say for Edon church and the convention that they are as kind a people as you will find anywhere. J. H. Stanley.

## Nixonville News.

Rev C P Bullock filled his regular appointment here Saturday and Sunday.

Miss Lucy Vereen of Murrells Inlet who has been spending quite a while with the Misses Vaught returned to her home this week, accompanied by her brother Mr Gordon Vereen.

Mr Johnnie Gore of Little River attended service at this place Sunday.

Mr and Mrs W P Vick of Conway visited the latter's parents here Sunday.

The farmers seem to be very busy through this section at present. Crops are looking very well considering.

There was a measuring party given at the home of Mr and Mrs T J Vaughn last Friday night for the purpose of raising money to purchase an organ for the church at this place. It was attended by a large crowd and quite a sum of money was raised. Ice cream and chocolate was served. Every one seemed to enjoy it very much.

Wishing the readers of the Herald much success.

## Brown Eyes.

The old Todd store near the old court house is being overhauled and fitted inside for an ice house. Ice will be handled by the People's Ice Company, who will put up a factory they tell us, if the demand for ice is sufficient. J D Harby is interested in the enterprise and he has with him some northern friends who will be willing to put some capital into it.

Some of the farmers near town have proved this year that Horry soil will produce as fine cabbage as can be raised in the State. Mr M B Smith have a very fine crop at the old Cooper place. Mayor Smith also raised a fine lot.

T W Carwile was in town several days last week engaged in his business of car inspector.

## LARGEST FLOW IN TOWN

### Murrell has Completed a Good Job.

### 60 GALLONS PER MINUTE.

#### Court House Commission Succeeds in Getting Wonderfully Large Flow of Artesian Water at the New Jail.

The court house commission employed Mr. A. C. Murrell to sink an artesian well at the new jail. The work was completed the first of the week, and he has obtained the largest flow of artesian water ever obtained in the county. When the machinery was taken from the hole, the water came up with such force that it rose to the height of several feet above the top of the casing. A piece of pipe twelve feet high, with a short projecting arm was attached to the well and the water is now flowing with great force at that height making quite a small stream as it flows off into the swamp. The commission hopes to be able to carry the water from this well into a large tank which will be higher than the roof of the new court house, thus affording protection against fire. Murrell has completed a good job for the new buildings, and it is undoubtedly the largest flow of the kind in the county. The well is 300 feet deep, and flows 60 gallons per minute.
